Reading Popol Wuj Nathan C. Henne, 2020-04-14 Popol Wuj is considered one of the oldest books in the Americas Various elements of Popol Wuj have appeared in different written forms over the last two millennia and several parts of Popol Wuj likely coalesced in hieroglyphic book form a few centuries before contact with Europeans Popol Wuj offers a unique interpretation of the Maya world and ways of being from a Maya perspective However that perspective is often occluded since the extant Popol Wuj is likely a copy of a copy of a precontact Indigenous text that has been translated many times since the fifteenth century Reading Popol Wuj offers readers a path to look beyond Western constructions of literature to engage with this text through the philosophical foundation of Maya thought and culture This guide deconstructs various translations to ask readers to break out of the colonial mold in approaching this seminal Maya text Popol Wuj or Popol Vuh in its modern form can be divided thematically into three parts cosmogony the formation of the world tales of the beings who inhabited the Earth before the coming of people and chronicles of different ethnic Maya groups in the Guatemala area Examining thirteen translations of the K'iche' text Henne offers a decolonial framework to read between what translations offer via specific practice exercises for reading studying and teaching Each chapter provides a close reading and analysis of a different critical scene based on a comparison of several translations English and Spanish of a key K'iche' word or phrase in order to uncover important philosophical elements of Maya worldviews that resist precise expression in Indo-European languages Charts and passages are frontloaded in each chapter so the reader engages in the comparative process before reading any leading arguments This approach challenges traditional Western reading practices and enables scholars and students to read Popol Wuj and other Indigenous texts from within the worldview that created them

Standards Forms of Devotion in Early English Poetry Jennifer A. Lorden,2023-11-02 Jennifer Lorden reveals the
importance of deeply felt religious devotion centuries before it is commonly said to arise Her ground breaking study
establishes the hybrid poetics that embodied its form for medieval readers while obscuring it from modern scholars Working
across the divide between Old and Middle English she shows how conventions of earlier English poetry recombine with new
literary conventions after the Norman Conquest These new conventions for example love lyric repurposed as devotional song
created hybrid aesthetics more familiar to modern scholars She argues that this aesthetic as much as changing devotional
practice rendered later affective piety recognizable in a way that earlier affective devotional conventions were not Forms of
Devotion reconsiders the roots and branches of poetic topoi revising commonplaces of literary and religious history This title
