Los Angeles, 1781-1981, 1981 **Dreamers and Schemers** Barry Siegel, 2020-09-14 How one man brought the Olympics to Los Angeles fueling the city's urban transformation *Dreamers and Schemers* chronicles how Los Angeles's pursuit and staging of the 1932 Olympic Games during the depths of the Great Depression helped fuel the city's transformation from a seedy frontier village to a world famous metropolis Leading that pursuit was the Prince of Realtors William May Billy Garland a prominent figure in early Los Angeles In important respects the story of Billy Garland is the story of Los Angeles After arriving in Southern California in 1890 he and his allies drove much of the city's historic expansion in the first two decades of the twentieth century Then from 1920 to 1932 he directed the city's bid for the 1932 Olympic Games Garland's quest to host the Olympics provides an unusually revealing window onto a particular time place and way of life Reconstructing the narrative from Garland's visionary notion to its consequential aftermath Barry Siegel shows how one man's grit and imagination made California history *El Pueblo* Jean Bruce Poole, Tevvy Ball, 2002 Founded in 1781 by pioneers from what is today northern Mexico *El Pueblo de Los Angeles* mirrors the history and heritage of the city to which it gave birth When the pueblo was the capital of Mexico's Alta California the region's rancheros came here to celebrate mass or to attend fiestas in the historic Plaza Following California's statehood in 1850 the pueblo for a time ranked among the most lawless towns of the American West American speculators wealthy rancheros and Italian wine merchants crowded its dusty streets The town's first barrio and the vibrant precincts of Old Chinatown soon grew up nearby As Los Angeles burgeoned into a modern metropolis its historic heart fell into ruin to be revitalized by the creation in 1930 of the romantic Mexican marketplace at Olvera Street Here two years later David Alfaro Siqueiros painted the landmark mural *Am rica Tropical* whose story is a fascinating tale of art politics and censorship In the decades since the pueblo has remained one of Southern California's most enduring and most complex cultural symbols *El Pueblo* vividly recounts the story of the birthplace of Los Angeles An engaging historical narrative is complemented by abundant illustrations and a tour of the pueblo's historic buildings The book also describes initiatives to preserve the pueblo's rich heritage and considers the significance of its multicultural legacy for Los Angeles today **The Great Depression on Film** David Lührssen, 2022-08-23 This book presents the Great Depression through the lens of 13 films beginning with movies made during the Depression and ending with films from the 21st century and encourages readers to examine the various depictions of this period throughout history *The Great Depression on Film* is a unique guide to how the Great Depression was represented and is remembered making it an excellent resource for students or anyone interested in film history or U S history Each film is set in a different sector of American life focusing on such topics as white supremacy political protest segregation environmental degradation crime religion the class system and popular culture in the U S during the 1930s This book is indispensable for clearing away misconceptions fostered by the movies while acknowledging the power of film in shaping public memory The book separates

fact from fiction detailing where the movies are accurate and where they depart from reality and places them in the larger context of historical and social events Eyewitness or journalistic accounts are referenced and quoted in the text to help readers differentiate between ideas attitudes and events presented in the films as well as the historical facts which inspired those films

Making Black Los Angeles Marne L. Campbell,2016-09-27 Black Los Angeles started small The first census of the newly formed Los Angeles County in 1850 recorded only twelve Americans of African descent alongside a population of more than 3 500 Anglo Americans Over the following seventy years however the African American founding families of Los Angeles forged a vibrant community within the increasingly segregated and stratified city In this book historian Marne L Campbell examines the intersections of race class and gender to produce a social history of community formation and cultural expression in Los Angeles Expanding on the traditional narrative of middle class uplift Campbell demonstrates that the black working class largely through the efforts of women fought to secure their own

economic and social freedom by forging communal bonds with black elites and other communities of color This women led black working class agency and cross racial community building Campbell argues was markedly more successful in Los Angeles than in any other region in the country Drawing from an extensive database of all African American households between 1850 and 1910 Campbell vividly tells the story of how middle class African Americans were able to live work and establish a community of their own in the growing city of Los Angeles
