Cain, 2006 Featuring the smallest trim size and page count of any comparable anthology this appealing new three genre collection encourages students to experience the pleasures of reading literature A Little Literature Reading Writing and Argument offers a compact and economical alternative to bulky anthologies Despite the brevity of this compilation a judicious mix of classic and contemporary selections from Sophocles and Shakespeare to Amy Tan and Tobias Wolff offers ample reading choices for instructors and students Concise yet complete editorial apparatus provides guidance on reading writing and most particularly developing arguments about literature All elements come together to create an engaging and accessible anthology that students will truly enjoy **The Library Journal**, 1998-10 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Before Austen Comes Aesop* Cheri Blomquist, 2021-05-10 Before Austen Comes Aesop presents an in depth examination of the Children's Great Books that is the literature that has made the most profound impact on the lives of children throughout Western history In addition to its invaluable chronological list of titles from ancient times to the present

the book provides both students and their parents the guidance they need to read leisurely or study formally the Children's Great Books at home. The book's premise is that children often do not spend enough time with the literature written or adapted for them before diving into adult works. An experienced teacher, the author argues that children benefit in many ways from lingering longer over literature created for them. The Children's Great Books list includes the classic works that while not written strictly for children were orally passed on to them for generations and are foundational for understanding Western culture. These works include Greek and Roman fables, myths, and epics, European legends, sagas, folk stories, and fairy tales, and the Bible. The list also includes the acclaimed works written specifically for children beginning in the age of the first printing presses and continuing into the late twentieth century. Additionally, acknowledging the changes in children's literature that have occurred since the mid 1960s, the author provides helpful information for discerning which contemporary influential books are appropriate or perhaps inappropriate for one's children. She also includes several appendices that are useful for the study of literature at both the elementary and the secondary levels.

Producing 101 Liz Gill, 2025-10-16 This book offers a step-by-step exploration of a Producer's on-set responsibilities within the context of creating a TV series or feature film. Being a successful Producer requires you to have an intimate understanding of global finances, law, union rules, and negotiating. The role also requires solid filmmaking skills from scriptwriting to scheduling, casting to cutting, and sound mixing to marketing. But most important of all these skills is leadership: building a team and facilitating a collection of highly trained and often artistically temperamental individuals to do their best collective work. This book describes best practice across geographical jurisdictions, identifying key universal principles as well as the specific and unique detail work that make a great Producer. Each chapter offers meaningful advice from experienced industry experts, useful examples, including real-world templates of crucial paperwork and preventative measures that can be implemented. Producers of all backgrounds will benefit from clear, concise writing that outlines industry standard structures, protocols, and processes and why they work. This book will prove invaluable to people starting out in their careers but also those interested in exploring producing who come from other departments such as Assistant Directors, Production Managers, and Line Producers, and those changing formats such as from TV to film.
