Sainte Chapelle 3ed:

Visualizing Kingship in the Windows of the Sainte-Chapelle Alyce A. Jordan, 2002 This study of the spectacular ensemble of windows of the Sainte Chapelle in Paris the first in depth examination of the glass in nearly half a century asks the question are the scenes depicted in the stained glass comprehensible as story Through an exhaustive study of textual and visual restoration records and extant authentic panels Jordan posits reconstructions of the chapel s large scale windows as they would have appeared in the 13th century Jordan s work employs medieval understandings of narrative theory and practice to demonstrate a coherent and intertextual story of kingship in the windows implicit antiphonal invocation of Biblical heroes and Capetian monarchy Each chapter examines a formal aspect of the narratives depicted in the windows and elucidates it through comparison with similar techniques employed in medieval literature and articulated in the ars poetriae rhetorical treatises devoted to the theory and practice of medieval storytelling In the final chapter Jordan draws on both the narrative devices employed in the biblical windows and the evidence of her reconstructions to argue for a new identification of the so called Relics window as a Royal window chronicling the history of the kings of France Jordan convincingly demonstrates that far from a cacophonous assemblage of images the Sainte Chapelle glass adeptly employs a variety of fashionable narrative devices and proposes that the chapel s Old Testament windows were manipulated in such a way as to craft from the biblical narratives a visual essay on kingship that articulates the foremost components of French medieval monarchic rule and the specifically Capetian claims to sacral kingship In both its theoretical scope and the originality of its reconstructions of the windows Visualizing Kingship provides an important contribution to Art History and intellectual history more generally The Archaeological Journal ,1845 **Voyager from Xanadu** Morris Rossabi, 2010-02-10 In Voyager from Xanadu a distinguished historian tells the little known story of the life and travels of the first person from China ever to reach Europe Portraying one of the most remarkable early encounters between East and West Morris Rossabi also brings to life the intriguing and turbulent era of the Mongol Empire and the last Crusades Toward the end of the thirteenth century at about the time Marco Polo arrived in China a Christian monk Rabban Sauma left it embarking on a journey that would prove more momentous than he could have dreamed What began as a religious pilgrimage to the Middle East supported by the Mongol Emperor Khubilai Khan ultimately became an extraordinary diplomatic mission After several years eventful stay in Persia Sauma was dispatched to Europe by Persia s Mongol ruler the Ilkhan The monk s task to persuade the Pope and the Kings of France and England to ally with the Ilkhan and launch a Crusade against their common enemy the Muslim dynasty that controlled the Holy Land The mission was a striking early instance of geopolitics on a modern scale Voyager from Xanadu vividly conjures up the places Sauma visited as he crossed two continents meeting with monarchs and prelates and seeing everything from a battle to a volcanic eruption to countless grisly relics of long dead saints It provides a clear and penetrating analysis of the volatile international situation of the era and its impact on Sauma s embassy And of course
