Sailor In The White House The Seafaring Life Of Fdr:

Sailor in the White House Robert Cross, 2014-01-15 This behind the scenes look at Franklin D Roosevelt s extraordinary skill as a blue water sailor explores how FDR s love of the sea shaped his approach to public service and even influenced the course of events in World War II Family and friends Secret Service agents and others reveal never before told stories of their days afloat with America s greatest seafaring president including how he escaped injury when fire broke out aboard his small schooner how ships were modified to accommodate his disability and details of his wartime ocean rendezvous with Winston Churchill Sailing pals discuss his abilities as a skipper along with his enjoyment of an evening cocktail at sea during the days of Prohibition Letters and other documents illustrate how the sea was never far from Roosevelt s thoughts Robert Cross examines Roosevelt s great affection for the sea in the context of an era dominated by the Great Depression and two world wars While some criticized Roosevelt for taking too many seagoing trips he logged hundreds of thousands of miles at sea and was sometimes out of touch with the White House and the Secret Service for hours FDR was quick to explain that his lengthy voyages allowed him to personally assess the world situation instead of relying solely upon White House briefing books The author argues that the skills required to be a good sailor have much in common with those needed to be a successful politician the ability to alter courses make compromises and shift positions as the situation warrants Cross describes FDR as a master at dealing with the unexpected allowing him to excel in the Navy Department the governor s mansion and the White House as well as the open sea From luxury ocean liners and presidential yachts to submarines and kayaks this book lists all of the vessels on which FDR sailed and includes some never before published photographs

making merry Franklin Delano Roosevelt was stricken by polio and withdrew from public life From 1924 to 1926 believing that warm water and warm air would help him walk again he spent the winter months on his new houseboat the Larooco sailing the Florida Keys fishing swimming playing Parcheesi entertaining guests and tending to engine mishaps During his time on the boat he kept a nautical log describing each day s events including rare visits by his wife Eleanor who was busy carving out her own place in the world Missy LeHand his personal assistant served as hostess aboard the Larooco While FDR was sailing the Keys the larger world was glittering Chaplin Gershwin Hemingway Fitzgerald Bessie Smith Louis Armstrong Gertrude Stein Frida Kahlo Martha Graham all were flourishing in the Roaring Twenties but so were Stalin Al Capone and Hitler The world went on as Roosevelt fished for mangrove snapper and drank martinis Karen Chase presents FDR s log entries interspersed with photographs from the tumultuous outer world to form a kind of timeline between two arenas one man s small private life full of struggle and fun juxtaposed with the large public sphere Chase gives us a side of FDR seldom seen before revealing his wit his penchant for practical jokes and his zest for each day s ordinary concerns in the context of his painful struggle to regain the use of his legs The book also includes a facsimile of the original Larooco log For many decades FDR s log was virtually unknown to the public appearing only once in 1949 in his son Elliott s four volume collection of Roosevelt s personal letters What a good idea The little known record of one of the least understood periods in the life of Franklin Roosevelt filled with all the grit and gallantry and good humor with which he faced the disease that would have defeated a less resilient man Geoffrey C Ward coauthor with Ken Burns of *The Roosevelts An Intimate History* and author of *A First Class Temperament The Emergence of Franklin Roosevelt 1905-1928* The Larooco Log is a wonderfully powerful chronicle of perhaps the most difficult period in FDR s personal life the aftermath of the onset of his bout with polio and his enduring struggle to find remedy In his own words the log demonstrates his wit and charm his embrace of life and friends his frustrations with his slow progress toward restoration of his legs and the pain he endures on an almost daily basis With personal understanding and feeling Karen Chase has performed a masterful edit of this revealing journal A fantastic read David B Roosevelt FDR s grandson Karen Chase has put together an absolutely fascinating edition of the log describing Franklin Roosevelt s winter cruises along the Florida coast in 1924-26 Wonderfully illustrated and edited this is a book that will appeal to historians FDR aficionados Floridians fishermen and boaters of all kinds Highly recommended Nathaniel Philbrick author of *In the Heart of the Sea The Tragedy of the Whaleship Essex* and *Valiant Ambition* 1932 David Pietrusza, 2015-10-20 Two Depression battered nations confronted destiny in 1932 going to the polls in their own way to anoint new leaders to rescue their people from starvation and hopelessness America would elect a Congress and a president ebullient aristocrat Franklin Roosevelt or tarnished Wonder Boy Herbert Hoover Decadent divided Weimar Germany faced two rounds of bloody Reichstag elections and two presidential contests doddering reactionary Paul von Hindenburg against rising radical hate monger Adolf Hitler The outcome seemed foreordained unstoppable forces advancing upon crumbled

Shepherds of the Sea Robert F Cross, 2010-05-15 This compelling tale of courage heroism and terror is told in the words of ninety one sailors and officers interviewed by the author about their World War II service aboard fifty six destroyer escorts They reveal many never before told details of life at sea during wartime and along with information found in secretly kept war diaries and previously unpublished personal photographs add important dimensions to the official record Unseasoned teenage recruits when they first went to sea these sailors were led by inexperienced college boys more accustomed to yachts than warships Their ships were untested vessels designed by a man with no formal training in ship design and which many viewed as a waste of money Yet as Cross points out these men are credited with helping turn the tide of the war in the Atlantic as they singlehandedly sank some seventy U boats and captured U 505 the only German submarine taken during the war and the first enemy vessel captured by Americans at sea since the War of 1812 In the Pacific the destroyer escorts fought in every major battle side by side with Allied battleships and destroyers But this story is not just about battles It is also about American genius hard work honor and growing up in the Great Depression The author provides eyewitness details about the historic first step taken to end racial discrimination in the military as African Americans stepped aboard the destroyer escort USS Mason as full fledged sailors for the first time and earned a Navy commendation of heroism in the Battle of the Atlantic presented to the surviving crewmen fifty one years later Readers also learn about an ingenious invention when a sailor breaks his silence about a secret weapon tested aboard his

Douglas Keeney, 2015-03-31 In late November 1943 President Franklin Delano Roosevelt and his Joint Chiefs of Staff secretly boarded the battleship USS Iowa to attend a conference in Tehran with British Prime Minister Winston Churchill and Soviet Union leader Joseph Stalin where the Allies would come to an agreement on a war plan to defeat Germany Although Roosevelt's preparation at sea established the groundwork for the American position on D Day it was in the heated and electrifying debates that followed in Tehran and

only through those intense debates that a deal was ultimately struck In *The Eleventh Hour* critically acclaimed author L Douglas Keeney explores FDR s covert conferences on the battleship and provides stunning insight into the formerly secret behind the scenes transcripts from the meetings in Tehran Brilliantly chronicling the three days of aggressive debates between the heads of state Keeney demonstrates that Tehran although remembered as a diplomatic conference with a well known outcome was in reality chaotic conflicted and subject to numerous heated closed door sessions with a petulant irritable Churchill a strikingly reserved detached Roosevelt and an assertive but unexpectedly diplomatic and even charming Stalin winning over his guest President Roosevelt whose quarters were bugged by the Soviets Seamlessly stitching together the private papers diaries meeting notes and letters home of those on board *The Eleventh Hour* narrates declassified transcripts exposes surprising secrets and illuminates how the debates of three men would ultimately end WWII *Neptune* Craig L. Symonds, 2014-04-10 Seventy years ago more than six thousand Allied ships carried more than a million soldiers across the English Channel to a fifty mile wide strip of the Normandy coast in German occupied France It was the greatest sea borne assault in human history The code names given to the beaches where the ships landed the soldiers have become immortal Gold Juno Sword Utah and especially Omaha the scene of almost unimaginable human tragedy The sea of crosses in the cemetery sitting today atop a bluff overlooking the beaches recalls to us its cost Most accounts of this epic story begin with the landings on the morning of June 6 1944 In fact however D Day was the culmination of months and years of planning and intense debate In the dark days after the evacuation of Dunkirk in the summer of 1940 British officials and soon enough their American counterparts began to consider how and where and especially when they could re enter the European Continent in force The Americans led by U S Army Chief of Staff General George C Marshall wanted to invade as soon as possible the British personified by their redoubtable prime minister Winston Churchill were convinced that a premature landing would be disastrous The often sharp negotiations between the English speaking allies led them first to North Africa then into Sicily then Italy Only in the spring of 1943 did the Combined Chiefs of Staff commit themselves to an invasion of northern France The code name for this invasion was Overlord but everything that came before including the landings themselves and the supply system that made it possible for the invaders to stay there was code named *Neptune* Craig L Symonds now offers the complete story of this Olympian effort involving transports escorts gunfire support ships and landing craft of every possible size and function The obstacles to success were many In addition to divergent strategic views and cultural frictions the Anglo Americans had to overcome German U boats Russian impatience fierce competition for insufficient shipping training disasters and a thousand other impediments including logistical bottlenecks and disinformation schemes Symonds includes vivid portraits of the key decision makers from Franklin Roosevelt and Churchill to Marshall Dwight Eisenhower and Admiral Sir Bertram Ramsay who commanded the naval element of the invasion Indeed the critical role of the naval forces British and American Coast Guard and Navy is central throughout In the end as Symonds shows in

this gripping account of D Day success depended mostly on the men themselves the junior officers and enlisted men who drove the landing craft cleared the mines seized the beaches and assailed the bluffs behind them securing the foothold for the eventual campaign to Berlin and the end of the most terrible war in human history
