Lost In West Texas Wardlaw:

Lost in West Texas Jim Wayne Corder,1988 I want to hear about such folks as my father and how he knows how to make cement not by recipe but by something in his bones I want to hear how my grandfather learned to plow a straight furrow and why even older men always called him Mister I want to know all of the reasons why those years ago my mother cried when the tomatoes in her garden twisted and died [The Alumni Directory and Service Record of Washington and Lee University](#) Washington and Lee University, Lexington, Va. American Sheep Breeder, 1929 **Congressional Record** United States. Congress, 2001 Coronado's Children J. Frank Dobie, 2010-06-28 This is the best work ever written on hidden treasure and one of the most fascinating books on any subject to come out of Texas Basic Texas Books Written in 1930 *Coronado's Children* was one of J. Frank Dobie's first books and the one that helped gain him national prominence as a folklorist. In it he recounts the tales and legends of those hardy souls who searched for buried treasure in the Southwest following in the footsteps of that earlier gold seeker the Spaniard Coronado. These people, Dobie writes in his introduction, no matter what language they speak are truly Coronado's inheritors. I have called them Coronado's children. They follow Spanish trails, buffalo trails, cow trails; they dig where there are no trails but oftener than they dig or prospect they just sit and tell stories of lost mines of buried bullion by the jack load. This is the tale spinning Dobie at his best, dealing with subjects as irresistible as ghost stories and haunted houses. As entrancing a volume as one is likely to pick up in a month of Sundays. *The New York Times*: Dobie has discovered for us a native Arabian Night. *Chicago Evening Post*: *Chronicle of a Small Town* Jim Wayne Corder, 1989 I want to hear about such folks as my father and how he knows how to make cement not by recipe but by something in his bones. I want to hear how my grandfather learned to plow a straight furrow and why even older men always called him Mister. I want to know all of the reasons why those years ago my mother cried when the tomatoes in her garden twisted and died. Trying to find out such things Jim Corder leads us through the ravines of the Croton Breaks around to the back side of the Double Mountains and through the streets of Jayton and Spur as they are and as they used to be. He takes us right up to gaze at the Big Rock Candy Mountain which however he can't tell us how to find since the day in 1937 when the State Highway Department made it into gravel. Fort Concho and Fort Phantom Hill outhouses and feed mills. Col. Ranald Mackenzie and a lone Comanche, brave high school athletes and desperately lonely teachers all come under his scrutiny and are hauntingly considered for their stories, their limitations and the sense of place they afford. Nostalgia, wonderment and a healthy and imaginative provincialism color the pages of this book which is well illustrated with the author's own pen and ink sketches of the places and things he remembers. The vibrantly concrete details of daily existence in a bygone time in a remote and desolate area of Texas are startlingly juxtaposed with philosophical musings about the limitations all of us face in comprehending even that little bit of life we live. Can poetry or water be found in West Texas? Corder asks at one point. His answer, if such it be, makes it worth our getting lost with him in this journey of the heart and mind.
