Saiva Rituals And Philosophy:

Saiva Rituals and Philosophy, 2001 Proceedings of the seminar organized by the Kuppuswami Sastri Research Institute 24-26 July 1992 at Chennai **Saiva Rituals and Philosophy** S. S. Janaki, 2001 **Ritual in an Oscillating Universe** Richard H. Davis, 2014-07-14 Saiva liturgy is performed in a world that oscillates a world permeated by the presence of Siva where humans live in a condition of bondage and where the highest aim of the soul is to attain liberation from its fetters In this account of Indian temple ritual Richard Davis uses medieval Hindu texts to describe the world as it is envisioned by Saiva siddhanta and the way daily worship reflects and acts within that world He argues that this worship is not simply a set of ritualized gestures but rather a daily catechism in which the worshiper puts into action all the major themes of Saiva philosophy the cyclic pattern of cosmic emission and reabsorption the human path of attaining liberation the manifestation of divinity in the world and the proper interrelationship of humanity and god In re-creating the convictions and intentions of a well-versed worshiper of the twelfth century Davis moves back and forth between philosophical and ritual texts demonstrating the fundamental Saiva belief that the capacities of humans to know about the world and to act within it are two inter-related modalities of the unitary power of consciousness Originally published in 1991 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Ritual and Speculation in Early Tantrism Teun Goudriaan, 1992-05-14 This book illustrates the extent to which we can understand the writings of the leading tantrikas whose views regarding the universe and enlightenment developed from ritual practice and yoga Contributors to this anthology include Helene Brunner Gudrun Buhneemann Richard H Davis Vrajavallabha Dviveda Sanjukta Gupta Minoru Hara Paul Muller Ortega Navjivan Rastogi Alexis Sanderson Jan A Schoterman Raffaele Torella and Teun Goudriaan **The Ubiquitous Siva** John Nemec, 2011-07-22 John Nemec examines the beginnings of the non-dual tantric philosophy of the famed Pratyabhijñā or Recognition of God School of tenth-century Kashmir the tradition most closely associated with Kashmiri Shaivism In doing so it offers for the very first time a critical edition and annotated translation of a large portion of the first Pratyabhijñā text ever composed the Sivadrsti of Somananda In an extended introduction Nemec argues that the author presents a unique form of non-dualism a strict pantheism that declares all beings and entities found in the universe to be fully identical with the active and willful god Siva This view stands in contrast to the philosophically more flexible panentheism of both his disciple and commentator Utpaladeva and the very few other Saiva tantric works that were extant in the author's day Nemec also argues that the text was written for the author's fellow tantric initiates not for a wider audience This can be adduced from the structure of the work the opponents the

author addresses and various other editorial strategies Even the author s famous and vociferous arguments against the non tantric Hindu grammarians may be shown to have been ultimately directed at an opposing Hindu tantric school that subscribed to many of the grammarians philosophical views Included in the volume is a critical edition and annotated translation of the first three of seven chapters of the text along with the corresponding chapters of the commentary These are the chapters in which Somananda formulates his arguments against opposing tantric authors and schools of thought None of the materials made available in the present volume has ever been translated into English apart from a brief rendering of the first chapter that was published without the commentary in 1957 None of the commentary has previously been translated into any language at all

Saiva Siddhanta ,1984 Negotiating Linguistic and Religious Diversity Nirukshi Perera,2022-07-06 Diversity is a buzzword of our times and yet the extent of religious diversity in Western societies is generally misconceived This ground breaking research draws attention to the journey of one migrant religious institution in an era of religious superdiversity Based on a sociolinguistic ethnography in a Tamil Saivite temple in Australia the book explores the challenges for the institution in maintaining its linguistic and cultural identity in a new context The temple is faced with catering for devotees of diverse ethnicities languages and religious interpretations not to mention divergent views between different generations of migrants who share ethnicity and language At the same time core members of the temple seek to continue religious and cultural practices according to the traditions of their homelands in Sri Lanka a country where their identity and language has been under threat The study offers a rich picture of changing language practices in a diasporic religious institution Perera inspects language ideology considerations in the design of institutional language policy and how such policy manifests in language use in the temple spaces This includes the temple s Sunday school where heritage language and religion interplay in second generation migrant adolescents identifications and discourse
