Sandy Knox, 2011-06-01 Description This book is about the reality of coping with Bi polar Disorder when it has devastated your world It's about living with Bi polar on benefits as opposed to say Bi polar on Bollinger which is all we've seen on TV and in the press it seems How many sufferers are there who have lost everything to this burden and face a bleak future How many sufferers are alone with it undiagnosed wrongly diagnosed untreated unsupported Sadly there's a deep held view that those particularly single mums claiming mental ill health and state benefits are lazy ignorant parasites who should get a job Those who genuinely want to be treated supported and guided back to work and who long after the episode has passed are faced with crippling confidence and self esteem issues no money and no apparent opportunities are at the mercy of boredom frustration tedium and illness This book highlights these issues takes a poke at the Government addressing problems within the DSS NHS and private psychiatry Bi polar or manic depression whichever term you prefer is hard to put form to hard to describe and harder still for carers friends and family to understand Greater understanding could make the world of difference to the sufferer This book goes some way to providing for the carer a little insight and for the sufferer a little comfort maybe in knowing that there are more
