Promoting Health Institute of Medicine, Division of Health Promotion and Disease Prevention, Committee on Capitalizing on Social Science and Behavioral Research to Improve the Public's Health, 2000-02-01 At the dawn of the twenty first century Americans enjoyed better overall health than at any other time in the nation's history Rapid advancements in medical technologies breakthroughs in understanding the genetic underpinnings of health and ill health improvements in the effectiveness and variety of pharmaceuticals and other developments in biomedical research have helped develop cures for many illnesses and improve the lives of those with chronic diseases By itself however biomedical research cannot address the most significant challenges to improving public health Approximately half of all causes of mortality in the United States are linked to social and behavioral factors such as smoking diet alcohol use sedentary lifestyle and accidents Yet less than five percent of the money spent annually on U S health care is devoted to reducing the risks of these preventable conditions Behavioral and social interventions offer great promise but as yet their potential has been relatively poorly tapped Promoting Health identifies those promising areas of social science and behavioral research that may address public health needs It includes 12 papers commissioned from some of the nation's leading experts that review these issues in detail and serves to assess whether the knowledge base of social and behavioral interventions has been useful or could be useful in the development of broader public health interventions

Understanding Early Adolescent Self and Identity Thomas M. Brinthaupt, Richard P. Lipka, 2012-02-01 What are the major self and identity concerns for early adolescents What are the applications and interventions that can address those concerns helping to ease the transition into later adolescence and adulthood Providing a broad and interdisciplinary approach to studying the self the contributors emphasize the practical implications of their work for understanding early adolescent self and identity and for designing interventions that facilitate development and adjustment The book consists of four major sections in which contributors address conceptual issues school transitions peer and behavioral problems and intervention programs

Adolescent Psychiatry, V. 27 Lois T. Flaherty, 2013-05-13 Volume 27 of Adolescent Psychiatry focuses on trauma and violence among adolescents and attends especially to the psychological biological and social impact of trauma on its victims especially the young Schonfeld Award papers offer a historical perspective on adolescent violence in America and examine terrorism by looking at the appeal of ideologies that espouse violent revolution to young people Christopher Thomas and his colleagues drawing on their groundbreaking work on youth violence in Galveston Texas add a study that links gang members with serious violent crime A series of papers by the Committee on Adolescence of GAP deals not only with the nature scope and impact of trauma but also

with its implications for mental health training and public policy helpfully supplemented by studies that consider the neurobiological effects of trauma and the cultural and gender based dimensions of trauma The clinical yield of these new perspectives is addressed in chapters on interventions with traumatized adolescents and on the special vulnerability of late adolescents to combat related PTSD Clinical contributions of related interest show how effective interventions can reduce the use of seclusion and restraint with state hospital adolescent populations and provide an up to date understanding of the recognition of and differentiation between early onset schizophrenia and bipolar disorder James Gilfoil discusses the importance of families attitudes toward psychotherapy in the outcome of clinical work with adolescents Saul Levine dissects the various self deceptions and myths among mental health professionals and policymakers that have militated against appropriate therapeutic care for adolescents And Volume 27 concludes with an ASAP Position Paper that provides further discussion of the role of societal attitudes about youth in both the perpetuation of violence and the lack of appropriate interventions

Prevention Programs Joseph E. Zins,Maurice J. Elias,Mark T. Greenberg,Marsha Kline Pruett,2013-12-16 This is Volume 11 Issue 1 2000 of Journal of Educational and Psychological Consultation and this special issue journal looks at the implementation of prevention programs This special issue represents several years of joint efforts between the Collaborative to Advance Social and Emotional Learning CASEL and the Society for Community Research and Action SCRA of the American Psychological Association It includes articles on supporting prevention as an integral aspect of school improvement discussion of a theory of change approach issues related to program diffusion that those working in rural communities face problems that may be associated with full service schools and integrated service delivery systems ideas that can guide consultants in implementing programs in partnership with other stakeholders and concludes with an article of implementing and evaluating prevention programs Resources in Education ,1999-04 **Developmental Assets and Asset-Building**

Communities Richard M. Lerner,Peter L. Benson,2012-12-06 Developmental Assets and Asset Building Communities examines the relationships of developmental assets to other approaches and bodies of work It raises challenges about the asset building approach and offers recommendations for how this approach can be strengthened and broadened in impact and research In doing so this book extends the scholarly base for the understanding of the character and scope of the systemic relation between young people s healthy development and the nature of developmentally attentive communities The chapters in this volume present evidence that asset building communities both promote and are promoted by positive youth development a bi directional systemic linkage that consistent with developmental systems theory further civil society by building relationship and intergenerational places within a community that are united in attending to the developmental needs of children and adolescents Community Programs to Promote Youth Development Institute of Medicine,National Research Council,Division of Behavioral and Social Sciences and Education,Board on Children, Youth, and Families,Committee on Community-Level Programs for Youth,2002-02-12 After school programs scout groups community service activities religious youth groups and other community based activities have long been thought to play a key role in the lives of adolescents But what do we know about the role of such programs for today s adolescents How can we ensure

that programs are designed to successfully meet young people's developmental needs and help them become healthy, happy and productive adults. *Community Programs to Promote Youth Development* explores these questions focusing on essential elements of adolescent well-being and healthy development. It offers recommendations for policy, practice and research to ensure that programs are well designed to meet young people's developmental needs. The book also discusses the features of programs that can contribute to a successful transition from adolescence to adulthood. It examines what we know about the current landscape of youth development programs for America's youth as well as how these programs are meeting their diverse needs. Recognizing the importance of adolescence as a period of transition to adulthood, *Community Programs to Promote Youth Development* offers authoritative guidance to policy makers, practitioners, researchers and other key stakeholders on the role of youth development programs to promote the healthy development and well-being of the nation's youth.

Youth Cultures in America Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today? This encyclopedia examines the facets of youth cultures and brings them to the forefront. Although issues of youth culture are frequently cited in classrooms and public forums, most encyclopedias of childhood and youth are devoted to history, human development and society. A limitation on the reference bookshelf is the restriction of youth to pre-adolescence, although issues of youth continue into young adulthood. This encyclopedia addresses an academic audience of professors and students in childhood studies, American studies and culture studies. The authors span disciplines of psychology, sociology, anthropology, history and folklore. *The Encyclopedia of Youth Cultures in America* addresses a need for historical, social and cultural information on a wide array of youth groups. Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults. Widespread reports of bullying, school violence, dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems.

Trends in Youth Development Peter L. Benson, Karen Johnson Pittman, 2012-12-06 MOVING THE YOUTH DEVELOPMENT MESSAGE: TURNING A VAGUE IDEA INTO A MORAL IMPERATIVE Peter L. Benson and Karen Pittman THE CONTAGION OF AN IDEA In the past fifteen years, countless programs, agencies, funding initiatives, professionals and volunteers have embraced the term youth development. Linked more by shared passion than by formal membership or credentials, these people and places have contributed to a wave of energy and activity not unlike that of a social movement with a multitude of people on the ground connecting to a set of ideas that give sustenance, support and value to increasingly innovative efforts to build competent, successful and healthy youth. There are several particularly interesting dimensions to this movement. First, the youth development idea has the potential to draw people and organizations together across many sectors. Conferences and initiatives using youth development language attract increasingly eclectic audiences, bringing together national youth organizations, schools, city, county and state agencies, police and juvenile justice workers, clergy and

committed citizens Perhaps embedded in the youth development idea is a philosophy or a way that has created an intellectual and or spiritual home for actors across many settings However this happens it is clear that one of the powerful social consequences of the youth development idea is a connecting of the dots the weaving within and across city county state and of a tapestry of new relationships

Rethinking Professional Issues in Special Education James L. Paul, Carolyn D. Lavelly, Ann Cranston-Gingras, Ella L. Taylor, 2002-07-30

Special educators are facing new challenges at the beginning of the 21st century as public education is being reformed by a vision focusing on measurable student outcomes The future course of the field will be shaped by the policy and programmatic responses to several issues including demographic changes in student populations a lack of certified special education teachers criticism in the public media for the rising costs of services and debates about the preferred philosophy of service delivery for students with disabilities Additional chapters discuss university school collaboration charter schools disability studies school violence disproportionality in placement male African American teachers and ethics This book has been written out of a context of research and program development activities with public schools over the past decade in one of the largest Colleges of Education in a diverse metropolitan area in the country The issues selected for analysis and the perspective guiding those analyses grew out of this work and out of a national Delphi study of the views of parents and constituent organizations and leading researchers teacher educators and policy makers in Special Education
