

SALT DESERT TRAILS

A History of
THE HASTINGS CUTOFF
and other early trails which
crossed the Great Salt Desert
seeking a shorter road to
California

By **CHARLES KELLY**

LANSFORD W. HASTINGS, in 1846, planned to make California an independent republic. He located the Hastings Cutoff across the Great Salt Desert in order to bring in a sufficient number of emigrants to seize the territory. Those who followed Hastings met disaster, and his Cutoff was responsible for the death of almost half the members of the ill-fated Donner Party.

The complete record of all exploring expeditions and emigrant parties which crossed this desert in early days makes an interesting story, and adds an important chapter to the history of Utah and California.
