Grand-Admiral Von Tirpitz Corrado Pirzio-Biroli, 2016-10-14 Corrado Pirzio Biroli offers a robust defense of the life and career of his great grandfather Grand Admiral Alfred von Tirpitz in this engaging family history. As the creator of the modern German navy, the trusted adviser of Wilhelm II for two decades and an eminence grise during the Weimar Republic, Tirpitz was a central figure in European politics for several decades. While Tirpitz agonized about Hitler's rising power, he could not prevent it, and he felt as though he was too old to assume dictatorial powers. If he had done so, he would have liked to have upheld the Reichstag, which he had always shown respect and counted on. Drawing on personal recollections, unpublished family papers, and thoughtful analysis, the text reveals how Tirpitz had to adapt to a rapidly changing world in which his country went from being a juggernaut that traditional powers tried to rein in to a pariah nation. Trace four generations of one of Europe's most interesting families and discover how Tirpitz proved to be a visionary leader in this account of one of history's most misunderstood and important figures.

My life in Grand Rapids, Michigan Barbara Jean Palmer, This is an autobiographical work of Barbara Jean Palmer who has lived in Grand Rapids, Michigan almost her entire life since she was two years old. Her life experiences started when she was under five years old. But it was when she was in her early teens, her formative years, that her experiences began to have a profound impact on her life and destiny. They were formative years for her in a very special way, shaping her personality as the following years also would validate and solidify her perceptions and beliefs, not only religious but across the economic and sociopolitical spectrum. She was a witness to history and a part of some of the events that shaped Grand Rapids in significant ways through the decades. Her personal experiences also constitute an important part of Grand Rapids history in the sense that they reflect, although from a personal perspective, the cumulative experience of other people with a background similar to hers. Her experiences also reflect some of the events which occurred in a larger context, including national constituting milestones in the long journey toward understanding and harmony among the people of all racial, cultural, historical, and ethnic backgrounds in one of the country's large cities. The work is historical as much as it is autobiographical; it's also contemporary from a local and national perspective because of the fundamental issues it raises and addresses in the quest for a better understanding among all people by focusing on the destiny of the city and of the country as a whole.

The Rainy Spell and Other Korean Stories Ji-moon Suh, 2015-02-24 This anthology of short stories reflects the writer's shared core experience of Korea's trajectory from an inward-looking feudal state through Japanese colony and battle ground for the Korean War to a modernizing society.
