Virtually Jewish Ruth Ellen Gruber, 2002-01-15 More than half a century after the Holocaust in countries where Jews make up just a tiny fraction of the population products of Jewish culture or what is perceived as Jewish culture have become very viable components of the popular public domain But how can there be a visible and growing Jewish presence in Europe without the significant presence of Jews Ruth Ellen Gruber explores this phenomenon traveling through Germany Poland the Czech Republic Austria Italy and elsewhere to observe firsthand the many facets of a remarkable trend Across the continent Jewish festivals performances publications and study programs abound Jewish museums have opened by the dozen and synagogues and Jewish quarters are being restored often as tourist attractions In Europe at the beginning of the twenty first century klezmer music concerts exhibitions and cafes with Jewish themes are drawing enthusiastic and often overwhelmingly non Jewish crowds In what ways Gruber asks do non Jews embrace and enact Jewish culture and for what reasons For some the process is a way of filling in communist era blanks For others it is a means of coming to terms with the Nazi legacy or a key to building or rebuilding a democratic and tolerant state Clearly the phenomenon has as many motivations as manifestations Gruber investigates the issues surrounding this virtual Jewish world in three specific areas the reclaiming of the built heritage including synagogues cemeteries and former ghettos and Jewish quarters the representation of Jewish culture through tourism and museums and the role of klezmer and Yiddish music as typical Jewish cultural products Although she features the relationship of non Jews to the Jewish phenomenon Gruber also considers its effect on local Jews and Jewish communities and the revival of Jewish life in Europe Her view of how the trend has developed and where it may be going is thoughtful colorful and very well informed

Horizon Chasers Gerry Max,2007-03-07 Richard Halliburton was the quintessential world traveler of the early 20th century In 1930 his celebrity equaled that of Charles Lindbergh and Amelia Earhart Halliburton called himself a horizon chaser and recommended that one should see the world before committing to a routine Not only did he live up to his ideal but he was eager to write about his adventures A prolific partnership with gifted editor and ghost writer Paul Mooney produced excellent work and theirs became a close personal relationship Sadly Halliburton and Mooney disappeared at sea on March 24 1939 along with the entire crew of Halliburton's Chinese junk Sea Dragon as they attempted to cross the Pacific from Hong Kong to the San Francisco World's Fair This biography records the life and adventures of Halliburton and Mooney focusing as no other Halliburton biography has on the productive literary collaboration between the two Drawing on the recollections of people who knew them both the work discusses their backgrounds the early years of their acquaintance and their possible romantic relationship Finally their fateful journey to Hong Kong and the ill advised voyage of the Sea Dragon is described in detail A good deal of first hand evidence is provided by William Alexander Paul Mooney's best friend and designer of Halliburton's Laguna Beach house Appendices contain seven poems by Mooney and facsimile letters including one of praise written by Richard Halliburton to William Alexander Never before published photographs are also included

Erased Omer Bartov,2015-02-22 In *Erased* Omer Bartov uncovers the rapidly disappearing vestiges of the Jews of western Ukraine who were rounded up and murdered by the Nazis during World War II with help from the local populace What begins as a deeply personal chronicle of the Holocaust in his mother's hometown of Buchach in former Eastern Galicia carries him on a journey across the region and back through history This poignant travelogue reveals the complete erasure of the Jews and their removal from public memory a blatant act of forgetting done in the service of a fiercely aggressive Ukrainian nationalism Bartov a leading Holocaust scholar discovers that to make sense of the heartbreaking events of the war he must first grapple with the complex interethnic relationships and conflicts that have existed there for centuries Visiting twenty Ukrainian towns he recreates the histories of the vibrant Jewish and Polish communities who once lived there and describes what is left today following their brutal and complete destruction Bartov encounters Jewish cemeteries turned into marketplaces synagogues made into garbage dumps and unmarked burial pits from the mass killings He bears witness to the hastily erected monuments following Ukraine's independence in 1991 memorials that glorify leaders who collaborated with the Nazis in the murder of Jews He finds that the newly independent Ukraine with its ethnically cleansed and deeply anti-Semitic population has recreated its past by suppressing all memory of its victims Illustrated with dozens of hauntingly beautiful photographs from Bartov's travels *Erased* forces us to recognize the shocking intimacy of genocide **Shtetl** Jeffrey Shandler,2014-01-15 In *Yiddish shtetl* simply means town How does such an unassuming word come to loom so large in modern Jewish culture with a proliferation of uses and connotations By examining the meaning of *shtetl* Jeffrey Shandler asks how Jewish life in provincial towns in Eastern Europe has become the subject of extensive creativity memory and

scholarship from the early modern era in European history to the present In the post Holocaust era the shtetl looms large in public culture as the epitome of a bygone traditional Jewish communal life People now encounter the Jewish history of these towns through an array of cultural practices including fiction documentary photography film memoirs art heritage tourism and political activism At the same time the shtetl attracts growing scholarly interest as historians social scientists literary critics and others seek to understand both the complex reality of life in provincial towns and the nature of its wide ranging remembrance Shtetl A Vernacular Intellectual History traces the trajectory of writing about these towns by Jews and non Jews residents and visitors researchers novelists memoirists journalists and others to demonstrate how the Yiddish word for town emerged as a key word in Jewish culture and studies Shandler proposes that the intellectual history of the shtetl is best approached as an exemplar of engaging Jewish vernacularity and that the variable nature of this engagement far from being a drawback is central to the subject's enduring interest

Shaping Losses Julia Epstein, Lori Hope Lefkowitz, 2001 Shaping Losses explores how traumatic loss affects identity and how those who are shaped by loss give shape in turn to the empty place where something relationships family culture was and is no longer Taking the example of the decimation of European Jewry during the Nazi era Shaping Losses confronts the problem of transforming trauma into cultural memory This eloquent volume examines how memoirs films photographs art and literature as well as family conversations and personal remembrances embody the impulse to preserve what is destroyed The contributors all distinguished women scholars most of them survivors or daughters of survivors examine classic memorializations such as Claude Lanzmann's film Shoah and Roman Vishniac's photographs of prewar Jews as well as several less well known works They also address ways in which children of survivors of the Holocaust and of other catastrophic traumas struggle with inherited or vicarious memory striving to come to terms with losses that centrally define them although they experience them only indirectly Shaping Losses considers the limitations of Holocaust representations and testimonies that capture shards of the experience but are necessarily selective and reductive Contributors discuss artistic efforts to preserve the rawness of memory to resist redemptive closure in Holocaust narratives and public memorials and to prevent the Holocaust from being sealed in the cold storage of history The authors probe the nature of memory and of trauma studying the use of language within and outside a traumatic context such as Auschwitz and pinpointing the qualities that make traumatic memory ineffable untransmittable and perhaps unreliable Within the haunted terrain of traumatized memory that all Holocaust testimonies inhabit the impulse to give form to emptiness to shape loss emerges as a necessary betrayal a vital effort to bridge the gap between history and memory

American Jewry and the Re-Invention of the East European Jewish Past Markus Krah, 2017-11-20 The postwar decades were not the golden era in which American Jews easily partook in the religious revival liberal consensus and suburban middle class comfort Rather it was a period marked by restlessness and insecurity born of the shock about the Holocaust and of the unprecedented opportunities in American society American Jews responded to loss and opportunity by obsessively engaging with the East European past The proliferation of religious texts on traditional spirituality translations of Yiddish literature historical essays photographs and documents of shtetl culture theatrical and musical events culminating in the Broadway musical *Fiddler on the Roof* illustrate the grip of this past on post 1945 American Jews This study shows how American Jews reimagined their East European past to make it usable for their American present By rewriting their East European history they created a repertoire of images stories and ideas that have shaped American Jewry to this day
