Gluck, 2022-12-22 Uncover s the inner creative method in a band that was literally reinventing their music on a gig by gig basis a compelling narrative All About Jazz Miles Davis s Bitches Brew is one of the most iconic albums in American music the preeminent landmark and fertile seedbed of jazz fusion Fans have been fortunate in recent years to gain access to Davis s live recordings from this time when he was working with an ensemble that has come to be known as the Lost Quintet In this book jazz historian and musician Bob Gluck explores the performances of this revolutionary group Davis s first electric band to illuminate the thinking of one of our rarest geniuses and by extension the extraordinary transition in American music that he and his fellow players ushered in Gluck listens deeply to the uneasy tension between this group s driving rhythmic groove and the sonic and structural openness surprise and experimentation they were always pushing toward There he hears and outlines a fascinating web of musical interconnection that brings Davis s funk inflected sensibilities into conversation with the avant garde worlds that players like Ornette Coleman and John Coltrane were developing Going on to analyze the little known experimental groups Circle and the Revolutionary Ensemble Gluck traces deep resonances across a commercial gap between the celebrity Miles Davis and his less famous but profoundly innovative peers The result is a deeply attuned look at a pivotal moment when once disparate worlds of American music came together in explosively creative combinations In discussion informed by interviews with many of the principals and by his own detailed analysis of recordings Gluck examines

each group and its music in depth Choice A look at the profoundly influential but hazily remembered period in the 1970s after Miles went electric when pretty much everything was possible and pretty much everything happened Brooklyn Rail

**The Lost Realms (Book IV)** Zecharia Sitchin,1990-09-01

The Earth Chronicles series is based on the premise that mythology is not fanciful but the repository of ancient memories that the Bible ought to be read literally as a historic scientific document and that ancient civilizations older and greater than assumed were the product of knowledge brought to Earth by the Anunnaki Those Who from Heaven to Earth Came The 12th Planet the first book of the series presents ancient evidence for the existence of an additional planet in the Solar System the home planet of the Anunnaki In confirmation of this evidence recent data from unmanned spacecraft has led astronomers to actively search for what is being called Planet X The subsequent volume The Stairway to Heaven traces man s unending search for immortality to a spaceport in the Sinai Peninsula and to the Giza pyramids which had served as landing beacons for it refuting the notion that these pyramids were built by human pharaohs Recently records by an eye witness to a forgery of an inscription by the pharaoh Khufu inside the Great Pyramid corroborated the book s conclusions The Wars of Gods and Men recounting events closer to our times concludes that the Sinai spaceport was destroyed 4 000 years ago with nuclear weapons Photographs of Earth from space clearly show evidence of such an explosion Such gratifying corroboration of audacious conclusions has been even swifter for The Lost Realms In the relatively short interval between the completion of the manuscript and its publication archaeologists linguists and other scientists have offered a coastal theory in lieu of the frozen trekking one to account for man s arrival in the Americas in ships as this volume has concluded These experts have suddenly discovered 2 000 years of missing civilization in the words of a Yale University scholar confirming this book s conclusion and are now linking the beginnings of such civilizations to those of the Old World as Sumerian texts and biblical verses For the first time the entire Earth Chronicles series is now available in a hardcover collector s edition

*Music Vaults* Mason Scott,AI,2025-02-24 Unreleased Music Vaults explores the intriguing world of lost recordings offering

insights into music history and the creative processes behind celebrated artists It delves into why certain tracks never make it to the public ear examining both artistic choices and industry decisions One surprising fact is how much unreleased material exists often providing a more unfiltered glimpse into an artist s experimentation than their official releases Another insight is the complex role of record labels in archiving and sometimes suppressing music impacting our understanding of musical legacies The book adopts a journalistic approach blending research with accessible writing to appeal to music enthusiasts and students of musicology It is structured in three parts beginning with an introduction to unreleased music progressing through case studies of specific artists and genres and concluding with implications for music preservation and copyright law By analyzing bootleg recordings and leaked tracks alongside archival research the book treats unreleased music as an integral part of an artist s creative output deserving study and preservation

A Lost Colony Hoax Brandon Fullam, 2021-11-02 On November 8 1937 a tourist from California named L E Hammond walked onto the campus of Emory University in Atlanta Georgia carrying a 21 pound rock he had accidentally stumbled upon in North Carolina The barely legible inscription on the rock appeared to be a lengthy message from Eleanor Dare mother of Virginia Dare and it was dated 1591 The inscription told of the trials and tribulations endured by the English colonists after their departure from Roanoke Island in 1587 The authenticity of that stone commonly referred to as the Chowan River Dare Stone has remained an open question since its appearance in 1937 Carefully researched and documented this book finally provides conclusive evidence
