Eugene Lyons, This is a story of belief disillusionment and atonement Long identified with leftist causes the journalist Eugene Lyons was by background and sentiment predisposed to early support of the Russian Revolution A friendly correspondent he was one of a coterie of foreign journalists permitted into the Soviet Union during the Stalinist era because their desire to serve the revolution was thought to outweigh their desire to serve the truth Lyons first went to the Soviet Union in 1927 and spent six years there He was there as Stalin consolidated his power through collectivization and its consequences as the cultural and technical intelligentsia succumbed to the secret police and as the mechanisms of terror were honed As Ellen Frankel Paul notes in her major new introduction to this edition It was this murderous reality that Stalin's censors worked so assiduously to camouflage corralling foreign correspondents as their often willing allies Lyons was one of those allies Assignment in Utopia describes why he refused to see the obvious the forces that kept him from writing the truth and the tortuous path he traveled in liberating himself His story helps us understand how so many who were in a position to know were so silent for so long In addition it is a document by an on the scene journalist of major events in the critical period of the first Five Year Plan As Ellen Frankel Paul notes in her major new introduction to this new edition Assignment in Utopia is particularly timely The system it dissects in such devastating detail is in the process of being rejected throughout Eastern Europe and is under challenge in the Soviet Union itself The book lends insight into the political pilgrim phenomenon described by Paul Hollander in which visitors celebrate terrorist regimes seemingly oblivious to their destructive force The book is valuable for those interested in the Stalinist era in the Soviet Union those interested in radical regimes and political change as well as those interested in better understanding current events in Europe It will also be useful for the tough questions it poses about journalistic ethics      Tango Robert Farris Thompson, 2010-06-23 In this generously illustrated book world renowned Yale art historian Robert Farris Thompson gives us the definitive account of tango the fabulous dance of the past hundred years and the most beautiful in the opinion of Martha Graham Thompson traces tango's evolution in the nineteenth century under European Andalusian Gaucho and African influences through its representations by Hollywood and dramatizations in dance halls throughout the world He shows us tango not only as brilliant choreography but also as text music art and philosophy of life Passionately argued and unparalleled in its research its synthesis and its depth of understanding Tango The Art History of Love is a monumental achievement      **New York Magazine** ,1981-08-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      Billboard ,1999-02-13 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and

This book covers the people of Devon's contribution to the war effort from the commencement of the conflict in September 1939 to its end in September 1945. It features many forgotten news stories of the day and looks at the changes to civilian's everyday lives: entertainment, spies and the internment of aliens living within the area. Devon became vital as a base for troops and as a dispatch point for the many men who left to fight in Europe. Several RAF bases were also established within the county to repel German attacks. Air raid shelters were erected in gardens and at public places and many children living in larger cities were swiftly evacuated to the countryside as Plymouth and Exeter both suffered greatly from German bombing, with much of Plymouth being obliterated. Carrying a gas mask, rationing, the make-do-and-mend culture and the collection of scrap metal all became a generic way of life. Many of the jobs left open by men fighting abroad were taken up by women on the Home Front. The Women's Voluntary Service assisted with the evacuation of mothers and children to the country, carried out civil defense duties and provided food and clothing for the many refugees from occupied Europe. During the buildup to D-Day, American troops were trained and stationed within the county before leaving for the beaches of Normandy. Slapton Sands, Dartmoor and Woolacombe were all used as training grounds with tragic loss of life at Slapton. Devon played a truly vital role in the war and its people contributed greatly to bringing the world-changing conflict to an end.

**Clark** Clark Terry, Gwen Terry, 2015-06-12 Compelling from cover to cover, this is the story of one of the most recorded and beloved jazz trumpeters of all time. With unsparing honesty and a superb eye for detail, Clark Terry, born in 1920, takes us from his impoverished childhood in St. Louis, Missouri, where jazz could be heard everywhere, to the smoke-filled small clubs and carnivals across the Jim Crow South where he got his start, and on to worldwide acclaim. Terry takes us behind the scenes of jazz history as he introduces scores of legendary greats: Ella Fitzgerald, Oscar Peterson, Dizzy Gillespie, Dinah Washington, Doc Severinsen, Ray Charles, Thelonious Monk, Billie Holiday, Sarah Vaughan, Coleman Hawkins, Zoot Sims, and Dianne Reeves, among many others. Terry also reveals much about his own personal life, his experiences with racism, how he helped break the color barrier in 1960 when he joined the Tonight Show band on NBC, and why, at ninety years old, his students from around the world still call and visit him for lessons.
