Saint Augustines Conversion:

You Converted Me Saint Augustine (of Hippo), 2006 Augustine's Confessions has never been as accessible or relevant to young adult readers than it is now. This modern day translation includes an Introduction and over 70 annotations to aid young adults in approaching this spiritual classic for the first time.

The Confessions of St. Augustine Saint Augustine of Hippo, 2011-11-01 Writing in the latter half of the 4th century St Augustine provides the reader with an intimate view into his own troubled past conversion and understanding of human nature and the Trinity. It is difficult to overestimate the significance of The Confessions of St Augustine. Perhaps the first example of an autobiography in the Western world, Saint Augustine's analysis and account of his own life has had an immeasurable influence on Western literature, Christian theology, and our understanding of life and society in the Middle Ages and today.

Images of Conversion in St. Augustine's Confessions Robert J. O'Connell, 1996. Unsurprisingly, conversion imagery also provokes a fresh estimate of the sexual component in Augustine's religious biography, but the sexual aspect is balanced by Augustine's insistent stress on the vanity of his worldly ambitions.

This sensitive and imaginative study explores the phenomenon of conversion in three major religious autobiographies the Confessions of Saint Augustine Grace Abounding by John Bunyan and Thomas Merton s The Seven Storey Mountain These three religious figures could hardly be more different and yet as Hawkins shows their conversion narratives are remarkably similar in patterns of theme figure and action This archetypal approach is particularly appropriate to spiritual autobiography which is less concerned with self than with soul and which seeks to relate the individual to a divine reality that is universal and timeless Hawkins approach to these texts is sophisticated yet free of jargon and doctrinaire psychologizing Here archetypal analysis becomes not an end in itself but also a means to investigate the complexity of the individual text Hawkins archetypal analysis serves not only to discern continuities but also to explore cultural ideological and psychological variations Adapting William James s distinction between crisis and lysis conversion Hawkins shows that the conversion paradigm central to each autobiography determines its religious meaning its formal structure and its archetypal emphases The author approaches the phenomena of conversion with a blend of critical detachment and imaginative sympathy She is always careful to honor the authenticity of religious experience and for this reason her commentary succeeds in illuminating it The result is an interdisciplinary study that will appeal to the psychologist and literary critic as well as the student of religion But these narratives of conversion offer paradigms that apply to any deeply significant change for they are of interest and concern to all readers seeking to find meaning in their lives Hawkins makes us feel both the immediacy and the permanence of these texts for What is human in them speaks to what is human in us **The Confessions of St. Augustine** Augustine,2008-04-01 Confessions is one of the most moving diaries ever recorded of a man s journey to the fountain of God s grace Writing as a sinner not a saint Augustine shares his innermost thoughts and conversion experiences and wrestles with the spiritual questions that have stirred the hearts of the thoughtful since time began Starting with his childhood in Numidia through his youth and early adulthood in Carthage Rome and Milan readers will see Augustine as a human being a fellow traveler on the road to salvation Though staggering around potholes and roadblocks all will find strength in Augustine s message when the road gets rough look to God Previously released in 1977 this book invites readers to join Augustine in his quest that led him to be one of the most influential Christian thinkers in the history of the church *The Confessions of Saint Augustine* Peacock Books,Saint Augustine,2020-08-27 One of the most influential religious books in the Christian tradition recalls crucial events in the author s life his mid 4th century origins in rural Algeria the rise to a lavish lifestyle at the imperial court in Milan his struggle with sexual desires eventual renunciation of secular ambitions and marriage and recovery of his Catholic faith In his own day the dominant personality of the Western Church Augustine of Hippo today stands as perhaps the greatest thinker of Christian antiquity and his Confessions is one of the great works of Western

literature In this intensely personal narrative Augustine relates his rare ascent from a humble Algerian farm to the edge of the corridors of power at the imperial court in Milan his struggle against the domination of his sexual nature his renunciation of secular ambition and marriage and the recovery of the faith his mother Monica had taught him during his childhood Now Henry Chadwick an eminent scholar of early Christianity has given us the first new English translation in thirty years of this classic spiritual journey Chadwick renders the details of Augustine's conversion in clear modern English We witness the future saint's fascination with astrology and with the Manichees and then follow him through scepticism and disillusion with pagan myths until he finally reaches Christian faith There are brilliant philosophical musings about Platonism and the nature of God and touching portraits of Augustine's beloved mother of St Ambrose of Milan and of other early Christians like Victorinus who gave up a distinguished career as a rhetorician to adopt the orthodox faith Augustine's concerns are often strikingly contemporary yet his work contains many references and allusions that are easily understood only with background information about the ancient social and intellectual setting To make *The Confessions* accessible to contemporary readers Chadwick provides the most complete and informative notes of any recent translation and includes an introduction to establish the context The religious and philosophical value of *The Confessions* is unquestionable now modern readers will have easier access to St Augustine's deeply personal meditations Chadwick's lucid translation and helpful introduction clear the way for a new experience of this classic
