My Mothers Poem And Other Songs Songs And Poems:

My Mother's Poem and Other Songs Micere Githae Mugo, 1994 Micere Mugo's latest work is a powerful and compulsive vintage of declamatory verse. The poems in this collection trenchantly address themselves to such broad-based issues as the current ideological crisis in the emergent American-led new world order, gender relations and African's destiny in the village.

A Feminist Companion to Song of Songs Athalya Brenner-Idan, Carole Fontaine, 2000-03-01 The ten essays in this volume, the majority specially written, engage with questions of voice whose and interplay what kind between received interpretation and resisting female reader and venture into methodological territory familiar and unfamiliar to biblical scholars including autobiographical criticism. Among earlier readers invoked in these pages are Jerome Rashi and Fray Luis de L'On who brush pages with Haitian prostitutes. The three sections of this fresh, colourful and adventurous journey into love, sex, allegory and self inside the Most Sublime Song are Feminist Appropriations, Specific Readings, Allegories and Feminists and The Song of Songs Personalized.

Poems at the Edge of Differences Renate Papke, 2008 This study consists of two parts. The first part offers an overview of feminism's theory of differences. The second part deals with the textual analysis of poems about mothering by women from India, the Caribbean and Africa. Literary criticism has dealt with the representation of mothering in prose texts. The exploration of lyrical texts has not yet come. Since the late 1970s, the acknowledgement of and the commitment to difference has been foundational for feminist theory and activism. This investigation promotes a differentiated locational feminism. Friedman's comprehensive theoretical discussion of feminism's different concepts of gender, race, ethnicity and mothering builds the foundation for the main part, the presentation and analysis of the poems. The issue of mothering foregrounds the communicative aspect of women's experience and wants to bridge the gap between theory and practice. This study, however, does not intend to specify mothering as a universal and unique feminine characteristic. It underlines a metaphorical use and discusses the concepts of nurturing, maternal practice and social parenthood. Regarding the extensive material, this study understands itself as an explorative, not concluding investigation placed at the intersections of gender studies, postcolonial and classical literary studies. Most of all, it aims at initiating a dialogue and interchange between scholars and students in the Western and the Third World. Collected Poems

James Wright, 2012-01-01 Like an underground river, the astonishing poems of Joseph Ceravolo have nurtured American poetry for fifty years, a presence deeply felt but largely invisible. Collected Poems offers the first full portrait of Ceravolo's aesthetic trajectory, bringing to light the highly original voice that was operating at an increasing remove from the currents of the time. From a poetics associated with Frank O'Hara and John Ashbery to an ever more contemplative, deeply visionary poetics similar in sensibility to Zen and Dante, William Blake and St John of the Cross, this collection shows how Ceravolo's poetry takes on a direct, quiet lyricism intensely dedicated to the natural and spiritual life of the individual. As Ron Silliman notes, Ceravolo's later work reveals him to be one of the most emotionally open, vulnerable and self-knowing poets of his

generation Many new pieces including the masterful long poem *The Hellgate* are published here for the first time This volume is a landmark edition for American poetry and includes an introduction by David Lehman *Nineteenth Century Short Title Catalogue* Averro Publications Limited,1984 Writing Through Jerome Rothenberg,2004-05-21 Wide ranging poetry anthology by one of America s most distinguished literary translators **Children in Chinese Art** Ann Elizabeth Barrott Wicks,2002-01-01 Annotation Experts in the fields of Chinese art religion literature and history introduce and illuminate many of the issues surrounding child imagery in China including the frequent use of pictures of children to reinforce social values Topics include a historical overview images of children in song painting poetry at play as icons of good fortune and in stories the childhood of gods and sages folk deities and family pictures The text is accompanied by 100 plus color and b w illustrations A glossary of Chinese characters is included Edited by Wicks art history Miami U Annotation c Book News Inc Portland OR booknews com **My Gentle Spirit-bride** Théodor La Hache,1860 **Unity** ,1911 **A Library of American Literature from the Earliest Settlement to the Present Time: Literature of the republic. pt. 4. 1861-1889** Edmund Clarence Stedman, Ellen Mackay Hutchinson,1890
