Emerson Dobash, Russell P.

Dobash, 2015-04-01 In the United States and Great Britain 20 30% of all homicides involve the killing of a woman by a man In When Men Murder Women Dobash and Dobash two seasoned researchers and longtime collaborators in the study of violence against women reveal what they learned from a three year study that included 866 homicide case files and 200 in depth interviews with murderers in prison They focus on intimate partner murder sexual murder and the murder of older women and compare each of these three types with those in which men murder other men Each type is examined in depth and detail in a separate section that begins with an overview of relevant research and is followed by a comprehensive examination of the murder event and the lifecourse of the perpetrators There has never before been a comprehensive book that has covered the entire scope of homicide cases in which men murder women The result is this essential text for students professionals policy makers and researchers studying violence gender and crime **On the Patio** Bernadette Olson Jessie, 2019-10-21

The author s journey through the criminal justice system highlights the traumatic experiences of offenders as they navigate the confusing and frightening world of punishment Few people have any real concept of what it means to do time Harsh treatment is the intended result of get tough no frills penal values The offensive level of cruelty and human rights abuses in prisons remain largely below the public radar This country s prison experiment has had ravaging effects not just on offenders and their families but also on entire groups of people and whole communities This book explores the criminalization of poverty and mental illness through firsthand accounts of women in various stages of the criminal justice system Critical social problems such as sexual abuse substance abuse mental illness family fragmentation economic instability and social isolation have particularly impacted women Unfortunately society seems to pay little attention to the plight of marginalized women until they break the law Legislators the public and justice officials are then shocked when recidivism rates are high and the women don t seem to have learned their lessons This book chronicles the author s emotional and often painful transformation from a once punitive minded proponent of the system to a prison reform advocate who implores society to demonstrate compassion for offenders and to consider their potential for redemption Current practices in most states fail to

reflect the evidence about what works Rather false representations of crime and criminals fear mongering and political posturing continue to be hallmarks of punitive practices If our ultimate goal is a reduction in crime the author argues that we must assess realistically what is needed for our offenders to succeed this will translate into reduced crime reduced victimization and less human suffering **My life after Oprah** , Women's Rights in Islam Asmaa Shehata,2023-11-20

The issue of Muslim women s rights never seems outdated and has become trendy in the post 9 11 environment That is the mainstream media and Western politicians often view Muslim women as victims of male patriarchy and frequently justify Western involvement in the Middle East and in other Muslim majority counties at least in part to rescue women Within this realm Nawal El Saadawi is a famous Egyptian writer whose writings focus on the struggle of Muslim women and are widely read in the Middle East and many Western societies as well Because of her bold feminist views on politics religions and gender she is described as the Simone de Beauvoir of the Arab world After the death of El Saadawi in 2021 a flurry of arguments and criticism in the Egyptian press and women s press around the world is created in which different social media platforms were filled with numerous comments and discussions of her writings and arguments Whereas some mourned El Saadawi and her dedication to women s issues others celebrated her death wishing her the worst punishment in the afterlife for what they described as her destructive thoughts This monograph genuinely analyzes her views on five controversial issues marriage polygamy divorce inheritance rights and veiling in light of Qur anic exegeses offered by two classical scholars i e Muhammad ibn Jarir Al Tabari and Ismail ibn Umar Ibn Kathir and two contemporary Muslim feminists i e Amina Wadud and Azizah Al Hibri By taking a critical look at her views the book contributes not only to this ongoing debate but adds value to assessing El Saadawi s work and helps readers gain a greater understanding of her writings as well It also enables readers to comprehend the current tension between feminism and Islam by understanding the perspectives of both sides Since El Saadawi s writings are available in the Western countries the book would appeal to academics researchers on Islam and gender and Middle Eastern women as well as to lay audiences interested in women and gender in Muslim societies

Fleisher, 2020-08-13 A fascinating look at the social life of women in prison Intended to shine the light on prison social life in the face of allegations of all sorts of misconduct and deviant behaviors **Wall Tappings** Judith A. Scheffler, 2002 Groundbreaking historical and international anthology of women's prison writings [Excessive Punishment](#) Lauren-Brooke Eisen, 2024-04-09 The United States has by far the world's largest population of incarcerated people More than a million Americans are imprisoned hundreds of thousands more are held in jails This vast system has doled out punishment particularly to people from marginalized groups on an unfathomable scale At the same time it has manifestly failed to secure public safety instead perpetuating inequalities and recidivism Why does the United States see punishment as the main response to social harm and what are the alternatives This book brings together

essays by scholars practitioners activists and writers including incarcerated and formerly incarcerated people to explore the harms of this punitive approach The chapters address a range of issues from policing to prosecution and from how people are treated in prison to the consequences of a criminal conviction Together they consider a common theme We cannot reduce our dependence on mass incarceration until we confront our impulse to punish in ways that are excessive often wildly disproportionate to the harm caused Essays trace how a maze of local state and federal agencies have contributed to mass incarceration and deterred attempts at reform They shed light on how the excesses of America s criminal legal system are entwined with poverty racism and the legacy of slavery A wide ranging and powerful look at the failures of the status quo Excessive Punishment also considers how to reimagine the justice system to support restoration instead of retribution

Women and the Criminal Justice System Katherine Stuart van Wormer, Clemens Bartollas, 2021-12-30 This book presents an up to date analysis of women as victims of crime as individuals under justice system supervision and as professionals in the field The text features an empowerment approach that is unified by underlying themes of the intersection of gender race and class and evidence based research Personal narratives supplement research and statistics to help students connect the text material with real life situations This new edition is informed by consideration of major ongoing social movements such as MeToo Black Lives Matter and the fight to reduce mass incarceration The text stresses contemporary topics such as recognition of lesbian bisexual and transgender issues in juvenile and adult facilities the introduction of trauma informed care in detention centers and prisons the criminalization of Black girls and women the effects of an increasingly militarized police culture and the contributions of Ruth Bader Ginsburg and other influential women With its emphasis on critical thinking this text is ideal for undergraduate courses concerning women in the justice system

The Dingo's Got My Baby Lindy Chamberlain-Creighton, 2012-03-10 In 1980 nine week old Azaria Chamberlain was taken by a dingo from her family s tent near Uluru in Australia s remote Northern Territory Her body was never found In a terrible miscarriage of justice her mother Lindy was wrongfully convicted of her daughter s murder and sentenced to life in prison It was seven years before the conviction was overturned This is the true story behind a tragedy whose echoes reverberated around the world This is the story of a little girl who lived and breathed and loved and was loved She was part of me She grew within my body and when she died part of me died and nothing will ever alter that fact This is her story and mine Lindy Chamberlain Creighton Page after page demolishes the myth and fables that have been spun around a nation s obsession with the baby s disappearance The Sydney Morning Herald What first struck me on meeting Lindy was her sense of humour and surprising lack of bitterness Here is a woman who has been under such macabre and intense public scrutiny and yet through all the tabloid hysteria they haven t managed to capture the real Lindy at all There are so many myths about Lindy and the Chamberlain case that have still not been dispelled and to read this book is to get closer to the truth behind the story that has continued to fascinate Australia for the past 24 years Miranda Otto Actress Lord of the Rings Trilogy

Previously published as *Through My Eyes* in 2004 **Inside This Place, Not of It** Voice of Witness, 2017-08-01 *Inside This Place Not of It* reveals some of the most egregious human rights violations within women's prisons in the United States. In their own words, the thirteen narrators in this book recount their lives leading up to incarceration and their experiences inside, ranging from forced sterilization and shackling during childbirth to physical and sexual abuse by prison staff. Together, their testimonies illustrate the harrowing struggles for survival that women in prison must endure **My Life with Bonnie and Clyde** Blanche Caldwell Barrow, 2012-10-08 Bonnie and Clyde were responsible for multiple murders and countless robberies. But they did not act alone. In 1933, during their infamous run from the law, Bonnie and Clyde were joined by Clyde's brother, Buck Barrow, and his wife, Blanche. Of these four accomplices, only one, Blanche Caldwell Barrow, lived beyond early adulthood, and only Blanche left behind a written account of their escapades. Edited by outlaw expert John Neal Phillips, Blanche's previously unknown memoir is here available for the first time. Blanche wrote her memoir between 1933 and 1939 while serving time at the Missouri State Penitentiary. Following her death, Blanche's good friend and the executor of her will, Esther L. Weiser, found the memoir wrapped in a large, unused Christmas card. Later, she entrusted it to Phillips, who had interviewed Blanche several times before her death. Drawing from these interviews and from extensive research into Depression-era outlaw history, Phillips supplements the memoir with helpful notes and with biographical information about Blanche and her accomplices.
