My Little Pony: The Art of Equestria presents for the first time a deep exploration of the art and illustrations from this beloved animated series. Friendship Is Magic Beginning with the show's premiere and taking readers through its fifth season, the book offers an amazing collection of the art and design that bring this wonderful series to life. The book takes readers behind the scenes of the show and explores how favorite characters and the landscape of Equestria came to look as they are today. Beyond the television show, *My Little Pony: The Art of Equestria* also examines the intriguing fan culture, including the fan art movement inspired by Friendship Is Magic. With a rich array of conceptual art, episode storyboards, and memorable scenes from the show, *My Little Pony: The Art of Equestria* is the ultimate guidebook, collector's item, and fan keepsake. *The My Little Pony G2 Collector's Inventory: an unofficial full color illustrated guide to the second generation of MLP including all ponies, playsets and accessories from 1997 to 2003* Summer Hayes, The My Little Pony toys released between 1997 and 2003 have long been shrouded in mystery. This second generation G2 was unusual and between a completely different style and a limited run, collectors didn't know what they should be looking for, let alone what they were missing. Information about these collectible toys released through Hasbro's Kenner Toys arm was scattered, confused, and incomplete until now. With the release of *The My Little Pony G2 Collector's Inventory*, Summer Hayes has compiled the first illustrated guide of its kind, with large full color photos detailing all the ponies, playsets, and accessories to give many collectors and fans their first look into the lost generation of MLP. With checklists so collectors can keep track of their want lists, as well as a price guide for both loose and mint in box sets to help with buying and selling G2 items, Hayes has collected all of the knowledge about this 6 year span together for the very first time. This new release is the perfect companion piece to the G1 and G3 guides from *The My Little Pony Collector's Inventory* series. *The My Little Pony G2 Collector's Inventory* Summer Hayes, 2010
