When You Can't Believe Your Eyes Hannah Fairbairn, 2019-07-05 This book was first projected in 2004 when Author Hannah Fairbairn was teaching interpersonal skills at the Carroll Center for the Blind in Newton Massachusetts The experiences of her adult students and her own experience of sight lost convinced her that everyone losing vision needs access to good information about the process of adjustment to losing sight and practical ways to use assertive speech *When You Can't Believe Your Eyes* is intended for anyone going through vision loss their friends and families It will inform readers how to get expert professional help face the trauma of loss and navigate the world using speech more than sight Each of the twelve chapters in the book contain many short sections and bullet point lists intended to facilitate access to the right information It begins where you begin at the doctor's office or the hospital Since vision loss takes many forms there are suggestions for questions you might ask to get a clear diagnosis and the best treatment Part One also has a description of legal blindness and possible prevention advice about your job and tips for life at home Part Two is about believing in yourself

as you deal with the loss the anger and the fear before you come up for air and consider training Parts Three and Four describe using assertive speech and action in all kinds of settings as your independence and confidence increase Part Five gives detailed information about everything from dating and caring for babies to senior living volunteering and retaining your job It is hoped that by reading and trying out the suggestions the reader will recover full confidence become a positive assertive communicator and lead a satisfying life Because vision loss happens mostly in older years the book is written with seniors particularly in mind Professionals will also find it to be a useful resource for their patients Seerstone Joe Fasbinder,2018-05-30 Seerstone is a thoroughly researched tension wrought tale of greed and how it dazzles and threatens sometimes using the most arcane and unearthly means to conquer a man and his family and to wring seemingly impossible changes potentially enormous changes in the life of Dayer Preston who with his wife has always striven to work toward the light as they understand it The story takes place at the dawn of the nineteenth century in Williker Township a cold and dying place in western New York State at a time when it seemed that there was no magic strong enough to make things right to bring forth abundance from an earth that withheld its bounty despite mans best efforts Despite the magic that stirred the spirits of heaven and earth It is a strange and unearthly time It was an era in which an average everyday person knew that if you put a few hairs in a glass of water they would turn into worms overnight and that to assure prosperity lamens scrawled with magic words would be placed behind the mantel The line between magic and reality was blurred and so the arrival of a ritual magician at your door on an early spring night wasnt much to be noticed not even when he began to bring a struggling farm family closer and closer to the line between objective reality and a world ruled over by magic words scrawled on a page It is a tale of mystery How much can the magician Walters bring forth How much of what he says are lies And how much of what he possesses can bring forth bounty and potential wealth from an unforgiving earth How much is simply evil And can it be controlled And why is Dayer Preston so necessary to the grandest of all the magic rituals that awaits them **The Patient Protection Act of 2000** United States.
