MY LIFE AMONG THE SAVAGE NATIONS OF NEW SPAIN. By ANDRÉS PÉREZ DE RIBAS, *Padre Provincial of the Company of Jesus for New Spain (Mexico)*. Translated in condensed form by Tomás Antonio Robertson.

This fascinating history, written by Padre Pérez de Ribas in the year 1644 A.D., was originally titled "Triumphs of our Saintly Faith Among Peoples the Most Barbarous and Savage of the New Orb."

An epic of the incredible achievement of a dedicated group of Jesuit padres in civilizing and converting to Christianity approximately 300,000 Indians over a period of fifty years, it has been described by various historians as *the great work*. Originally printed in Madrid in 1645, it has been quoted extensively but never before translated.

Joining the missionary service in Mexico in 1605, Padre Pérez de Ribas journeyed to the rugged northwestern frontier, the distant province of Sinaloa, a year later. He labored for sixteen years in the missions of Sinaloa, then returned to posts of increasingly higher importance in the City of Mexico, until becoming Padre Provincial, in charge of all the activities of the Jesuit Order in New Spain.

His adventures, adversities and triumphs in the company of the famous Mexican frontiersman, Captain General don Diego Martínez de Huelgaide, then Governor of Sinaloa, are an important part of Pérez de Ribas' memoirs.

The Indians—mainly those of the northwestern mountain and coastal areas, including the fierce Yagui, Mayo, and Zaque tribes—are the principal characters in the story. They were a rugged, savage people. Many were cannibals. It was the task of the courageous Jesuits to change them, as Pérez de Ribas puts it "into rational human beings." The manner in which they accomplished their mission is vividly described in this monumental volume.

Historic Native Peoples of Texas William C. Foster,2009-02-17 An incredibly detailed account of Indigenous lifeways during the initial rounds of European exploration in south central North America Several hundred tribes of Native Americans were living within or hunting and trading across the present day borders of Texas when

Cabeza de Vaca and his shipwrecked companions washed up on a Gulf Coast beach in 1528. Over the next two centuries as Spanish and French expeditions explored the state, they recorded detailed information about the locations and lifeways of Texas's Native peoples. Using recent translations of these expedition diaries and journals along with discoveries from ongoing archaeological investigations, William C. Foster here assembles the most complete account ever published of Texas's Native peoples during the early historic period, AD 1528 to 1722. Foster describes the historic Native peoples of Texas by geographic regions. His chronological narrative records the interactions of Native groups with European explorers and with Native trading partners across a wide network that extended into Louisiana, the Great Plains, New Mexico, and northern Mexico. Foster provides extensive ethnohistorical information about Texas's Native peoples as well as data on the various regions' animals, plants, and climate. Accompanying each regional account is an annotated list of named Indigenous tribes in that region and maps that show tribal territories and European expedition routes. A very useful encyclopedic regional account of the Europeans and Native peoples of Texas who encountered one another during the relatively unexamined two hundred years before the Spanish occupation of Texas and the French establishment of Louisiana. *Southwestern Historical Quarterly*

Beyond the Devil's Road Jeremy Beer, 2024-09-17. The explorations of Francisco Garcés, an intrepid Franciscan friar of the eighteenth century, led to the opening of the first overland route from Mexico to California, produced new knowledge of unmapped terrain and unknown peoples, and revived dreams of Spanish imperial expansion. *Beyond the Devil's Road* tells for the first time the full story of this extraordinary man's epic life and journey and his critical place in the history of the American Southwest. From the moment he took up residence at the lonely mission of San Xavier del Bac in 1768, Garcés stood out among his fellow Spaniards for both the affection he showed the region's Native peoples and his bravery. Traveling thousands of miles through modern Arizona, California, and Nevada to gather information for his superiors and preach to the unbaptized, he engaged the Indians of the Southwest with a respect for their ways and customs unprecedented among his peers, presaging a new and better model for cultural encounters. Along the way, he contacted more Indigenous groups than any other missionary of his time, often as the first European to do so. Garcés also paved the way and served as a guide for the famous expeditions of Juan Bautista de Anza in 1774 and 1775-76, bringing the first Spanish settlers to California. Before the road he'd helped to open led to his death in the Quechan uprising of 1781, Consulting archives on three continents, including previously untapped sources, and Garcés's extensive diaries and letters long obscured by unyielding language and handwriting, Beer crafts a nuanced and thoroughly engaging account of this incomparable explorer, groundbreaking missionary, and central actor in New Spain's final, sustained effort to expand its dominion into the lands that would become the American Southwest.
