**Exoticism in Salammbô** Anne Mullen Hohl, 1995 Using contemporary theories of semiology Professor Mullen Hohl offers a detailed analysis of exoticism in Flaubert's masterpiece A pervasive schema of multiplicity and mutilation gives the novel its fundamental structure rather than the previously accepted dichotomy based upon the dialectical opposition of moon and sun In this manner Flaubert created metonymic correspondences shared identities and equivalences between certain characters and mythological gods of the ancient Mediterranean world most importantly Adonis Language and religion are seen as instruments of obfuscation and ambiguity Hohl thus offers a powerful challenge to the conventional reading of Salamambo as a series of dialectical oppositions between male and female sun and moon civilized and barbarian Stirling Haig French Review

**Flaubert's Salammbô** Volker Dürr, 2002 With Salammbô Flaubert turned to the old Orient and Carthage's civil war with its mercenaries to relive his travels in the Levant and indulge in erotic and heroic reveries Yet his alluring heroine gives way to political and military matters that take up two thirds of the text and makes the Orient conceived as the other the same an allegory of Flaubert's France Political chaos and desperate military situations produce the charismatic leader who abetted by the bourgeoisie defrauds the rebels to realize his imperial and dynastic goals Barca and the two Napoleons By analogy Flaubert patterns the emergence of the shofet Barca after the politics of ancient Israel where the charismatic king supersedes rule by councils of elders and the judges shofets He wants to make himself king his rival Hanno shouts Barca's triumph constitutes a twofold revolution the overthrow of the existing order and return to royalty which governed Carthage until 480 B C In France the rise of Napoleon III signified revolution a coup d'état and repetition a farce Flaubert draws for his similes on Punic mythology and the Afro-Oriental setting Salammbô is also a novel about time

Decadent Subjects Charles Bernheimer, 2002-07-01 An illuminating exploration of fin de siècle decadence by a well-known authority in the areas of European literature culture and psychoanalysis Pre-Raphaelite Studies The influential writer and scholar Charles Bernheimer described decadence as a stimulant that bends thought out of shape deforming traditional conceptual molds In this posthumously published work Bernheimer succeeds in making a critical concept out of this perennially fashionable rarely understood term This remarkable collection of essays shows the contradictions of the phenomenon which is both a condition and a state of mind In seeking to show why people have failed to give a satisfactory account of the term decadence Bernheimer argues that we often mistakenly take decadence to represent something concrete that we see as some sort of agent His salutary response is to return to those authors and artists whose work constitutes the topos of decadence rereading key late nineteenth-century authors such as Nietzsche Zola Hardy Wilde Moreau and Freud to rediscover the very dynamics of the decadent Through careful analysis of the literature art and music of the fin de siècle including a riveting discussion of the many faces of Salome Bernheimer leaves us with a fascinating and multidimensional look at decadence Honorable Mention for the Aldo and Jeanne Scaglione Prize for Comparative Literary Studies from the

Modern Language Association *Exotic Subversions in Nineteenth-century French Fiction* Jennifer Yee, 2017-07-05 In the course of the nineteenth century France built up a colonial empire second only to Britain's. The literary tradition in which it dealt with its colonial Other is frequently understood in terms of Edward Said's description of Orientalism as both a Western projection and a will to govern over the Orient. There is however a body of works that eludes such a simple categorisation offering glimpses of colonial resistance of a critique of imperialist hegemony or of a blurring of the boundaries between the Self and the Other. Some of the ways in which the imperialist enterprise is subverted in the metropolitan literature of this period are examined in this volume through detailed case studies of key works by Chateaubriand, Hugo, Flaubert and Segalen.

*Salammbô* Gustave Flaubert, 2011-03-30 Edition enrichie par face notes dossier chronologie bibliographie Fille d'Hamilcar et servante de la déesse Tanit Salammbô donne son nom au roman et il s'agit bien pour Flaubert de raconter l'amour brut qui l'attache à Mtho le chef des mercenaires employés par Carthage dans sa guerre contre les Romains. Le destin des deux héros est pris dans le tumulte de batailles et de cruautés auquel donne lieu près de trois cents ans avant Jésus-Christ la révolte des mercenaires au retour du combat. En 1856 *Madame Bovary* avait été un considérable événement littéraire. Six ans plus tard le deuxième roman de Flaubert très attendu suscita pourtant des réactions contradictoires beaucoup jugèrent incompréhensible l'usage d'une rudition historique excessive et finalement ennuyeux d'autres au contraire s'enthousiasmèrent pour son originalité profonde et sa puissance d'évocation. Ce que Salammbô pouvait alors offrir d'étrange ne s'est pas effacé mais l'évidence s'est imposée d'une beauté jusqu'alors inédite en littérature la beauté d'une fable où la violence de l'Histoire se trouve
