Safety At The Pool Growing Up Safe 24:

Canadiana ,1990-04 **Grow Up!** Everett Piper,2021-04-13 Arrested Development It s not your imagination Millions of young adults today behave like children Stuck in a permanent adolescence they throw temper tantrums when they don t get what they want blame everyone but themselves for their failures and refuse to take responsibility for their lives We used to write off their behavior as a phase But that phase doesn t look like it s ending anytime soon And these grown children are pouring out of the glorified day care known as college and entering the corporate world full of infantile demands and expectations A former university president Dr Everett Piper knows a thing or two about the ideas that motivate today s youth Having experienced the snowflake mob s rage himself he understands the threat that these young people pose to the rest of society Grow Up is his contrarian blueprint for a successful adult life With bracing candor Dr Piper shares How ideologues disguised as teachers arrested the development of entire generations The dangerous ideas in which popular culture and the education system marinate young people for years Simple lessons for becoming a thinking mature citizen The qualities that made this country great and how to reclaim them Filled with wisdom and learning Grow Up is the antidote to the poison that we consume every day a powerful corrective that shows readers how to live in truth and freedom *Keeping America's Children Safe* United States. Freedomland Annemarie H. Sammartino, 2022-04-15 In Freedomland Annemarie H Sammartino tells Co op City s story from the perspectives of those who built it and of the ordinary people who made their homes in this monument to imperfect liberal ideals of economic and social justice Located on the grounds of the former Freedomland amusement park on the northeastern edge of the Bronx Co op City s 35 towers and 236 townhouses have been home to hundreds of thousands of New Yorkers and is an icon visible to all traveling on the east coast corridor In 1965 Co op City was planned as the largest middle class housing development in the United States It was intended as a solution to the problem of affordable housing in America s largest city While Co op City first appeared to be a huge success story for integrated middle class housing tensions would lead its residents to organize the largest rent strike in American history In 1975 a coalition of shareholders took on New York State and against all odds secured resident control Much to the dismay of many denizens of the complex even this achievement did not halt either rising costs or white flight Nevertheless after the challenges of the 1970s and 1980s the cooperative achieved a hard won stability as the twentieth century came to a close Freedomland chronicles the tumultuous first quarter century of Co op City s existence Sammartino s narrative connects planning economic and political history and the history of race in America The result is a new perspective on twentieth century New York City
