Lesbian Studies: Setting an Agenda Tamsin Wilton, 2002-09-11 Neither women's studies nor lesbian and gay studies offers an adequate theoretical or political base for lesbian scholarship Lesbian Studies Setting and Agenda aim to promote lesbian studies as an academic and political approach to both gender and the erotic and to clarify the damaging influence of heterosexism across a range of disciplines Drawing on feminism and queer theory Tamsin Wilton argues that lesbian is a theoretical position which must be widely available in order to challenge the dominance of the heterosexual perspective Engaging with theoretical and political debates the book moves beyond its role of setting an agenda for lesbian studies into a wider role as resource and catalysts for anyone interested in gender and the erotic

Shameless Arlene Stein, 2006-07 Shame a powerful emotion leads individuals to feel vulnerable victimized rejected In *Shameless* noted scholar and writer Arlene Stein explores American culture's attitudes toward shame and sexuality Some say that we live in a world without shame But American culture is a curious mix of the shameless and the shamers a seemingly endless parade of Pamela Andersons and Jerry Falwells strutting their stuff and wagging their fingers With thoughtful analysis and wit *Shameless* analyzes these clashing visions of sexual morality While conservatives have brought back sexual shame by pushing for abstinence only sex education limitations on abortion and prohibitions of gay lesbian civil rights progressives hold out for sexual liberalization and a society beyond the closet As these two Americas compete with one another the future of family life the right to privacy and the very meaning of morality hang in

the balance *Cook and the Carpenter* June Davis Arnold, 2012-01-01 Women's liberation sought to transform every sector of U.S. society: its educational system, culture, language, politics, and importantly, the delivery of social services. To enable this movement, women all over the country began to establish women's centers. In New York City, women from almost every local women's liberation group took over an abandoned building in lower Manhattan on New Year's Eve 1970. They named the building The Fifth Street Women's Building and renovated it to feed, clothe, shelter, and educate women in need. The take over was a huge success, attracting hundreds of activists and community members. Thirteen days later, the New York City Tactical Police stormed the building, expelled the women, and ended the action. The City then tore the building down and built a parking lot on the site. June Arnold was one of the original planners and an active participant in this episode. When she got out of jail, she went home and wrote this novel about what happened, *The Cook and the Carpenter*, which quickly gained fame for its use of a non-gendered language. It remains one of the best representations of the time period that birthed modern feminism and paved the way for lesbian communities.

The Lesbian Revolution Sheila Jeffreys, 2018-09-03 The *Lesbian Revolution* argues that lesbian feminists were a vital force in the Women's Liberation Movement (WLM). They did not just play a fundamental role in the important changes wrought by second-wave feminism but created a powerful revolution in lesbian theory, culture, and practice. Yet this lesbian revolution is undocumented. The book shows that lesbian feminists were founders of feminist institutions such as resources for women survivors of men's violence, including refuges and rape crisis centres, and that they were central to campaigns against this violence. They created a feminist squatting movement, theatre groups, bands, art, and poetry, and conducted campaigns for lesbian rights. They also created a profound and challenging analysis of sexuality, which has disappeared from the historical record. They analysed heterosexuality as a political institution, arguing that lesbianism was a political choice for feminists and indeed a form of resistance in itself. Using interviews with prominent lesbian feminists from the time of the WLM and informed by the author's personal experience, this book aims to challenge the way the work and ideas of lesbian feminists have been eclipsed and to document the lesbian revolution. The book will be of key interest to scholars and students of women's history, the history of feminism, the politics of sexuality, women's studies, gender studies, lesbian and gay studies, queer studies, and cultural studies, as well as to the lay reader interested in the WLM and feminism more generally.

Critical Essays Emmanuel Nelson, 2013-09-13 This pioneering work is the first book to systematically explore the literature of gay and lesbian writers of color in the United States. *Critical Essays* challenges the marginalization and tokenization of gay men and lesbians of color in the dominant academic discourses by focusing exclusively on the imaginative work of representative Native American, Asian American, Latino, and African American gay and lesbian writers. As the first book offering a scholarly assessment of ethnic gay and lesbian writing in the U.S., *Critical Essays* simultaneously defies ethnic and mainstream homophobia as well as straight and gay lesbian racism. This deliberate counter to the dominant white discourse of gay and lesbian literature offers a lively contribution to the debate on the

intersections of race ethnicity gender sexuality and class in American literature A wide range of critical approaches including historical readings cultural analysis and deconstructive criticism is employed to the works of such major literary figures as Audre Lorde James Baldwin John Rechy Paula Gunn Allen and Gloria Anzald a These thought provoking chapters disrupt the complacent notion of a unified gay lesbian community by questioning the presumed similarities of persons who share sexual identity Some of the specific topics explored in Critical Essays include post coloniality and gay lesbian identities emerging Asian American gay and lesbian writers redefining the Harlem Renaissance from gay perspectives contemporary African American gay male performance art relocating the gay Filipino This groundbreaking volume will be of immense interest to undergraduate graduate and advanced scholars in Gay and Lesbian studies Women s studies African American studies Asian American studies Latino a studies and Native American studies It will also serve students and scholars as a valuable introduction to the diversity of authors that comprise twentieth century American literature Feminism and Its Fictions

Lisa Maria Hogeland, 2016-11-11 During the 1970s thousands of American women met regularly in small groups to talk about the injustices they experienced in their private lives and how those personal injustices related to the broad based political oppression of women They called this cultural work consciousness raising Women s and feminist fiction of the 1970s was dominated by a new kind of novel whose content and form were shaped by the practice of consciousness raising Lisa Maria Hogeland contends that consciousness raising novels both reflected and furthered the Women s Liberation Movement s analyses of sexuality gender race and political responsibility and that through their narrative structure the novels actually engaged in consciousness raising with their readers Using a broad range of fiction including works by Erica Jong Marilyn French Marge Piercy Alix Kates Shulman Alison Lurie Joanna Russ and Joan Didion Hogeland explores the ways in which consciousness raising novels addressed some of the most important questions raised by second wave feminism
