Oh, Give Me a Home Ann Ronald,2006 A realistic but nostalgic look at the land that is as much a state of mind as it is an actual place examines what it means to be a westerner today and how present actions are shaping the landscapes institutions culture and potential of the American West for future generations Original *The American Indian* R. Rushdoony,2013-11-08 Long before state health care or food stamps before the creation of welfare ghettos in our major cities America s first experiment with socialism and government dependency practically destroyed the American Indian Government experts created the Indian reservations America s churches whole heartedly supported it convinced the reservation would be the key to winning souls for Christianity In 1944 young R J Rushdoony arrived at the Duck Valley Indian Reservation in Nevada as a missionary to the Shoshone and the Paiute Indians For eight years he lived with them worked with them ministered to them and listened to their stories He came to know them intimately both as individuals and as a people This is his story and theirs It is also the story of an experiment that failed disastrously and exercise in statist paternalism and ineffective Christian meddling whose effects ravage the Indians to this day The reservation system debased the people it was meant to serve and the churches failed in their mission until in the end the proud and resourceful Indian was transformed into a defeated man lacking in character This is Rushdoony s eyewitness testimony to that failure Today as America s leaders expand the welfare state and radically transform the entire nation we d do well to reconsider this first experiment in government dependency and a Christianity stripped of God s law before all of the United States is transformed into a massive reservation on a continental scale Rushdoony s description of our past is also an indictment of our statist future **Survey of Conditions of the Indians in the United States** United States.
