Emmett,2019-03-05 Olympic gold medallist and multiple world champion Paul Goodison explains why this book is important if you want to win races He says To win sailboat races you need to sail the boat fast This comes down to hours on the water training and tuning there are few shortcuts to hours of practising on the water To consistently win races you need to sail fast and smart making the right decisions to sail the best course If you are not the fastest boat you are still able to win races and regattas by managing risk and sailing smart This is where good tactics come in But unlike boatspeed tactics may be learnt by

thinking about each leg of the course and different situations from the comfort of your own home Jon Emmett's new book *Tactics Made Simple* is a great tool to help fast track this learning This book explains simply through hundreds of diagrams what tactics can be applied around the race track Individual boats in each scenario are given names so that you can easily understand what they are doing Individual chapters take you around the race course from before you get on the water through the pre start start different legs and manoeuvres Each section contains detailed advice for the beginner intermediate and advanced sailor so you can just look at the level of tactics relevant to you Ideal for dinghy sailors there is also a wealth of advice that will benefit yachtsmen This is a practical way to improve your racing results whether starting out moving up the club circuit or competing at national level and beyond Originally published by Wiley Nautical as *Be Your Own Tactics Coach*
