The Art of Time in Memoir Sven Birkerts, 2014-05-20 The Art Of series is a new line of books reinvigorating the practice of craft and criticism Each book will be a brief witty and useful exploration of fiction nonfiction or poetry by a writer impassioned by a singular craft issue The Art Of volumes will provide a series of sustained examinations of key but sometimes neglected aspects of creative writing by some of contemporary literature's finest practitioners In *The Art of Time in Memoir* critic and memoirist Sven Birkerts

examines the human impulse to write about the self By examining memoirs such as Vladimir Nabokov's *Invitation of a Memory* Virginia Woolf's unfinished *A Sketch of the Past* and Mary Karr's *The Liars Club* Birkerts describes the memoirist's essential art of assembling patterns of meaning stirring to life our own sense of past and present

The Other Walk Sven Birkerts, 2011-09-13 *Other Walk* is a series of autobiographical pieces by the master of reflection and slow time Throughout his life Sven Birkerts one of the country's foremost literary critics has carved out time for himself to walk to swim to read to contemplate Now in his late fifties he has clocked up many thousands of hours of reflection It shows in his prose which proceeds at a refreshingly deliberative pace as it draws the reader into his patterns and rhythms In this deeply appealing and engaging collection of essays Birkerts looks back through his own life as well as at the generations before him and ahead at the lives of his children We read how the writer witnesses his son's frightening sailing accident how he feels when he encounters his own prose from many years ago how finding a cigarette lighter or a lost ring releases a cascade of memories The objects he sees around him old friends remembered places are excavated their layers exposed But most winning of all is the emerging character of Birkerts himself We come to have great respect for this competitive but deeply loyal friend the caring father who respects his children's independence even as he tries to connect with them the traveler the onetime bookseller the writer at all stages of his writing life and throughout it all the attentive passionate reader

Changing the Subject Sven Birkerts, 2015-10-06 Birkerts examines the changes that he has observed in himself and others since allowing a degree of everyday digital technology into his life the distraction induced by reading on the screen the loss of personal agency through reliance on GPS and one stop information resources an increasing acceptance of hive behaviors An unprecedented shift is underway he argues and this transformation is dramatically accelerated and more psychologically formative than any previous technological innovation He finds solace in engagement with art particularly literature and contemplates the countering energies available to us through acts of sustained attention even as he worries that our increasingly mediated existences are a threat to creativity
