

# Mom,

For the times I forgot to thank you,  
For all the *special* things you do,  
For some words that go unspoken,  
Mom...just know that *I love you.*

You always stop and listen,  
to my *triumphs* and my fears,  
*encouraging* and teaching me.  
And *sometimes* drying tears.

And if sometimes I forget to tell you,  
I truly *hope* you see,  
I *appreciate* all the things you do,  
And you mean the *world to me.*

My Mom Is Special Because ,2000-01-01      You Never Call! You Never Write! Joyce Antler,2007-04-02 In *You Never Call You Never Write* Joyce Antler provides an illuminating and often amusing history of one of the best known figures in popular culture the Jewish Mother Whether drawn as self sacrificing or manipulative in countless films novels radio and television programs stand up comedy and psychological and historical studies she appears as a colossal figure intensely involved in the lives of her children Antler traces the odyssey of this compelling personality through decades of American culture She reminds us of a time when Jewish mothers were admired for their tenacity and nurturance as in the early twentieth century image of the Yiddishe Mama a sentimental figure popularized by entertainers such as George Jessel Al Jolson and Sophie Tucker and especially by Gertrude Berg whose amazingly successful Molly Goldberg ruled American radio and television for over 25 years Antler explains the transformation of this Jewish Mother into a brassy voiced smothering and shrewish scourge in Irving Howe s words detailing many variations on this negative theme from Philip Roth s Portnoy s Complaint and Woody Allen s Oedipus Wrecks to television shows such as The Nanny Seinfeld and Will and Grace But she also uncovers a new counter narrative leading feminist scholars and stand up comediennes to see the Jewish Mother in positive terms Continually revised and reinvented the Jewish Mother becomes in Antler s expert hands a unique lens with which to examine vital concerns of American Jews and the culture at large A joy to read *You Never Call You Never Write* will delight anyone who has ever known or been nurtured by a Jewish Mother and it will be a special source of insight for modern parents As Antler suggests in many ways we are all Jewish Mothers today      *Congressional Record* United States. General Accounting Office,1979      **Poems at the Edge of Differences** Renate Papke,2008 This study consists of two parts The first part offers an overview of feminism s theory of differences The second part deals with the textual analysis of poems about mothering by women from India the Caribbean and Africa Literary criticism has dealt with the representation of mothering in prose texts The exploration of lyrical texts has not yet come Since the late 1970s the acknowledgement of and the commitment to difference has been foundational for feminist theory and activism This investigation promotes a differentiated locational feminism Friedman The comprehensive theoretical discussion of feminism s different concepts of gender race ethnicity and mothering builds the foundation for the main part the presentation and analysis of the poems The issue of mothering foregrounds the communicative aspect of women s experience and wants to bridge the gap between theory and practice This study however does not intend to specify mothering as a universal and unique feminine characteristic It underlines a

metaphorical use and discusses the concepts of nurturing maternal practice and social parenthood Regarding the extensive material this study understands itself as an explorative not concluding investigation placed at the intersections of gender studies postcolonial and classical literary studies Most of all it aims at initiating a dialogue and interchange between scholars and students in the Western and the Third World     The Codes of California as Amended and in Force at the Close of the Thirty-sixth Session of the Legislature, 1905 ...: Civil code California,1908     *Civil code California,1905*     Approaches to the Byzantine Family Dr Shaun Tougher,Professor Leslie Brubaker,2013-10-28 The study of the family is one of the major lacunas in Byzantine Studies Angeliki Laiou remarked in 1989 that the study of the Byzantine family is still in its infancy and this assertion remains true today The present volume addresses this lacuna It comprises 19 chapters written by international experts in the field which take a variety of approaches to the study of the Byzantine family and embrace a chronological span from the later Roman to the late Byzantine empire The context is established by chapters focusing on the Roman roots of the Byzantine family the Christianisation of the family and the nature of the family in contemporaneous cultures the late antique west and the Islamic east Key methodological approaches to the Byzantine family are highlighted and discussed in particular prosopographical and life course approaches The contribution of hagiography to the understanding of the Byzantine family is analysed by several authors other chapters on the family and children in art and on the archaeology of the Middle Byzantine house explore the material evidence that can shed light on the Byzantine family Overall the diversity of families that existed in Byzantium blood fictive metaphorical is emphasised and chapters consider the specific cases of ascetic monastic aristocratic and peasant families as well as the imperial family which is illuminated by the comparative case of a Caliphal family The volume is topped and tailed by a Preface and an Afterword by the editors which address the state of the field and consider the way ahead Thus the volume is vital in putting the subject of the Byzantine Family in sharp focus and setting the research agenda for the future     *Working Mother* ,1993-06 The magazine that helps career moms balance their personal and professional lives     **The W.B.A. Review** ,1910
