**Cosmic Chastity in an Age of Technocratic Lust: A Song of Three Popes** Jeremiah Barker, 2023-04-12 This book arises from the conviction that the ways in which John Paul II and Benedict XVI were confused as allies with American conservatism is as misleading unclear and confusing as any misapprehension of Francis s genuine orthodoxy As the author does not have a stake in reacting against a liberal Catholicism that he sees dying out anyway the bigger threat in his view sociologically for the North American church is falling into a right wing tribalism and Francis resists precisely that First Things editor R R Reno highly critical of Francis has called for a redemption of hints and suggestions of a cogent argument in the Francis message Jeremiah Barker reappropriates Reno s call as a call to draw out or highlight what he takes to be the underlying rationale of the Francis message That underlying rationale he compellingly argues is strikingly identical to that of the two previous popes Barker who has learned much from Reno is in fact inspired by Francis s call and teaching and it is the aim of this book to draw out what inspires him and to identify what he hopes Reno and fellow John Paul II Catholics don t miss in the Francis message the theological ethical and spiritual core of his social teaching which Francis shares with that of John Paul II and Benedict XVI
