T. Dillon, 2004-10 Called The Roman Socrates Musonius Rufus is a first century Stoic philosopher who was famous for living and teaching the good life

of virtue This book describes his exemplary life his ethical teachings and the practical methods he used to educate people in the good life No armchair philosopher Musonius Rufus was a champion of education marriage equality of the sexes and freedom of the individual But especially he taught how to live a virtuous life in difficult circumstances His methods included Socratic discussion training exercises and close association with students such as Epictetus and other well known figures of the time Above all he was a living example of what he taught Based on the ancient texts and modern scholarship this book is the first comprehensive treatment of Musonius Rufus his life teachings and methods It recounts his active life in dramatic times describes his basic teachings and their application to practical problems of life and systematically examines all aspects of his approach to education *The Crimean Khanate and Poland-Lithuania* Dariusz Kolodziejczyk, 2011-06-22 This is an extensive study supplemented by an edition of relevant sources of the diplomatic contacts between Poland Lithuania and the Crimean Khanate between the early 15th and the late 18th century It contains a chronology of mutual relations a formal analysis of various types of documents and a glimpse into the working of the Crimean chancery where Genghisid and Islamic forms mixed with those borrowed from Christian Europe The book provides a fascinating insight into the intercultural exchange between Catholic Poland with Latin and then Polish as the main chancery language and predominantly Orthodox Lithuania with Ruthenian as the main chancery language on the one hand and the Muslim Crimean Khanate with Khwarezmian Turkic and then Ottoman Turkish as the main chancery language on the other It depicts Eastern Europe as a zone of contact where the relations between Slavs and Tatars were by no means always hostile *Plaster Monuments* Mari Lending, 2022-06-14 We are taught to believe in originals In art and architecture in particular original objects vouch for authenticity value and truth and require our protection and preservation The nineteenth century however saw this issue differently In a culture of reproduction plaster casts of building fragments and architectural features were sold throughout Europe and America and proudly displayed in leading museums The first comprehensive history of these full scale replicas *Plaster Monuments* examines how they were produced marketed sold and displayed and how their significance can be understood today *Plaster Monuments* unsettles conventional thinking about copies and originals As Mari Lending shows the casts were used to restore wholeness to buildings that in reality lay in ruin or to isolate specific features of monuments to illustrate what was typical of a particular building style or era Arranged in galleries and published in exhibition catalogues these often enormous objects were staged to suggest the sweep of history synthesizing structures from vastly different regions and time periods into coherent narratives While architectural plaster casts fell out of fashion after World War I Lending brings the story into the twentieth century showing how Paul Rudolph incorporated historical casts into the design for the Yale Art and Architecture building completed in 1963 Drawing from a broad archive of models exhibitions catalogues and writings from architects explorers archaeologists curators novelists and artists *Plaster Monuments* tells the fascinating story of a premodernist aesthetic and presents a new way of thinking about history's artifacts **The King's Council in**

the Reign of Edward VI D. E. Hoak, 1976-05-20 This book describes the membership business and procedure of the privy council during the minority of Henry VIII's son successor Edward VI. It examines the policy making administrative and quasi-judicial functions of the central institution of Tudor government at a time of war, rebellion, financial instability, reform in the Church, and potentially violent political change. Professor Hoak analyses the way in which through the council a body whose formal existence dated only from 1540 the dukes of Somerset and Northumberland successively governed the realm in the effective absence of a king. He sheds light on the nature of Somerset's failure, Northumberland's purpose and achievements as well as on the techniques by which he controlled both the king and council and the politics of the Reformation in England at the moment of the Protestant's triumph 1549-50. The book demonstrates the extent to which the Edwardian privy council confirmed and continued earlier revolutionary reform in government; it establishes the uniqueness of the place of Edward's council in the history of Tudor government and of royal councils generally in the sixteenth century Europe. **The Roanoke Voyages, 1584-1590** David Beers Quinn, 2017-07-05 Volume I Texts from Hakluyt's Principall Navigations 1589 together with the items added by him in 1600 and much additional material a few documents in summary form. Elinor James Paula McDowell, 2021-03-24 This volume makes available for the first time the complete surviving works of the London printer/author Elinor James c. 1645-1719. Uniquely in the history of early modern women, James wrote, printed, and distributed more than ninety pamphlets and broadsides addressing political, religious, and commercial concerns. Written over a period of 35 years, her works provide us with a running commentary on the major national events of a tumultuous period such as the Revolution of 1688, the Union of England and Scotland in 1707, and the Jacobite uprisings in 1715-16. During her lifetime, England saw the succession of six different monarchs; James petitioned all of them and claimed to have obtained audiences with three. In 1689, she was gaoled in Newgate prison, accused of disseminating seditious material, condemning William III for accepting the English crown. James's texts address a staggeringly broad range of concerns. She petitioned Parliament concerning legislation affecting the printing trades and petitioned fellow printers concerning labour relations in London printing houses. She petitioned City authorities on issues such as the enforcement of bylaws or who to vote for in City and parliamentary elections. It is hoped that by making available all of James's known works, this volume will inspire the

collective efforts of scholars from many different disciplines to decipher her references to contemporary events issues and persons as well as prompting further discoveries of as yet unidentified works

Histories of Peirene Betsey Ann Robinson, 2011 The Peirene Fountain as described by its first excavator Rufus B Richardson is the most famous fountain of Greece Here is a retrospective of a wellspring of Western civilization distinguished by its long history service to a great ancient city and early identification as the site where Pegasus landed and was tamed by the hero Bellerophon Spanning three millennia and touching a fourth Peirene developed from a nameless spring to a renowned source of inspiration from a busy landmark in Classical Corinth to a quiet churchyard and cemetery in the Byzantine era and finally from free flowing Ottoman fountains back to the streams of the source within a living ruin These histories of Peirene as a spring and as a fountain and of its watery imagery form a rich cultural narrative whose interrelations and meanings are best appreciated when studied together The author deftly describes the evolution of the Fountain of Peirene framed against the underlying landscape and its ancient medieval and modern settlement viewed from the perspective of Corinthian culture and spheres of interaction Published with the assistance of the Getty Foundation Winner of the 2011 Prose Award for Professional and Scholarly Excellence in the category of Archaeology Anthropology The Prose Awards are given annually by the Professional and Scholarly Publishing division of the American Association of Publishers
