I Answer with My Life Kathleen Casey, 2017-05-18 Originally published in 1993 This book shows through the oral histories of ordinary women teachers that effective prescriptions for change do not come simply from policy makers The author focuses on the narratives of three groups of teachers in the USA Catholic nuns secular Jewish women and Black women For each of these the individual teachers narratives have been examined for constructions common to the group and these patterns are assembled into a discourse Teachers self identities are considered as are their assessments of the institutions in which they have worked and their relationships with the pupils The text examines how the social role of the teacher is constructed by the lives of these women Incorporating this perspective of diversity into the educational debate this book argues that these less dominant but important voices shouldn't be ignored

My Life / Inside Out Angelo R. Avila, Jr., 2013-02-26 My unstructured upbringing and cares to the wind attitude led to my

frequent incarceration from childhood to adulthood it s a disturbing story which is primarily aimed at the adult reading audience who enjoy reading about reality situations and crime I have always been a reader and to a large extent that helped me become a self taught person Born on the banks of the Colorado River in Arizona and raised up in the Marcos De Niza barrio projects in South Phoenix I experienced the injustices of the cotton fields Maricopa County Juvenile Detention Home and Arizona State Industrial School at Fort Grant Arizona I wandered the desperate streets of Los Angeles and the forlorn railroad tracks alone like a lost person without a purpose in life I was locked up in the jails of Phoenix and Los Angeles before winding up in the California State penitentiary system Upon my release I struggled to stay out of the pen and took the jobs that society at large would never want to take Through numerous personal tragedies incarcerations and unfortunate circumstances I lost control of my life No one was ever able to change my destructive behavior The changes when they occurred came from within me when I could no longer cope with the situations I had cast my self into Looking back I can now see what I couldn t see during those hopeless time periods I was very fortunate to finally be able to leave that life behind me through relationships that believed in me and successfully worked and built myself a civil service work career from which I retired I now spend my days enjoying life s simple pleasures after all my previous tragic missteps My objective in life now is to become an accomplished writer

Perfect Girls, Starving Daughters Courtney E. Martin, 2007-04-17 Why does every one of my friends have an eating disorder or at the very least a screwed up approach to food and fitness writes journalist Courtney E Martin The new world culture of eating disorders and food and body issues affects virtually all not just a rare few of today's young women They are your sisters friends and colleagues a generation told that they could be anything who instead heard that they had to be everything Driven by a relentless quest for perfection they are on the verge of a breakdown exhausted from overexercising binging purging and depriving themselves to attain an unhealthy ideal An emerging new talent Courtney E Martin is the voice of a young generation so obsessed with being thin that their consciousness is always focused inward to the detriment of their careers and relationships Health and wellness joy and love have come to seem ancillary compared to the desire for a perfect body Even though eating disorders first became generally known about twenty five years ago they have burgeoned worsened become more difficult to treat and more fatal 50 percent of anorexics who do not respond to treatment die within ten years Consider these statistics Ten million Americans suffer from eating disorders Seventy million people worldwide suffer from eating disorders More than half of American women between the ages of eighteen and twenty five would prefer to be run over by a truck or die young than be fat More than two thirds would rather be mean or stupid Eating disorders have the highest mortality rate of any psychological disease In Perfect Girls Starving Daughters Martin offers original research

from the front lines of the eating disorders battlefield Drawn from more than a hundred interviews with sufferers psychologists nutritionists sociocultural experts and others her expos reveals a new generation of perfect girls who are obsessive compulsive overachieving and self sacrificing in multiple and often dangerous new ways Young women are told over and over again Martin notes that we can be anything But in those affirmations assurances and assertions was a concealed pressure an unintended message You are special You are worth something But you need to be perfect to live up to that specialness With its vivid and often heartbreaking personal stories Perfect Girls Starving Daughters has the power both to shock and to educate It is a true call to action and cannot be missed Women's Issues for a New Generation Gail Ukockis,2016-05-13 This introductory text on women s issues includes both U S and global issues thus motivating students to see the bigger picture Written in an engaging style that stresses compelling stories over dry facts this book will stimulate class discussion Including men in the discussion of gender equality is also emphasized
