## **Saint Athanasius Of Alexandria Original Research And New Perspectives:**

**Saint Athanasius of Alexandria** George Dion Dragas, 2005 St Cyril of Alexandria St Athanasius great successor tells us Our Father Athanasius of hallowed memory who adorned the throne of the Church of Alexandria for the whole of forty six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume and all bear witness to the accuracy and piety of his teaching was a man worthy of trust and deserving a confidence since he did not say anything not in agreement with Holy Scripture The present volume consists of a collection of essays which represent original research into the writings of St Athanasius Patriarch of Alexandria 295 373 These essays respond to challenges arising out of the contemporary scholarly studies of St Athanasius theology and writings The new perspectives in Athanasian studies which these essays offer are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations

but who is searching for the authentically true teachings of Christianity Hatzidakis draws richly from the patristic inheritance of East and West in an original refreshing and accessible way He refutes opinions formed by many eminent postlapsarian theologians This pivotal study is the first to address this topic from an Eastern Orthodox perspective and in this regard it constitutes an important contribution to Christology A well researched study it sheds light from an Eastern Orthodox perspective on this intriguing and crucial topic It maintains that the subject of Christ s humanity and its understanding is neither a theologoumenon nor an abstract intellectual cogitation but a matter of profound soteriological and anthropological import

Christ's Humanity in Current and Ancient Controversy: Fallen or Not? E. Jerome Van Kuiken, 2017-07-13 Was Christ's human nature fallen even sinful From the 18th century to the present this view has become increasingly prominent in Reformed theological circles and beyond despite vigorous opposition Both sides on the issue see it as vital for understanding the nature of salvation Each side's advocates appeal to or critique the Church Fathers This book reviews the history and present state of the debate then surveys the connections distinctions and patristic interpretations of five of the modern fallenness view's proponents Edward Irving Karl Barth T F Torrance Colin Gunton and Thomas Weinandy and five of its opponents Marcus Dods the Elder A B Bruce H R Mackintosh Philip Hughes and Donald Macleod The book verifies the views of the ten most cited Fathers five Greek Irenaeus Athanasius Gregory Nazianzen Gregory Nyssen and Cyril of Alexandria and five Latin Tertullian Hilary of Poitiers Ambrose Augustine and Leo the Great The study concludes by sketching the implications of its findings for the doctrines of the Immaculate Conception sin sanctification and Scripture

**T. F. Torrance and Eastern Orthodoxy** Matthew Baker, Todd H. Speidell, 2015-11-05 A properly ecumenical theology T F Torrance believed points the church to Christ as the only source and reality of its own unity Its only hope for unity must be discovered in him and unveiled to the church rather than pieced together and manufactured through ecumenical slogans and well meaning intentions Acting on this belief Torrance initiated an international dialogue of Reformed and Orthodox Churches which culminated when the World Alliance of Reformed Churches and the Orthodox Church issued a groundbreaking joint statement of agreement concerning the Trinity in 1991 a move beyond the filioque controversy that has divided East and West for a millennium The current volume on T F Torrance and Eastern Orthodoxy continues the theological and ecclesial work of the reintegration of Western and Eastern traditions on a classical patristic foundation

Keating, 2017-11-01 Thomas G Weinandy OFM Cap and Daniel A Keating introduce readers to one the key thinkers of the fourth century and the chief architect of Christian doctrine Athanasius The authors carefully illuminate Athanasius's crucial text Against the Arians unfolding the Trinitarian and incarnation framework of Athanasius's paramount concern soteriology and providing in the

*Of God and Man* M. C. Steenberg, 2009-01-01 Scholarship in early Christianity has long focused on themes of theological doctrine on the one hand and anthropology on the other Doctrinal study has generally concentrated on the rise of Trinitarian language and Christological questions while anthropological studies explore early perceptions of human nature sin and redemption This has produced standard chronologies of doctrine dividing early Christian history into distinct if interrelated periods of history in the development of these views Building on current scholarship this volume reassesses such an approach to early patristic study through a sustained investigation of anthropology and theology as a single project in the fathers Taking Irenaeus of Lyons Tertullian of Carthage Cyril of Jerusalem and Athanasius of Alexandria as chief examples of the period it explores how concentration on the human provides the context and lens through which doctrinal questions are articulated Assessing theology as anthropology as the approach to doctrines of God through understandings of the human creative insight is gleaned into refined developments of trinitarian thought far earlier than Nicaea and advanced reflections on the divinity of the Holy Spirit long before Constantinople The nature of humanity as in the image of God takes on a fresh potency when it is approached not only as a window on the human but the means by which the human reveals the nature of God

*Trinity and Incarnation* Steven Nemes, 2023-08-28 This book argues that the doctrine of God taken for granted in the catholic tradition divine transcendence creatio ex nihilo divine simplicity makes it impossible to give an intelligible and coherent interpretation of the verbal formulas of the catholic dogmas of Trinity and incarnation By way of response to this apparent incoherence at the heart of the catholic theological tradition it proposes an alternative post catholic take on these central doctrines in the light of a qualified monistic conception of God and a Spirit Christological interpretation of Jesus's relation to God the Father as presented in the New Testament

*T&T Clark Companion to Atonement* Adam J. Johnson, 2017-07-27 The T T Clark Companion to Atonement establishes a vision for the doctrine of the atonement as a unified yet extraordinarily rich event calling for the church's full appropriation Most edited volumes on this doctrine focus on one aspect of the work of Christ for example Girard Feminist thought Penal Substitution or divine violence The Companion is unique in that every essay seeks to both appropriate and stimulate the church's understanding of the manifold nature of Christ's death and resurrection The essays are divided into four main sections 1 dogmatic location 2 chapters on the Old and New Testaments 3 major theologians and 4 contemporary developments The first set of essays explore the inter relationship between the atonement and other Christian doctrines for example Trinity Christology and Pneumatology opening up yet further avenues of inquiry Essays on key theologians eschew reductionism striving to bring out the nuances and breadth of the contribution The same is true of the biblical essays The final section explores more recent developments within the doctrine for example the work of Rene Girard and the ongoing reflection on

Holy Saturday The book is comprised of 18 major essays and an A Z section containing shorter dictionary length entries on a much broader range of topics The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the doctrine
