The Art of Contemplation Mary Angelon Young, 2021-04-01 This book was written during the global pandemic of 2020 when the gravity of our situation called us as individuals to sanity and inner strength Sheltering in place or in confinement as some prefer we entered into a fierce and strange new world If we had not actively developed our contemplative side before this the insistent benevolent voice of that inner world so famously avoided in today's society now sounded a clarion call The Art of Contemplation is intended to inspire your own reflections as I explore the timeless treasure house of contemplation the reasons we actually need it and how to work with the blocks that most of us encounter on the way For contemplation is a journey within with no beginning and no end taken from anywhere and everywhere that we find ourselves in life For the theists among us our contemplations will organically lead to prayer just as bud goes to flower and flower goes to seed which drops to the ground to begin another round of creation For the nontheists the inner state of contemplative prayer might be called inner stillness meditation on truth or the practice of pure awareness or even inner yoga as yoga is anything that links us to the Divine It does not matter what we call it What does matter is that we as human beings evolve in a mutual love affair with the Universe from which we are created What matters is praise There is a time to beg for grace to intervene in the sufferings we endure as human beings As we contemplate our own awareness within the mystery of life we begin to expand our generosity as vessels of awareness of awakened consciousness for our own personal transformation and for the benefit of all beings Then our inner yoga takes flight Resting in receptive inner space enables us to rejuvenate and restore to tap intrinsic healing intuitive and creative energies at the level of source water where the river of life flows pristine and we touch the ineffable The Taoists have a beautiful way of expressing it Lao Tzu said Muddy water let stand becomes clear Clarity is one of the many gifts of contemplation and as we build a capacity for the inner journey a sacred world is revealed in the mirror of the soul

Praying for Inner Healing Robert L. Faricy,1979 *The Healing Power of Prayer* Bridget Mary Meehan,2017-05-02 This book offers you the opportunity to experience wholistic healing and a greater awareness of the variety of approaches that can be used in meditation to tap into the God within you and to access your spiritual energy for healing and transformation a clearer understanding of the value of imagination and prayer in the process of inner healing a deeper appreciation of inner healing prayer as a powerful tool in dealing with the problems of anxiety anger rejection stress guilt and loneliness a greater realization of the effectiveness and richness of inner healing meditation as a means to nourish your oneness with all creation in the Heart of God an increased ability to rely on various approaches to prayer as effective sacred practices for health and vitality If we are to appreciate the many different approaches to healing prayer however we must understand the historical and biblical framework of healing in the church Part One offers a historical overview and explains Jesus outlook on healing the Christian Church s teachings about healing and the relationship between healing and

the presence of the Divine in times of suffering It also presents a practical rationale for inner healing prayer and suggests ways to find spiritual transformation in everyday life Part Two presents ten different healing prayer experiences 1 Healing of Memories Prayer inviting the Holy One into a painful memory to break through the past with the power of grace in the present 2 Forgiveness Prayer asking Jesus to accompany you on a journey to give and receive forgiveness and healing in a painful relationship s 3 Journal Prayer using the intuitive powers of the mind to reveal the presence of the Infinite within you 4 Centering Prayer passing beyond thoughts images and feelings to rest in Divine Love 5 Scripture Prayer moving into the details and emotions of a biblical passage to listen to the Holy One speaking personally from within the text 6 Fantasy Prayer guided imagery prayer using the imagination to set the stage for a prayerful encounter with an inclusive God who is beyond all names Creator Holy Wisdom Sacred Mystery Abba Amma Christ and present in every faith tradition and beyond all religions 7 Relaxation Prayer releasing stressful situations relationships to God your Higher Power and discovering the Holy One s abiding indwelling tender presence everywhere 8 Healing Affirmations for Daily Living affirming messages from the Spirit within you 9 Prayer for Healing Families Races Nations Religions and Earth expanding consciousness to fully know that all are one 10 Prayer of the Sufferer encountering Divine Compassion in the midst of pain unanswered questions and puzzling mysteries This book does not advocate a theoretical approach that merely teaches about inner healing prayer and meditation Rather it attempts to integrate a contemporary theological perspective with a creative experiential approach This book is written with the conviction that we learn to pray by praying not by reading or talking about prayer It is also written from the conviction that healing prayer is an attainable life changing power As we experience the abundant love of Divine Presence dwelling within us and energizing us we can rejoice in our identity as a beloved image of God We can celebrate a new freedom that liberates us from bonds that limit our spiritual potential learn to forgive and ask forgiveness with greater courage become more aware of our own growing edges and develop greater compassion for others I hope you will reap rich rewards from this exploration into inner healing prayer and from your experience of the power of grace illuminating your path to the peace that surpasses understanding Philippians 4 7 BRIDGET MARY MEEHAN ARCWP
