After the so called golden age of postcards the fancy and patriotic cards previously produced in large volume began to be replaced by others with more realistic timely themes Photographic postcards became the fashion as people became enamored with their ability to capture images of local events In Saint John local photographers began producing photographic postcards of parades sporting events and royal visits Saint John More Postcard Memories focuses on the years from 1915 to 1950 taking the reader through the city's history as it developed after the golden age Over 200 images contained in this book show the full variety and experience of life in Saint John we observe everything from playground scenes to parades and from formal dedications to times of war These richly varied postcards will stimulate the memories of some of the city's senior citizens and will give younger residents a glimpse of times gone by *Acadiensis*, 1999 **More Hometown Memories of Grinnell, Iowa** Dave Adkins, 2013-03-18 As a student of local history I find Dave's stories of old Grinnell very fascinating We who lived in this era of the 40s 50s and 60s have some interesting things to share with others about our town and its people His broad knowledge continues to amaze me How he remembers so much from 50 70 years ago and is able to record it for the rest of us to enjoy is wonderful If he wants to expand on a topic of which he is unfamiliar he knows the right person to contact Yes he lives in Texas but he contacts friends all over to help expand on his topics Dave's knowledge and expertise in basketball continued from his first book *A Journey in Overseas Basketball* written in 1997 through the first edition of *Home Town Memories of Grinnell Iowa* in 2012 and now into the sequel of *More Hometown Memories of Grinnell Iowa* *Moments and Memories* James G. Devine, 2014-02-10 Some people might think this is strange writing a book about someone who has passed away Well that's just a matter of opinion After all if we believe if we really believe then there is no need to worry because the essence of the individual concerned is still present just not to the human eye I believe and so this book is for you dad Although you have been gone for so many years I still think of you At this point in my life I wish I had discovered my interest in writing and had composed something like this when you were here with me Now there are only memories but even those are precious and my eyes begin to water thinking of you The fact that I am the middle and only living son in a small family I chose to remember my father who passed away in 1981 in a special way So after seven years of research and careful thought I brought this book about my father to life a unique man who definitely experienced a wonderful life I hope you enjoy the story of our trip to Ireland and the many individual stories of my father's life and the history of his family Perhaps this is the start of a tradition of memories of other family members that may produce more stories and maybe another book a beginning for someone *Cumulated Index to the Books*, 1999 **New York Magazine**, 1981-01-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography

covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Travel Magazine** ,1913 *American Book Publishing Record* ,1999 *Magical and Mystical Sites* Elizabeth Pepper,John Wilcock,2000-01-01 Embark on a magical voyage to the enchanted sites of the ancient world all associated with legends of mystery and power From Stonehenge in England to the oracle of Apollo in Greece *Magical and Mystical Sites* explores the most remarkable and significant places of antiquity temples places of learning monuments ruins and sacred groves and the legends that accompany them Filled with details of historical data and local information this book is a wonderful companion for both the armchair traveler and the actual visitor *Magical and Mystical Sites* explores the sacred and legendary places of the British Isles France Germany Italy Spain Turkey Greece and more places like Delphi Chartres and Glastonbury The discussions are highly readable yet consistently thorough focusing not only on the lore and legends but also covering archaeological discoveries the nature of the old divinities the relation of the sites to ancient culture and religion and what these places are like today Rounded out with excellent photographs and maps *Magical and Mystical Sites* is a complete historical and practical guide to the sacred sites of Europe and the British Isles Illustrated *Geneva in Vintage Postcards* John J. Laukaitis,2004 Geneva was an ideal location for settlement with rich farming soil a river to power the mills and a plentiful supply of trees for lumber it didn't take long to attract and support a thriving community Incorporated in 1858 Geneva remains an idyllic village home to fine architecture from the mid to late 19th century scenic parks along the banks of the Fox River and a sense of community spirit and pride *Geneva in Vintage Postcards* opens a window into the past allowing us to experience what this community most wanted to present to others and what visitors most wanted to share with their families and friends From scenes of the historic business district to the banks of Island Park the vintage postcards of Geneva reveal a community rich in history and charm **Charleston** Raymond K. Benton Jr.,2015-11-16 This collection of turn of the century postcards represents Charleston 100 years ago Compared to the city residents and visitors know today the resemblance is remarkable however much has changed The property that once housed the Orphan House became a Sears Roebuck and later the growing College of Charleston The Mills House became the St John Hotel in the early 1900s but after falling into disrepair the building was sold in 1968 It was replaced by a close replica of the original Mills House at the corner of Meeting and Queen Streets These are just a few examples of the transformation seen in the Holy City While much of Charleston has evolved with modern times more than enough of the past remains **Hailing's circular** Thomas Hailing,1877 **1983** Tobias Maxwell,2011-05-15 It was June of 1982 Our apartment on the Upper West Side of Manhattan was converting to co op apartments Our fifth floor walk up was suddenly the perfect pied a terre with its wooden floors exposed brick walls and exclusive roof rights But what to do with our windfall once we flipped the apartment We were eating breakfast when Coo passed me a copy of Smithsonian Magazine Look Doc isn't Santa Fe beautiful That was it The decision to

move there was made over bagels and cream cheese Four months later on Halloween we drove out of Manhattan at 2 a m our twelve foot rental truck stuffed to the brim with all of our earthly possessions heading due west for Santa Fe New Mexico Giddy with more hope and excitement than should have been legal we couldn t have imagined what lay ahead for us in 1983 About the Author Tobias Maxwell is the author of two novels The Sex and Dope Show Saga and Thomas His undergraduate alma maters include St John s College in Annapolis Maryland and the University of California at Riverside He has a Master of Science in Counseling from California State University Sacramento His articles have appeared in Mom Guess What Newspaper Art Understanding and LA Edge magazines
