The Lost Amazon Wade Davis, 2023-01-17 Explore the uncharted Amazon with acclaimed botanist and pioneering Amazonian explorer Richard Evans Schultes guided by an intimate narrative that supplements his photography of indigenous tribes hallucinogenic plants stunning vistas and much more

The Lost Amazon Wade Davis, 2005-10 This extraordinary document rich in rare and timeless photographs tells the inspiring story of a scholar a respected mentor and a true adventurer The Lost Amazon chronicles the journey of legendary explorer Dr Richard Evans Schultes through the jungles and rivers of the Amazon on his remarkable quest of discovery Published to coincide with a traveling exhibition to debut at the Govinda Gallery in Washington D C The Lost Amazon is the first major publication to examine the work of Dr Schultes as seen through his photographs and field notes With text by Schultes protege and fellow explorer Wade Davis this impressive document takes armchair travelers where they ve never gone before

The Lost Amazon Richard Evans Schultes, Wade Davis, 2004 A stunning visual tribute to the greatest Amazonian explorer and ethnobotanist of the twentieth century In 1941 Richard Evans Schultes took a semester s leave of absence from Harvard and disappeared into the Northwest Amazon of Colombia Twelve years later he returned having gone places no outsider had been mapping uncharted rivers and living among two dozen Indian tribes while collecting some thirty thousand botanical specimens including two thousand novel medicinal plants and three hundred species new to science The Lost Amazon is the first major publication to examine Schultes work as seen through his photographs The book features text by Wade Davis and facsimile reproductions of Schultes original handwritten notes from the field

The Lost Amazon Wade Davis, 2023-01-17 Explore the uncharted Amazon with acclaimed botanist and pioneering Amazonian explorer Richard Evans Schultes guided by an intimate narrative that supplements his photography of indigenous tribes hallucinogenic plants stunning vistas and much more

The Scramble for the Amazon and the Lost Paradise of Euclides da Cunha Susanna B. Hecht, 2022-12-22 A compelling and elegantly written history of the fight for the Amazon basin and the work of a brilliant but overlooked Brazilian intellectual Times Literary Supplement UK The fortunes of the late nineteenth century s imperial powers depended on a single raw material rubber with only one source the Amazon basin This scenario ignited a decades long conflict that found Britain France Belgium and the United States fighting with and against the new nations of Peru Bolivia and Brazil for the forest s riches In the midst of this struggle the Brazilian author and geographer Euclides da Cunha led a survey expedition to the farthest reaches of the river The Scramble for the Amazon tells the story of da Cunha s terrifying journey the unfinished novel born from it and the global strife that formed the backdrop for both Haunted by his broken marriage da Cunha trekked through a beautiful region thrown into chaos by guerrilla warfare starving migrants and native slavery All the while he worked on his masterpiece a nationalist synthesis of geography philosophy biology and journalism entitled Lost Paradise Hoping to unveil the Amazon s explorers spies natives and brutal geopolitics Da Cunha was killed by his wife s lover before he could complete his epic work

once the biography of Da Cunha a translation of his unfinished work and a chronicle of the social political and environmental history of the Amazon The Scramble for the Amazon is a work of thrilling intellectual ambition **Jagua, A Journey Into Body Art from the Amazon** Carine Jr. Fabius,2013-02 In search of the jagua fruit author Carine Fabius takes readers on a journey into the deepest realms of the Amazon jungle where a prized tattoo ink weaves magical tales into the heart and culture of the region s indigenous people Written in a breezy engaging style the book includes 40 pages of gorgeous color photographs including contributions by noted documentary photographer and travel writer Cristina Mittermeier Over 25 black white photographs and illustrations The author s personal account of her and her artist explorer husband s journey into the world of temporary body art beginning with henna and culminating with the discovery of the jagua fruit s promise to deliver a beautiful tattoo that looks real yet fades after two weeks Excerpts from her husband Pascal Giacomini s diary as he travels on a motorized dugout canoe into the deepest reaches of the jungle where he spends weeks with an indigenous group called the Matsigenkas Brief histories of various indigenous groups associated with jagua Personal and insightful essays by veteran explorers and lovers of the Amazon Information on the medicinal and mystical properties of the jagua fruit Magical tales and beliefs surrounding this extraordinary fruit A short history of tattoos A short history of ink Frequently asked questions and answers of course about jagua tattoos Overview of the Amazon the Indians that populate the area and issues that currently dominate throughout the region Traditional tales from the Amazon **The Amazon** Roger Harris,Peter Hutchison,2007 This new edition has been completely revised with updated information on hotels lodges and tour operators It contains a detailed and illustrated natural history section on native species and habitats The Amazon is an ideal location for eco travellers naturalists sports enthusiasts and explorers Travellers are given sound advice on responsible travel and planning their own expedition **Scoping the Amazon** Stephen Nugent,2016-07 Savage cannibal or utopian proto environmentalist Nugent examines both popular images of Amazon peoples in film and general books as well as changing anthropological views of the rainforest and its people [Moon Colombia](#) Andrew Dier,2017-07-03 Idyllic colonial towns and fast paced cities jaw dropping mountains and stunning beaches see it all with Moon Colombia Strategic itineraries for exploring the wild coasts historic towns and rural countryside plus a multi week trip covering the best of Colombia Honest advice from local writer Andrew Dier who provides his American expat perspective on his adopted home Full color maps and photos throughout The top sights and unique experiences Stroll along the bougainvillea strewn cobblestone streets of Cartagena or explore wildlife preserves and hike diverse biomes from the Andes to the Amazon See the ancient ruins of Ciudad Perdida and visit indigenous communities to learn about Colombia s past and present Swim in the Caribbean or spot humpback whales in the Pacific Immerse yourself in regional festivals to experience Colombia s diverse music and dance traditions enjoy nouvelle Colombian restaurants and hopping nightlife of Bogot or the perfect weather and locally grown coffee of Medell n In depth coverage of Bogot Cartagena and the Caribbean Coast Boyac and the Santanderes Medell n and

Molecules of Nature Paul F. Torrence,2017-12-13 Molecules of nature are created by living organisms in their quest to survive and thrive in Earth s challenging environments This ages old evolutionary struggle has produced an immense library of chemicals from which humans have selected invaluable therapeutics critical to modern medicine Natural products presently provide half of all prescription medications and 70% of all cancer drugs The success of continued drug development from natural products depends upon the diversity of molecules of nature which in turn depends upon biodiversity Unfortunately human caused damage to the environment from pollution to habitat loss to overexploitation of resources is causing unprecedented ecological damage and death of species a mass extinction event Unless this biotic crisis is obviated humanity will lose a primary source of future novel medicines This book assembles a powerful argument for

nature's critical role in providing medicines for humanity and how that irreplaceable service is threatened by the extinction crisis. A sampling of the molecules of nature employed in modern medicine reads like a catalog of biodiversity. For example, one of the most prescribed drugs in the United States is lisinopril, which controls high blood pressure. Lisinopril originated from the venom of a deadly viper from the Amazonian forests. A denizen of US southwestern deserts provided a therapeutic for type II diabetes. The ancient horseshoe crab of the US Atlantic coast enables a critical test for deadly endotoxins in medical products of all kinds. Once a diagnosis of acute lymphocytic leukemia in children was a death sentence. A tropical flower from Madagascar provided two natural products that changed a 90% fatality rate to a 90% cure rate. The Pacific Yew tree from the US northwest was discovered to contain the potent anticancer agent Taxol, now vital in the treatment of breast and ovarian cancers and Kaposi's sarcoma. This book tells the fascinating story of these and other medicines. It also summarizes some of the driving forces of the Sixth Mass Extinction and shows how it threatens at least half of the planet's species with extinction. We rightly ask: What will be the future of medicine without the contribution of millions of species? How many treatments for disease will be forever lost? What cures are we asking future generations to forgo? As we willy nilly extinguish the future of one organism after another together with all the knowledge they hold, we are like the looters of the Great Library of Alexandria. The final chapter challenges readers to pursue a different outcome. By uniting our efforts, we can still preserve many of the remaining species on our blue-green planet and the invaluable gifts they offer. **Red Snow**

Michael Slade, 2024-08-06. In this mind-bender about a psychopath seeking revenge, the plot yanks you compulsively toward its solution, and the shocks make you jerk back in fright. Toronto Star. The Winter Olympics are coming to western Canada, but the mood is far from celebratory when a snowboarder is murdered on the slopes, his corpse mutilated. And he's only the first athlete to suffer a grisly end. Soon a raging winter storm and a deranged killer's team of mercenaries has cut Whistler Mountain off from the rest of the world. It's a whodunit especially suited to the Special X team, which specializes in psychopathic behavior. Except an old enemy is targeting team commander Robert DeClercq. Bent on bloody revenge, Mephisto has an elaborate plan that includes assassinating anyone connected with the Canadian Mounties. And that's just the start of this megalomaniac's horrific doomsday scheme. Let the games begin. As always with Slade, a cracking good detective story. Anne Perry, New York Times bestselling author of the Thomas Pitt series. **Red Snow** is crisply written, sly, and exciting. Michael Slade is a writer who clearly knows how to tell a story and make it real. Robert McCammon, New York Times bestselling author of *Swan Song* and the Matthew Corbett series. **Red Snow** indeed. This one is guaranteed to keep you awake with the lights burning. The Globe and Mail, Toronto. In the annals of dark fiction, Canada can claim one true champion in Michael Slade. The plot yanks you compulsively toward its solution, and the shocks make you jerk back in fright. Toronto Star. Very good twists and a great villain, Mephisto, who seems to have attained a new level of insanity; is the kind of homicidal maniac you can't take your eyes off. The writing is tight and compelling. Winnipeg Free Press. **The River Sea** Marshall DeBruhl, 2011-11-08

Since its discovery by Europeans in 1500 explorers visionaries soldiers of fortune men of God scientists and slavers have been drawn to the legendary Amazon The River Sea is a sweeping chronicle of those brave and hardy souls ranging from the Spanish seafarer Vicente Pinzón who discovered the river to contemporary heroes and heroines like Sister Dorothy Stang and Chico Mendes whose efforts to save the rain forest cost them their lives Among the vast cast of characters who people this drama of the Amazon are Francisco de Orellana the first European to traverse the river from the Andes to the sea the fiery priest Bartolomé de las Casas defender of the indigenous peoples the great scientist explorers Alexander von Humboldt and Alfred Russel Wallace the madman and psychopath Lope de Aguirre and the Peruvian Evangeline Isabel Godin who in 1769 crossed the continent braving the terrors of the jungles to reunite with her husband whom she had not seen in twenty years The River Sea is a compelling account of five centuries of the history the myths and the legends of Rio Amazonas the most exotic and fascinating locale on earth

When Plants Dream Daniel Pinchbeck, Sophia Rokhlin, 2019-09-10 Ayahuasca is a powerful tool for transformation that more and more Westerners are flocking to drink in a quest for greater self knowledge healing and reconnection with the natural world This formerly esoteric little known brew is now a growth industry But why Ayahuasca is a psychoactive brew that has a long history of ritual use among indigenous groups of the Upper Amazon Made from the ayahuasca vine and the leaves of a shrub it is associated with healing in collective ceremonies and in more intimate contexts generally under the direction of specialist an ayahuasquero These are experienced practitioners who guide the ceremony and the drinkers experience Ayahuasca has gained significant popularity these days in cities around the world Why What effect might ayahuasca be having on our culture Does the brew which seems to inspire environmental action simplified lifestyles and more communitarian behaviour act as an antidote to frenzied consumerist culture In **When Plants Dream** Pinchbeck and Rokhlin explore the economic social political cultural and environmental impact that ayahuasca is having on society Part 1 covers the background what ayahuasca is where it is found and its cultural origins Part 2 explores the role and practices of the ayahuasquero in both Amazonian and Western cultures Part 3 examines the medicinal plants of the Amazon looking particularly at the ingredients in ayahuasca and their therapeutic qualities covering the most up to date biomedical research psychedelic science and psychopharmacology It also covers all the legal aspects of ayahuasca use Lastly in Part 4 Pinchbeck and Rokhlin question the future of ayahuasca **When Plants Dream** is the first book of its kind to look at the science and expanding culture of ayahuasca from its historical use to its appropriation by the West and the impact it is having on cultures beyond the Amazon

Light at the Edge of the World Wade Davis, 2009-12-01 For more than 30 years renowned anthropologist Wade Davis has traveled the globe studying the mysteries of sacred plants and celebrating the world's traditional cultures His passion as an ethnobotanist has brought him to the very center of indigenous life in places as remote and diverse as the Canadian Arctic the deserts of North Africa the rain forests of Borneo the mountains of Tibet and the surreal cultural landscape of Haiti In **Light at the Edge of the World** Davis explores the idea that these distinct cultures

represent unique visions of life itself and have much to teach the rest of the world about different ways of living and thinking As he investigates the dark undercurrents tearing people from their past and propelling them into an uncertain future Davis reiterates that the threats faced by indigenous cultures endanger and diminish all cultures **Acorns: Windows High-Tide Foghat** Joshua Morris,2013-01-23 Acorns delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around The Maximum of Wilderness Kelly Enright,2012-01-10 Danger in the Congo The unexplored Amazon Long perceived as a place of mystery and danger and more recently as a fragile system requiring our protection the tropical forest captivated America for over a century In The Maximum of Wilderness Kelly Enright traces the representation of tropical forests what Americans have typically thought of as jungles and their place in both our perception of wilderness and the globalization of the environmental movement In the early twentieth century jungle adventure as depicted by countless books and films from Burroughs's Tarzan novels to King Kong had enormous mass appeal Concurrent with the proliferation of a popular image of the jungle that masked many of its truths was the work of American naturalists who sought to represent an authentic view of tropical nature through museums zoological and botanical gardens books and film Enright examines the relationship between popular and scientific representations of the forest through the lives and work of Martin and Osa Johnson who with films such as *Congorilla* and *Simba* blended authenticity with adventure as well as renowned naturalists John Muir William Beebe David Fairchild and Richard Evans Schultes The author goes on to explore a startling shift at midcentury in the perception of the tropical forest from the jungle a place that endangers human life to the rain forest a place that is itself endangered

Shamanism and Vulnerability on the North and South American Great Plains Kathleen Bolling Lowrey,2020-12-01 In Shamanism and Vulnerability on the North and South American Great Plains Kathleen Bolling Lowrey provides an innovative and expansive study of indigenous shamanism and the ways in which it has been misinterpreted and dismissed by white settlers NGO workers policymakers government administrators and historians and anthropologists Employing a wide range of theory on masculinity disability dependence domesticity and popular children's literature Lowrey examines the parallels between the cultures and societies of the South American Gran Chaco and those of the North American Great Plains and outlines the kinds of relations that invite suspicion and scrutiny in divergent contexts in the Americas power and autonomy in the case of Amerindian societies and weakness and dependence in the case of settler societies She also demonstrates that where stigmatized or repressed in practice dependence and power manifest and intersect in unexpected ways in storytelling fantasy and myth The book reveals the various ways in which anthropologists historians folklorists and other writers have often misrepresented indigenous shamanism and revitalization movements by unconsciously projecting ideologies and

assumptions derived from modern contract societies onto ethnographic and historical realities Lowrey also provides alternative ways of understanding indigenous American communities and their long histories of interethnic relations with expanding colonial and national states in the Americas A creative historical and ethnographical reevaluation of the last few decades of scholarship on shamanism disability and dependence Shamanism and Vulnerability on the North and South American Great Plains will be of interest to scholars of North and South American anthropology indigenous history American studies and feminism

The Architecture of Luxury Annette Condello, 2016-03-16 Over the past century luxury has been increasingly celebrated in the sense that it is no longer a privilege or attitude of the European elite or America's leisure class It has become more ubiquitous and now practically everyone can experience luxury even luxury in architecture Focusing on various contexts within Western Europe Latin America and the United States this book traces the myths and application of luxury within architecture interiors and designed landscapes Spanning from antiquity to the modern era it sets out six historical categories of luxury Sybaritic Lucullan architectural excess rustic neoEuropean and modern and relates these to the built and unbuilt environment taking different cultural contexts and historical periods into consideration It studies some of the ethical questions raised by the nature of luxury in architecture and discusses whether architectural luxury is an unqualified benefit or something which should only be present within strict limits The author argues how the ideas of permissible and impermissible luxury have informed architecture and how these notions of ethical approval have changed from one context to another Providing voluptuous settings for the nobles and the leisure class luxury took the form of not only grand palaces but also follies country and suburban houses private or public entertainment venues and ornate skyscrapers with fast lifts The Architecture of Luxury proposes that in Western societies the growth of the leisure classes and their desire for various settings for pleasure resulted in a constantly increasing level of luxury sought within everyday architecture

The Anthropology of Health and Healing Mari Womack, 2010 The Anthropology of Health and Healing provides the first holistic approach to the study of medical anthropology Over the past two decades medical anthropology has been the most rapidly growing subfield in anthropology and a number of medical anthropology texts have been published focusing primarily on public policy and health care delivery systems Yet while anthropologists have researched topics related to medical anthropology for more than one hundred years here Mari Womack thoroughly surveys this richly diverse field and provides an integrated approach that links together the biological psychological social communicative epidemiological philosophical historical and developmental factors that shape health and healing Book jacket

Lost Amazon The Photographic Journey Of Richard Evans Schultes Introduction

In today's digital age, the availability of Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Lost Amazon The Photographic Journey Of Richard Evans Schultes versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public

domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Lost Amazon The Photographic Journey Of Richard Evans Schultes books and manuals for download and embark on your journey of knowledge?

FAQs About Lost Amazon The Photographic Journey Of Richard Evans Schultes Books

1. Where can I buy Lost Amazon The Photographic Journey Of Richard Evans Schultes books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
