Saint Augustine:

The Rule of Saint Augustine Augustine, 1986-02-21 The oldest monastic Rule in the West A giant of the faith St Augustine is well known as the restless searcher for truth His life and the Rule he formulated have had enduring influence on the Christian ideal of the religious life This is a new modern English translation of the Rule from the original critical Latin text An extensive Commentary elucidates its meaning and its relevance to those who follow or study it today Augustine's concise spiritual directions based heavily on the Scriptures cover such subjects as prayer love and community mutual responsibility service authority and obedience He outlines the basics for exercising genuine love the goal of all things indeed life itself This brief but classic guide is as inspiring and applicable to the twentieth century as it was to Augustine's early followers It clearly reflects his own vision and spiritual depth As Van Bavel observes in his Introduction We could characterize the Rule of Augustine as a call to the evangelical equality of all people It voices the Christian demand to bring all men and women into full community The Rule of St Augustine is indeed a Rule for all Christians religious and laity alike *Saint Augustin* Louis Bertrand, 2021-08-08

Letters of Saint Augustin Saint Augustine of Hippo, Aeterna Press, I Would not presume even in playful discussion to attack the philosophers of the Academy for when could the authority of such eminent men fail to move me did I not believe their views to be widely different from those commonly ascribed to them Instead of confuting them which is beyond my power I have rather imitated them to the best of my ability For it seems to me to have been suitable enough to the times in which they flourished that whatever issued pure from the fountainhead of Platonic philosophy should be rather conducted into dark and thorny thickets for the refreshment of a very few men than left to flow in open meadow land where it would be impossible to keep it clear and pure from the inroads of the vulgar herd Aeterna Press *Saint Augustin* Louis Bertrand, 1914

tiresome prolixity which attaches to the remembrance of all the writers of Port Royal save Pascal has that affected too the work of Augustin enlisted in spite of himself in the ranks of these pious schismatics And yet if there have ever been any beings who do not resemble Augustin and whom probably he would have attacked with all his eloquence and all the force of his dialectic they are the Jansenists Doubtless he would have said with contempt The party of Jansen even as in his own day with his devotion to Catholic unity he said The party of Donatus
