a new land and by the internal hazards of loneliness and pride He escapes to freedom and finds destruction He finally meets his death in his last refuge on the top of an unscalable island near the northern tip of Iceland Grettir s Saga has several themes One of them is the conflict between the Christian world and the survival of the pagan world as sorcery or heroic pride the other is the conflict between man s desire for individual freedom and the restrictive bond imposed by society This translation is the first into English since 1914 it is based on a more accurate Icelandic text than the earlier translations and unlike them is unexpurgated and in unarchaic English The saga has an especial modern relevance a recent translation into Czech reached the top of the best seller list The present volume includes genealogies a study of the legal system and a critical assessment of the work transactions of the philological society ,1865 *Древнейшие государства Восточной Европы. 2016 год.
