The Divisions of French Catholicism, 1629-1645 Anthony D. Wright, 2016-03-23 For much of the sixteenth century France was wracked with religious strife as the Wars of Religion pitted Catholic against Protestant Whilst the conversion of Henri IV to Catholicism ended much of the conflict the ensuing peace highlighted the fractious nature of French Catholicism and the many competing threads that ran through it This book investigates the gradual division of the French Catholic reform movement often associated with those known as the devots during the first half of the seventeenth century Such division it is argued was emerging before the publication in France 1641 of the posthumous Augustinus of Jansenius not simply as a sequel to that Those who were already distinguishing themselves from other devots before that date were thus not yet identifiable as Jansenists Rather the initial defining sentiment was increasing French hostility towards Jesuit involvement in Catholic Reform both at home and abroad Drawing on sources from the Jesuit archives in Rome and on Port Royal material in Paris the book begins with an investigation into the development of Catholic Reform in France showing the problems that emerged before 1629 and the degree to which these were or were not resolved The second half of the book contrasts the fragmentation of the movement in the years beyond 1629 and the context of Richelieu's new directions in French foreign policy Covering a crucial period in the lead up to the establishment of an absolute monarchy in France this book provides a rich new explanation of the development of French political and ecclesiastical history It will be of interest not only to those studying the early modern period but to anyone wishing to understand the roots of French secular society

The Vincentians: A General History of the Congregation of the Mission Luigi Mezzadri, CM, José María Román, CM, 2009 Their mission was humble and simple to reach the poor country people who suffered from ignorance of their faith a debased clergy and poverty In response Vincent De Paul defined the vocation of his Little Company as preaching local missions for free educating the clergy and working to relieve the people s poverty Soon however this vocation was complicated by commands to minister to royal families including Louis xiv of France and the kings and queens of Poland which would embroil the Vincentians in international and ecclesiastical politics In addition they would begin dangerous foreign missions such as ministering to the Christian captives of the Barbary pirates the debased colonists and rebellious natives of Madagascar and the vendetta prone Corsicans For the first time modern readers have a thoroughly researched history based on original documents and the studies of numerous scholars past and present It portrays the Vincentians daily lives and describes their failings as well as their exalted acts of heroism It also details the social and political milieus that conditioned their lives and work It is an important down to earth side of history not often told

Rome and the Counter-Reformation in Scandinavia: The Age of Gustavus Adolphus and Queen Christina of Sweden, 1622-1656 Oskar Garstein, 2022-10-24 The author tries to trace the complex processes that combined to form the policies of the Roman Curia in cooperation with Propaganda the Jesuit Fathers and at times with the Great Catholic Powers vis vis

Scandinavia during the reigns of Christian IV of Denmark and Norway and most especially of the warrior king Gustavus Adolphus of Sweden and of his daughter Queen Christina On the basis of the original authentic documents in deposits all over Europe though most especially in the Vatican Propaganda and Jesuit archives the author attempts to unfold the clandestine work of the Counter Reformation orchestrated from Rome during the Thirty Years War Moreover he provides a partly new study of the motives that brought about the reconciliation with Rome of Queen Christina of Sweden *Minding the Spirit* Elizabeth A.
