Irish American beyond Boston New York and Chicago In addition to full coverage of Irish culture in those settings it reveals the pervasive Irish influence in everything from the settling of the American West to the spread of Christianity throughout the hemisphere to Irish involvement in revolutionary movements from the American colonies to Mexico to South America In addition the encyclopedia shows the profound impact of Irish Americans on their homeland in everything from art and literature informed by the emigrant experience to efforts by Irish Americans to influence Irish politics Ranging from colonial times to the present and informed by the surge of academic interest in the past 30 years Ireland and the Americas is the definitive resource on the profound ties that bind the cultures of Ireland the United States Canada and Latin America

Dingle and its Hinterland Felicity Hayes-McCoy, Wilf Judd, 2017-05-31 The tip of the Dingle Peninsula at the westernmost edge of Europe is one of Ireland's most isolated regions For millennia it has also been a hub for foreign visitors its position made it a medieval centre for traders and the wildness of its remote landscape has been the setting for spiritual pilgrimage This seeming paradox is what makes Dingle and its western hinterland unique the ancient native culture has been preserved while also being influenced by the world at large This rich heritage is best understood by chatting with the people who live and work here But how many visitors get that opportunity Starting with Dingle town Felicity Hayes McCoy takes us on an insiders tour of the region interviewing locals along the way ranging from farmers postmasters and boatmen to museum curators radio presenters and sean nos singers A resident for the last twenty years Felicity offers practical information and advice as well as cultural insights that will give any visitor a deeper understanding of this special place *Tattoos in*

American Visual Culture M. Fenske, 2007-11-26 In analyses of tattoo contests advertising and modern primitive photographs the book shows how images of tattooed bodies communicate and disrupt notions of gender class and exoticism through their discursive performances Fenske suggests working within dominant discourse to represent and subvert oppressive gender and class evaluations

Consuming St. Patrick's Day Dominic Bryan, Jonathan Skinner, 2015-10-05 There is probably no national day that has such global popularity as St Patrick's Day On St Patrick's Day it is reputed that Everyone is Irish What are the factors and factions that give the day such popular appeal Is St Patrick's Day the same around the world in Japan Northern Ireland and Montserrat as it is in the Republic of Ireland and the United States Just how does Irishness figure in the celebration and commemoration of St Patrick's Day and how has this day been commoditized consumed and contested Does St Patrick's Day belong to the people the nation or the brewery This edited volume brings together the best St Patrick's Day and Irish Studies scholars from the fields of history anthropology sociology Irish studies diaspora studies and cultural studies The volume thematically explores how St Patrick's Day has been consumed from the symbolic to the literal the religious to the political By doing so it offers a fresh examination of its importance in contemporary society This volume will thus appeal to undergraduate and postgraduate students of Irish diaspora studies and Irish historians and scholars as well as to anthropology sociology and cultural studies students interested in exploring St Patrick's Day as a case study of

globalization migration and commoditization Celebrating Canada Mathew Hayday, Raymond B. Blake, 2017-01-06

Chavéz, Gina M. Pérez, 2022-04-01 The contributors in Ethnographic Refusals Unruly Latinidades highlight the value of radical inclusion in their research and call for a critical self reflexivity that marshals the power of bearing witness to move from rhetoric to praxis in support of these methodologies within anthropological perspectives The essays in this collection do not offer simple solutions to histories of colonialism patriarchy and misogyny through which gender binaries and racial hierarches have been imposed and reproduced but rather

provide a crucial opportunity for reflection on and continued reimagination of the contours of Latinidad. These scholars deploy Latinx strategically as part of ongoing dialogues, understanding that their terminologies are inherently imprecise, contested, and constantly shifting. Each chapter explores how Latinx ethnographers and interlocutors work together in contexts of refusal, ever mindful of how power shapes these encounters and the analyses that emerge from them, as well as the extraordinary possibilities offered by ethnography and its role in ongoing social transformation.
