Losing Alexandria A Memoir:

Losing Alexandria Victoria Anna Thompson, 1998 This memoir interweaves fact myth and memory and deals with the author's childhood in Alexandria after WW1 and her subsequent life in Australia Describes her career as an actor and psychotherapist and her relationship with friends family lovers and husband **Losing Alexandria** Victoria Thompson, 1998 Victoria Thompson fuses history mythology and autobiography to create a portrait of an unforgettable city and one of its rebellious daughters A world few of us know and fewer still have lived *Alexandrian Cosmopolitanism* Hala Halim, 2013-09-19 Interrogating how Alexandria became enshrined as the exemplary cosmopolitan space in the Middle East this book mounts a radical critique of Eurocentric conceptions of cosmopolitanism The dominant account of Alexandrian cosmopolitanism elevates things European in the city's culture and simultaneously places things Egyptian under the sign of decline The book goes beyond this civilization barbarism binary to trace other modes of intercultural solidarity Halim presents a comparative study of literary representations addressing poetry fiction guidebooks and operettas among other genres She reappraises three writers C P Cavafy E M Forster and Lawrence Durrell who she maintains have been cast as the canon of Alexandria Attending to issues of genre gender ethnicity and class she refutes the view that these writers' representations are largely congruent and uncovers a variety of positions ranging from Orientalist to anticolonial The book then turns to Bernard de Zogheb a virtually unpublished writer and elicits his camp parodies of elite Levantine mores in operettas one of which centers on Cavafy Drawing on Arabic critical and historical texts as well as contemporary writers and filmmakers' engagement with the canonical triumvirate Halim orchestrates an Egyptian dialogue with the European representations **Historians in Cairo** George T. Scanlon, 2002 There can be few if any historians working in the wide field of Middle East Studies and certainly none in the world of Islamic art and architecture who are unacquainted with historian and archaeologist George Scanlon At different times from the mid 1950s to the present day he has lived worked and studied in Egypt For a major part of that period he has been associated with the American University in Cairo where he is currently professor of Islamic art and architecture in the Department of Arabic Studies Although diverse in subject matter the essays collected here in his honor together present a composite picture of Cairo and more broadly of Islamic history and culture from early medieval times to the present day As such they provide a fitting tribute to one of the most eminent of scholars in the field Some contributors are one time students of Professor Scanlon others are colleagues who over the years have worked with him in Egypt the United States or Britain The essays themselves reflect the wide variety of sources contributors have drawn on from international Islamic collections and archives for topics that range broadly from medieval artifacts architecture and society to current issues of law literature philosophy and urban change *Kevin Kearney* Brody T. Lorraine, 2007-09-17 Kevin Kearney Audio Artist Sound Designer Location Sound Recordist follows the growth of television television commercial production and filmmaking in Australia The extremely small population of Australia up to the seventies

allowed a major crossover in the arts between poets musicians writers experimental filmmakers and entrepreneurs which in turn influenced the work of audio artists like Kearney in both their commercial and personal film work Moreover because there is a paucity of information and very few books available on such people as audio artists sound designers and location sound recordists this book and the following volume will be invaluable to those interested in analogue sound on film

production period **Australian Book Review** ,1998 **Royal naval biography; or, Memoirs of the services of all the flag-officers, superannuated rear-admirals, retired-captains, post-captains, and commanders, whose names appeared on the Admiralty list of sea officers at the commencement of the present year or who have since been promoted** John Marshall,1823

The Red River Campaign of 1864 and the Loss by the Confederacy of the Civil War
Michael J. Forsyth,2015-07-11 The Union Army s Red River Campaign began on March 12 1864 with a two pronged attack aimed at gaining control of Shreveport Louisiana It lasted until May 22 1864 when after suffering significant casualties the Union army retreated to Simmesport Louisiana The campaign was an attempt to prevent Confederate alliance with the French in Mexico deny supplies to Confederate forces and secure vast quantities of Louisiana and Texas cotton for Northern mills With this examination of Confederate leadership and how it affected the Red River Campaign the author argues against the standard assumption that the campaign had no major effect on the outcome of the war In fact the South had and lost an excellent opportunity to inflict a decisive defeat that might have changed the course of history With this campaign as an ideal example the politics of military decision making in general are also analyzed *Royal Naval Biography : Or, Memoirs of the Services of All the Flag-officers, Superannuated Rear-admirals, Retired-captains, Post-captains, and Commanders, Whose Names Appeared on the Admiralty List of Sea Officers at the Commencement of the Present Year, Or who Have Since Been Promoted, Illustrated by a Series of Historical and Explanatory Notes ... with Copious Addenda: Memoirs of all the flag-officers of His Majesty's fleet now living* John Marshall,1823

Recollections and private memoirs of Washington by his adopted son George Washington with a memoir of the author by his daughter; and illustrative and explanatory notes by Benson J. Loosing George Washington,1860 **Egyptian Jewry** Victor D. Sanua,2005

Von Stockmar,2023-09-27 Reprint of the original first published in 1873 *The Bulletin* ,1998 Memoirs of General William T. Sherman — Complete William T. Sherman,2019-11-20

William T Sherman's *Memoirs of General William T Sherman Complete* offers an incisive account of the American Civil War through the eyes of one of its most controversial military figures. With an unvarnished literary style, Sherman employs vivid imagery and personal anecdotes to illustrate the harrowing realities of war, his strategic innovations, and the psychological impact of his campaigns. The memoir serves not only as a historical document but also as an exploration of the moral complexities faced by military leaders during tumultuous times, making it essential reading for those interested in American history and military ethics. Born in 1820, William Tecumseh Sherman emerged from a humble background, proving himself as a soldier and strategist during the Mexican American War before gaining notoriety for his role in the Civil War. As a close associate of General Ulysses S. Grant, Sherman's military philosophy, particularly his belief in total war, was shaped by his experiences on the battlefield and the harsh realities of post-war America. These factors deeply informed his memoir, where he candidly reflects on his tactics, decisions, and the broader implications of conflict. *Memoirs of General William T Sherman* is highly recommended for readers interested in military history, leadership, and the historical narratives that shaped the United States. Sherman's honest and forthright reflections provide critical insights for historians, military enthusiasts, and anyone seeking to understand the multifaceted nature of war and its lasting effects on society. *Memoirs of Baron Stockmar* Stockmar, 1873 *The poetical works of James Montgomery, with a memoir* James Montgomery, 1881
