Mukherjee, 2024-02-19 This collection brings together case studies that cover a wide spectrum from Hindu Buddhist Jaina traditions through reformist ventures such as the Brahmos to issues in modern Islam and Judaism The first part of the book explores idioms of self fashioning in global platforms and religious congresses The second part explicates the nature of movements of such ideas Cumulatively they offer fresh and invaluable insights into their histories in modern South Asia against the backdrop of and in relation to wider transcultural global flows Contributors Soumen Mukherjee Toshio Akai Jeffery D Long Arpita Mitra Philip Goldberg Ankur Barua Oyndrila Sarkar Madhuparna Roychowdhury Navras J Aafreedi and Faridah Zaman

Gandhi B.R. Nanda, 2001-12-14 The Hindu Muslim conflict was a major problem during the nineteenth and the early twentieth centuries This book shows how Mahatma Gandhi resolved the conflict and even united the Hindus and the Muslims It presents a detailed introduction to the Khilafat Pan Islamist movement a venture that Gandhi supported wholeheartedly The discussion looks at Gandhi s non cooperation movement which he believed could help bridge the gap between the two communities It discusses concepts such as mass civil disobedience and the Caliphate and studies notable

events such as the brief alliance between the British Raj and the Indian Muslims and the Mappila Rebellion It also takes note of the responses of the British officials towards Gandhi's efforts and the confrontation that nearly occurred between the Viceroy and Gandhi The book introduces readers to some of the people who participated and contributed to these events including the Ali Brothers Syed Ahmad Khan and Ameer Ali

A Voyage to Modernism Sir Sayyid Ahmad Khān, 2011 The nature of Muslim knowledge concerning the West through travel accounts makes for fascinating reading The eighteenth century encounters of Munshi Ihtisamuddin and Mirza Abu Taleb Khan embedded in their travelogues however seem very distant and less urgent With Syed Ahmed however begins an entirely new phase with his interplay between Muslims and the West on the one hand and between Islam and Christianity on the other Even though his portrait of England is sometimes facile his account of his travels opens the door to new questions particularly because this was the period when the relations between Europeans and Indians were at the centre of many debates Consequently passages in the *Musafiran i Landan* introducing Europe and England are historically important enough to merit attention since they are not used merely as fulsome descriptions of Western society's advances but also contain the germ of the justification for an Anglo Muslim rapprochement This makes the *Musafiran i Landan* an important source for the construction of the history of an era Its English translation the first ever to be undertaken in full makes it accessible to those who have no knowledge of Urdu Although several accounts of India and West are available *A Voyage to Modernism* is of special significance Set apart from his later endeavours like the *Tahzibul Akhlaq* and *Asar al Sanadid* it is the Syed's impressions caught in *A Voyage to Modernism* that mattered to all those who knew anything about his standing in public life and his stature as an enlightened reformer in the last quarter of the nineteenth century This eminently readable translation is enriched by editorial interventions by translators and editors of the work and supported by rare archival photographs

Islam and Nationalism in India M.T. Ansari, 2015-10-30 Islam in India as elsewhere continues to be seen as a remainder in its refusal to conform to national and international secular modern norms Such a general perception has also had a tremendous impact on the Muslims of the Indian subcontinent who as individuals and communities have been shaped and transformed over centuries of socio political and historical processes by eroding their world view and steadily erasing their life worlds This book traces the spectral presence of Islam across narratives to note that difference and diversity demographic as well as cultural can be espoused rather than excised or exorcized Focusing on Malabar home to the Mappila Muslim community in Kerala South India and drawing mostly on Malayalam sources the author investigates the question of Islam from various angles by constituting an archive comprising popular administrative academic and literary discourses The author contends that an uncritical insistence on unity has led to a formation in which minor subjects embody an excess of identity in contrast to the Hindu citizen whose identity seemingly coincides with the national This has led to Muslims being the source of a deep seated anxiety for secular nationalism and the targets of a resurgent Hindutva in that they expose the fault lines of a geographically

and socio culturally unified nation An interdisciplinary study of Islam in India from the South Indian context this book will be of interest to scholars of modern Indian history political science literary and cultural studies and Islamic studies **M.A. ANSARI MUSHIRUL HASAN**, The book is a biography of Mushirul Hasan **Moderate or Militant** Mushirul Hasan, 2008-02-13 In this book Mushirul Hasan articulates a vision of Islam or rather the many different kinds of Islam instead of the frightening monolith of popular perception living in harmony with other faiths and of Indian Muslims inheritors of the great Indian civilization living in a plural society Engaging with the debates surrounding the society polity and history of India s Muslims and using historical and literary sources as well as the writings of modern Muslim thinkers like Aziz Ahmad and Mohammad Mujeeb Hasan traces the development of contemporary ideas about Muslims from the mid nineteenth century onwards through British rule and the partition to the present day For Hasan a truly secular reading of Indian history reveals Indian Islam as one that exists in a pluralist milieu *Indian Secularism* Shabnum Tejani, 2021-01-05 Many of the central issues in modern Indian politics have long been understood in terms of an opposition between ideologies of secularism and communalism Observers have argued that recent Hindu nationalism is the symptom of a crisis of Indian secularism and have blamed this on a resurgence of religion or communalism Shabnum Tejani unpacks prevailing assumptions about the meaning of secularism in contemporary politics focusing on India but with many points of comparison elsewhere in the world She questions the simple dichotomy between secularism and communalism that has been used in scholarly study and political discourse Tracing the social political and intellectual genealogies of the concepts of secularism and communalism from the late nineteenth century until the ratification of the Indian constitution in 1950 she shows how secularism came to be bound up with ideas about nationalism and national identity **Aspects of India's International Relations, 1700 to 2000** Jayanta Kumar Ray, 2007 This Volume Is A Modernist Study Of India S International Relations Which Traverses Pre Colonial Colonial And Postcolonial Perspectives Its Fourteen Chapters Discuss Varied Subjects Related To South Asia S Regional And International Relations Like I The Institutionalization Of British Paramountcy In India And Its Effect On The Region S External Relations As Well As Indigenous Responses To Colonial Rule Ii The Influence Of Domestic Variables Upon India S International Relations Iii The Interspersion Of Ethnic Economic And Religious Factors In The Making Of The British Indian Empire And Later Of The Indian State Iv The Paradigms Of Nature Culture State Making On The One Hand And Political Ecology And Cultural Politics Of Natural Resources On The Other V The Changing Character Of Foreign Corporate Involvement In India Vi The Development Of Science And Technology In India And The Activities Of The Armed Forces In India Vii The Fostering Of Formal Arrangements Such As Saarc Or Safta In South Asia And Informal Challenges To India S Security From Non State Actors Viii The Economic Political And Cultural Consequences Of Globalization For India During The Imperial Colonial Phases Ix The Evolution In Creative Writing Of A Discourse On The World Outside India And On India S Relationship With It This Volume Will Be Of Interest To Scholars And Students Of South Asian Studies History
