Salt The Moscow Agreements And Beyond:

Great Power Security Cooperation David W. Kearns, 2014-12-18 This book explains the conditions under which great powers are likely to cooperate to improve their security by engaging in qualitative arms control. In agreeing to limit or proscribe certain classes of weapons, states will constrain their military capabilities and therefore decrease the threat they pose to potential adversaries. Focusing on the expected military impact of technological change and the capacity of states to confidently monitor the activities of its negotiating partners, it may be possible to forge lasting agreements that improve the security of the participating states. However, at other times, the nature of technological change may force states to engage in competitive behavior, precluding cooperation and increasing the probability of conflict. Examining a diverse set of cases, including the Washington Naval Conference, The World Disarmament Conference at Geneva, the Baruch Plan for the International Control of Atomic Energy, and the SALT I Accords, including the ABM Treaty, this volume presents a persuasive, comprehensive, and interesting contribution to the literature on arms racing and arms control, and should be of interest to students of international relations theory and security studies. By presenting a theoretical, informed model that explicitly links the security strategies of states to their choices about development and deployment of new weapons, and consequently their willingness to engage in arms control cooperation, this book provides an important refinement upon existing theoretical and historical approaches. SALT Mason Willrich, John B. Rhineland, 1974 *USSR, Analytical Survey of Literature* United States. Department of the Army, 1976 **National Security, Military Power & the Role of Force in International Relations** Army Library (U.S.), 1976 **The Law of Treaties** Scott Davidson, 2017-07-05 The centrality of treaties to the international legal system requires little emphasis. Not only is the treaty a source of law that the International Court of Justice (ICJ) is bound to apply when resolving international disputes, but it is also the medium through which the vast preponderance of international legal intercourse is now conducted. The essays contained in this informative volume disclose a wide variety of opinion on a broad range of issues concerning the conclusion, application, and termination of treaties. Nuclear Weapons and Contemporary International Law Edward McWhinney, Nagendra Singh, 2024-09-02 **Beyond Détente** K.E. Birnbaum, N. Andrén, 2025-02-03 **National Security, Military Power & the Role of Force in International Relations** United States. Department of the Army, 1976 **Problems of Communism**, 1975 *Strategic Defenses* Office of the Technology Assessment, 2014-07-14 To contribute to the worldwide debate on President Reagan's Strategic Defense Initiative, here are two important studies: Ballistic Missile Defense Technologies and Anti-Satellite Weapons Countermeasures and Arms Control. Originally published in 1986, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books

published by Princeton University Press since its founding in 1905 Ballistic missile defense technologies. ,1985 **Arms Control Today.** ,1974 International History of the Twentieth Century and Beyond Antony Best,Jussi M. Hanhimäki,Joseph A. Maiolo,Kirsten E. Schulze,2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics **Soviet Foreign Policy in a Changing World** Robbin Frederick Laird,Erik P. Hoffmann, This anthology provides readers with a broad overview of the sources substance and significance of Soviet foreign policy in the contemporary period It covers both the legacies of the tsarist and Stalinist eras and the motivations and priorities of present day Soviet leaders Included are sizable sections on the policy making process and military power as well as Soviet relations with the U S Western and Eastern Europe the Far East and the Third World Divergent viewpoints are expressed throughout future prospects and directions for Soviet foreign policy are also discussed The emphasis of this collection is practical and policy oriented The contributors are distinguished present and recent officials of the U S government scholars and full time researchers in government advisory agencies All are from the U S Canada and Europe Their essays are insightful and empirically grounded some revised and updated specifically for this collection while three Goodson and Schultz Herspring and Leighton are published here for the first time The collection provides a comprehensive view of contemporary Soviet behavior in international affairs while reflecting the concerns of Americans both inside and outside of government who help formulate and implement U S policy toward the Soviet Union As with its companion volumes *The Soviet Polity in the Modern Era* Aldine 1984 and *The Conduct of Soviet Foreign Policy* Aldine 1980 *Soviet Foreign Policy in a Changing World* will become an important text in Soviet studies and will be of interest to government officials and the

general reader with an interest in Soviet studies as well *The INF Treaty: February 16, 18, and 19, 1988* United States.
Congress. Senate. Committee on Foreign Relations,1988 *China, an Analytical Survey of Literature* United States.
