Nuevo Desafio Imperial El:

Militarized Lives in the Global South, Volume I Monica Herz, Thiago Rodrigues, 2025-02-14 In this book we propose to tackle militarization trends in Latin America which include the presence of the military organizations in some vital national economic activities the ethics and aesthetics of the military in popular forms of entertainment the active engagement of military personnel in criminal activities the Armed Forces intervention in electoral processes the Armed Forces engagement in the cybersphere and cyberwarfare their participation in civil defense operations their emulation by militias gangs and other armed non state actors We shall consider militarization on multiple scales from the individual body and subjectification processes to international politics from the everyday experiences and practices to the development of national strategies in Latin America and we shall avoid the dichotomy between a militarized moment and space and a demilitarized moment and space

Repensar la sostenibilidad ENRÍQUEZ SÁNCHEZ José María ,DUCE DÍAZ Carmen ,MIGUEL GONZÁLEZ Luis Javier ,2021-01-11 La sostenibilidad cualidad de lo sostenible hace referencia a un proceso que puede alargarse en el tiempo Cuando este proceso lo referimos a cuestiones socio ecol gicas comprobamos c mo desde hace ya largo tiempo no son pocas las voces acreditadas que han puesto sobre aviso del progresivo deterioro ecol gico y sus consecuencias perjudiciales para la vida humana Nuestra obra parte de estas negatividades para repensar la idea de sostenibilidad en sus justos t rminos y as dar cabida a una variedad de aportaciones que ayuden a restituimos dentro de los l mites ecosist micos

Towards Just and Sustainable Economies Peter North, Molly Scott Cato, 2017-04-19 Academics from a range of disciplines and from a number of European and Latin American countries come together to question what it means to have a sustainable society and to ask what role alternative social and solidarity economies can play

BRICS Patrick Bond, Ana Garcia, 2015-08-20 The rise of the BRICS a bloc of emerging economies comprised of Brazil Russia India China and South Africa is one of the defining features of the modern global economy This book explores these nations which seem to be growing at a much faster rate than the developed nations of the Eurozone and North America Will they drag the developed world out of the economic mire Will they force social change and innovation into the tired old world order And politically do they herald a new dawn for democracy or do they represent a continued political repression This edited collection answers these questions by offering critical analysis of the rise of the BRICS economies within the framework of a predatory exclusionary and unequal global capitalism From Chinese oil geopolitics to the ruinous mega events in Brazil the authors provide a new radical way of understanding these controversial developments

The Wiley-Blackwell Encyclopedia of Urban and Regional Studies Anthony M. Orum, 2019-04-15 Provides comprehensive coverage of major topics in urban and regional studies Under the guidance of Editor in Chief Anthony Orum this definitive reference work covers central and emergent topics in the field through an examination of urban and regional conditions and variation across the world It also provides authoritative entries on the main conceptual tools used by anthropologists sociologists geographers and political scientists in the study of cities

and regions Among such concepts are those of place and space geographical regions the nature of power and politics in cities urban culture and many others The Wiley Blackwell Encyclopedia of Urban and Regional Studies captures the character of complex urban and regional dynamics across the globe including timely entries on Latin America Africa India and China At the same time it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today such as those of Friedmann and Sassen on global cities It also includes discussions of recent economic writings on cities and regions such as those of Richard Florida Comprised of over 450 entries on the most important topics and from a range of theoretical perspectives Features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like Frank Lloyd Wright Takes a global perspective with entries providing coverage of Latin America and Africa India and China and the US and Europe Includes biographies of central figures in urban and regional studies such as Doreen Massey Peter Hall Neil Smith and Henri Lefebvre The Wiley Blackwell Encyclopedia of Urban and Regional Studies is an indispensable reference for students and researchers in urban and regional studies urban sociology urban geography and urban anthropology

State Transformations: Classes, Strategy, Socialism, 2021-07-05 It is often remarked that critical and especially Marxist state theory began to lose its central place in the study of comparative politics in the 1980s Ironically this shift occurred just as neoliberal policies were transforming the social form and spatial scales of the state radically restructuring the practices of state economic intervention and extending the capabilities of the coercive arms of the state This volume addresses the impoverishment of state theory over the last decades and insists on the continued salience of class analysis to the study of states The book's title State Transformations reflects several central themes in the comparative study of states the neoliberal restructuring of capitalist states the changing economic and political architecture of imperialism and the prospects of a democratic transformation of capitalist states The essays collected here on these themes are in honor and memory of Leo Panitch whose influential body of work has shaped debates on the state imperialism and socialism over the past four decades Contributors are Clyde W Barrow Caio Bugiato Frank Deppe Ruth Felder Ana Garcia Sam Gindin Doug Henwood Martijn Konings Colin Leys Sebnem Oguz Bryan D Palmer Dennis Pilon Larry Savage Charles Smith Michalis Spourdalakis and Hilary Wainwright

Global Neoliberalism and Education and Its Consequences Dave Hill, Ravi Kumar, 2012-04-06 Written by an impressive international array of education policy analysts educational activists and scholars Global Neoliberalism and Education and its Consequences lays bare the motivations organizations institutions and ideologies underlying the global national and local neoliberalisation of schooling and education

La Impunidad Imperial Roberto Montoya, Fabián Harari, 2024-04-10 En vista del proceso que trata este libro vale la pena realizar un repaso de cómo deber a entenderse La explicación más corriente recurre a la definición clásica de imperialismo desarrollada a fines del siglo XIX y comienzos del XX En ese entonces podía observarse un fenómeno que parecía nuevo aunque no era sino la aceleración del que ya se había gestado en el siglo XVIII la ocupación lisa y llana de regiones enteras en manos de las grandes

potencias convertidas por lo tanto en imperios mundiales que administraban poblaci n de los cinco continentes Los debates para comprender semejante situaci n derivaron en un texto fundacional a cargo de Lenin El Imperialismo etapa superior del capitalismo que si bien no fue el primero en plantearlo s lo expuso en forma clara y sistem tica En este esquema la incursi n de EE UU en Medio Oriente se explica por su voluntad de monopolizar el petr leo y ciertas reas geogr ficas A su vez en esos pa ses donde se realizan combates cuerpo a cuerpo entre la poblaci n y las potencias imperialistas la revoluci n socialista estar a al caer Lo cierto es que empresas de diferentes pa ses incluidas las rusas y chinas han incursionado en el petr leo iraqu La direcci n burguesa local en sus diferentes formas es la que verdaderamente ha venido resistiendo la invasi n y parece que con muy poco temor de armar al proletariado que dirige Lamentablemente a n la revoluci n est muy lejos de Irak y Afganist n Los planteos leninistas trotskistas sobre este punto adolecen de un error inicial niegan la vigencia de la teor a del valor y de la crisis como consecuencia de la ca da de la tasa de ganancia por aumento entre otras variables de la composici n org nica del capital es decir que el capitalismo entra en crisis por su propio desarrollo no por la falta del mismo Si estas ideas fueran ciertas todo el aparato legal explicado por Marx en El Capital ya no tendr a validez Sin embargo la constataci n con la realidad muestra que las leyes descritas por Marx siguen rigiendo los movimientos econ micos Las disputas pol ticas y militares no anulan la competencia por lograr una mayor productividad sino por el contrario y a diferencia de lo que pontifica el credo liberal son expresi n y parte de ella Si un estado invade a otro es porque ha conseguido una acumulaci n suficiente para crear un ej rcito de considerable tama o Es decir su econom a est en condiciones de fabricar o comprar armas m s sofisticadas y destinar mayores recursos a educar y sostener individuos destinados a combatir El Imperialismo no es una etapa diferente del capitalismo ni un fen meno econ mico Es en todo caso una expresi n pol tica de las contradicciones econ micas Las guerras de Corea y de Vietnam no tuvieron como m vil la defensa de ninguna fuente de materias primas ni la competencia entre pulpos Se trataba sencillamente de detener la revoluci n Lo que hace el planteo leninista es politizar la econom a y por esa v a transformar la pol tica en mero reflejo de intereses econ micos inmediatos La pol tica de los EE UU como la de cualquier estado no puede reducirse a la voluntad de un monopolio econ mico Bien sabemos que se trata de un fen meno pol tico pero qu es espec ficamente el Imperialismo El programa que representan los capitales m s concentrados a nivel internacional

Energy Transitions in Latin America Lira Luz Benites Lazaro, Esteban Serrani, 2023-09-30 This book comprehensively analyzes the challenges and opportunities associated with transitioning to sustainable energy systems in Latin America Recognizing that energy transition goes beyond mere changes in energy systems it is also essential to address the imperative of ensuring a just transition and equitable benefits for all particularly for vulnerable populations This recognition emphasizes prioritizing social equity and inclusivity throughout the energy transition process By adopting a critical perspective grounded in multidisciplinary approaches from the social sciences the book delves into the complex energy transition issues exploring the broader social economic and political dimensions involved The book is

divided into four parts Part I highlights the changing energy mix in Latin America and the geopolitical implications of the increasing reliance on renewable sources Part II examines the dilemmas faced by countries that rely on oil and gas revenues and the obstacles they face in transitioning to a low carbon economy Part III analyzes the production technology and costs as limits and opportunities for energy transition and adoption of renewable energies Finally part IV explores energy access and the democratization of energy generation in Latin America including efforts to address energy poverty the growth of distributed energy and prosumers

Energy Transitions in Latin America The Tough Route to Sustainable Development is a valuable resource that will benefit researchers in energy studies and policymakers alike It serves as a comprehensive guide for those seeking to navigate the complexities of energy transitions It is an essential source for fostering informed decision making and driving sustainable development in the region

forum for inter-american research Vol 6 Wilfried Raussert, 2023-07-20 Volume 6 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish

Desafiando al Imperio: Resistencias de los pueblos, gobiernos y la ONU al poder norteamericano Phyllis Bennis, 2008-12-31 En febrero de 2003 millones de personas de todo el mundo salieron a la calle para protestar contra la guerra de Iraq y la ofensiva imperial de los Estados Unidos Aquella movilización fue de tal magnitud que The New York Times afirmó que la opinión pública global se había convertido en la segunda superpotencia Lo que dio una fuerza especial a aquellas protestas fue su alianza aunque fuera efímera con algunos gobiernos que se mostraron inesperadamente dispuestos a hacer frente a la presión de Washington y junto con las Naciones Unidas poner freno a su campaña pública Phyllis Bennis analiza el auge del unilateralismo estadounidense y la doctrina de la guerra preventiva centrándose especialmente en los casos de Iraq e Israel Palestina y examina los retos y las oportunidades para reivindicar las Naciones Unidas como parte del movimiento mundial por la paz Publicado en inglés en 2006 por Arris Books la traducción en español en formato de libro electrónico es publicada por el Transnational Institute e incluye la introducción actualizada en noviembre de 2010 por parte de la autora

La construcción del capitalismo global Leo Panitch, Sam Gindin, 2015-11-27 The all encompassing embrace of world capitalism at the beginning of the twenty first century was generally attributed to the superiority of competitive markets Globalization had appeared to be the natural outcome of this unstoppable process But today with global markets reeling and increasingly reliant on state intervention to stay afloat it has become clear that markets and states aren't straightforwardly opposing forces In this groundbreaking work Leo Panitch and Sam Gindin demonstrate the intimate relationship between modern capitalism and the American state including its role as an informal empire promoting free trade and capital movements Through a powerful historical survey they show how the US has

superintended the restructuring of other states in favor of competitive markets and coordinated the management of increasingly frequent financial crises Radiografía del nuevo campo argentino Carla Gras, Valeria Hernández, 2019-11-20 El campo argentino y la cultura empresarial agropecuaria ya no pueden entenderse ni discutirse recurriendo a denominaciones como vieja elite terrateniente o rentista o atendiendo al rol de organizaciones tradicionales como la Sociedad Rural En los últimos cincuenta años se produjo y se consolidó un proceso de transformación profunda que reconfiguró los rasgos de la burguesía agraria y también el modo en que se piensa a sí misma y piensa su rol en el desarrollo del país Con mirada sociológica Carla Gras y Valeria Hernández explican cómo nacieron y crecieron los agronegocios cómo construyeron su hegemonía desplazando otras visiones y presentándose a la vanguardia de la innovación tecnológica cuáles son los perfiles empresarios que sostienen esta matriz y cuáles los puntos de fuga que pueden ponerla en crisis En un arco que va de 1960 a nuestros días el recorrido se detiene en dos instituciones centrales del empresariado del agro AACREA y AAPRESID En los años sesenta la primera definió el rol del agro como líder de un proyecto modernizador sostenido en los valores de la experimentación técnica y el conocimiento y en la misión moral de servir al bien común En los noventa a tono con un mercado globalizado la segunda resignificó la relación entre agro y desarrollo en clave neoliberal Con la tecnología como pilar del modelo de negocios acompañó la articulación de jugadores locales con jugadores transnacionales y tendió puentes sólidos entre el empresariado y otros ámbitos de circulación de saberes como el médico el académico y el científico Ambas instituciones fueron decisivas para relegitimar al sector y desplazar la discusión por la reforma agraria o la tenencia de la tierra Atentas a la heterogeneidad de los actores de los agronegocios las autoras trazan una radiografía imprescindible del perfil de la clase dominante de los mecanismos para construir hegemonía y de las grietas que permiten imaginar modelos alternativos

Derechos Humanos ante los nuevos desafíos de la globalización Ana Pérez Adroher, Ma Teresa López de la Vieja de la Torre, Eva Hernández Martínez, 2020-12-31 Este es el contexto en el que se encuentra la humanidad en 2020 La Covid 19 es un problema de salud pública agravado por la interconexión entre naciones que requiere de planteamientos y soluciones que impliquen a todos los países Sin un verdadero multilateralismo no se encontrarán soluciones duraderas a la pandemia Algo similar ocurre con los siete desafíos actuales identificados por el Secretario General Aunque estos tengan impactos locales es necesaria una visión global para poder afrontarlos Este dilema del equilibrio entre lo nacional y lo internacional forma parte de un debate más amplio sobre los derechos humanos ante los nuevos desafíos de la globalización debate al que contribuyen los temas desarrollados en los capítulos de este libro desde una aproximación interdisciplinaria En esta obra se reflexiona sobre una variedad de problemáticas relacionadas con la globalización y su impacto en diversos derechos humanos como el derecho de autodeterminación de las comunidades indígenas el derecho a un medio ambiente adecuado el derecho a la salud o los derechos de las personas migrantes Los derechos humanos no se reducen al ámbito jurídico sino que abarcan diferentes materias que exigen un diálogo entre ellas Los autores de los capítulos de este libro pertenecen a distintas ramas de la

academia y aportan interesantes visiones a un debate amplio y en continua evolución sobre los derechos humanos. Son muchas y variadas las maneras en las que se podrá haber estructurado y cada una de ellas aportar a una perspectiva nueva. Esperamos que la presente propuesta sea de utilidad e interés para los lectores encontrando en estos capítulos ideas y debates que ayuden a seguir luchando por la protección y defensa de los derechos humanos.

Proteo (2008), 2008 **El desafío de los valores**, 2007 *El legado de los imperios* Samir Puri, 2022-02-23. Un libro pionero y rompedor que explica cómo la historia de los imperios influye aún en la política actual y en nuestras propias vidas. Por primera vez en milenios vivimos en un mundo sin imperios formales. Pero esto no significa que no sintamos su presencia reverberando a través de la historia. El legado de los imperios examina cómo esa herencia sigue latiendo tras los problemas más espinosos que hoy enfrentamos. Desde las injerencias rusas en Ucrania hasta el Brexit, desde el América primero de Trump a las incursiones de China en África, desde la India de Modi hasta el avispero de Oriente Próximo, Samir Puri proporciona un marco nuevo y audaz para descifrar las complejas rivalidades que se dan entre las diversas potencias. Estructurado por regiones geográficas y abordando temas tan vitales como la seguridad, las políticas interior y exterior o las transacciones comerciales, *El legado de los imperios* desgrana en una apasionante combinación de historia y fino análisis por qué la historia de los imperios nos afecta a todos de manera profunda e indeleble. Una excelente lectura.

Samir Puri ha escrito un libro sosegado, sintético y apasionante. Robert D. Kaplan, bien escrito, completo y juicioso. Un libro estimulante. *New York Times*. Magistral. Samir Puri logra la notable hazaña de ahondar en nuestro autoconocimiento y al mismo tiempo ampliar nuestra comprensión del mundo que nos rodea. Paul Strathern. He aquí un estudio magistral, atractivo y de amplio alcance que invita a reflexionar sobre cómo los vestigios de los imperios pasados influyen en las reglas de funcionamiento del mundo de hoy.

James Daybell **Los nuevos disfraces del Leviatán** Juan Carlos Monedero, 2018-02-12. Hacer política decía Lenin, hace ahora cien años es andar entre precipicios. En el mundo vertiginoso del 1% del calentamiento global y de los campos de refugiados, la política vuelve a ser un ámbito en movimiento en la calle sin rumbo y en las instituciones sin compromiso. La perplejidad política abre paso a la desdemocratización y anuncia nuevas formas de autoritarismo. Ya hay un norte en el Sur y un sur en cada Norte. La globalización neoliberal, hecha para las empresas multinacionales, desafía a los Estados nacionales. Las minorías se encuentran en la aldea global y las mayorías se desencuentran. Hobbes escogió la imagen del Leviatán, un biónico dragón marino, para representar y celebrar en el siglo XVII los Estados absolutistas. Hoy, tras el paréntesis fugaz de los Estados sociales, convivimos con un nuevo monstruo: el neoliberalismo, no menos feroz bajo sus ropajes democráticos. La economía de mercado construye una implacable sociedad de mercado y nos regresa a un mundo de violencia y exclusión propio de otras épocas. Y el Estado. Los cambios estructurales que muestra el siglo XXI parecieron acorralarlo cuando solo con el Estado puede recuperarse el compromiso con las mayorías en nuestros países con las generaciones futuras y con un orden global diferente al de la guerra. Ahí es donde se entiende la necesidad de re fundar la Unión Europea y la UNASUR o de reinventar Naciones Unidas. Sin poder

político no hay esperanza Pero el poder político al tiempo que es solución también es parte del problema No esperis demasiado del fin del mundo decía Stanisław J. Lec En este pesimismo esperanzado no se puede olvidar que debajo de los disfraces del Leviatán siempre está la realidad implacable de un monstruo Y en las relaciones con los monstruos los más débiles siempre son su alimento

Nostálgicos, conversos y cosmopolitas: perfiles de la nueva emigración española Rubén Rodríguez Puertas, 2020-07-01 La fuerte precariedad social y laboral que viene experimentando España en los últimos años ha generado considerables cambios en los comportamientos sociales destacando la aparición de una tendencia hacia el abandono del país por parte de la población joven y principalmente cualificada Con el fin de comprender desde el punto de vista de estos nuevos migrantes cómo son sus procesos migratorios y su inserción sociocultural en los nuevos entornos de acogida el presente trabajo analiza los discursos obtenidos a través de 41 entrevistas en profundidad y un grupo de discusión realizados a parte de los mismos cuando se encontraban residiendo en el exterior durante los años más difíciles de la crisis económica 2008-2015 La fortaleza de esta investigación radica en la construcción de un modelo empírico constituido por tres categorías procesuales Adaptación Nostálgica Adaptación Conversa y Adaptación Cosmopolita que permiten explicar cómo acontecen las transformaciones perceptivas que experimentan estos jóvenes a lo largo de sus trayectos migratorios percepciones en torno a las sociedades de origen y de acogida y de qué forma los comportamientos y conductas inherentes a tales percepciones afectan a sus procesos de adaptación sociocultural en los nuevos contextos a los que acceden

La nación imperial (1750-1918) Josep Maria Fradera, 2017-09-30 Lo que en su día fueron las naciones que alumbraron los grandes imperios monárquicos siguen dibujando en buena medida el mapa de influencias de los poderes actuales de hoy tal vez con la excepción de la siempre diferente aunque no tanto España Tras más de diez años de esfuerzo investigador para recopilar y escribir este libro Josep M. Fradera nos presenta una obra que abarca la historia de los cuatro imperios Gran Bretaña Francia España y Estados Unidos entre 1750 y 1918 Historia imperial y nacional e historia de ideas este ensayo riguroso y documentado puede leerse tanto como el mapa del mundo que se dibuja tras las grandes revoluciones en Europa y América 1780-1830 como y no es menos interesante la historia de la evolución política y social de cuatro imperios con fundamentos liberales y su forma de abordar los derechos de los ciudadanos no metropolitanos Los parlamentos y despachos ministeriales de Londres París Madrid o Washington se alternan con un viaje intelectual apasionante que también lleva al lector a Ciudad del Cabo Calcuta La Habana Argel o Port-au-Prince En definitiva un libro excepcional en la historiografía contemporánea capaz de desvelar el colonialismo y las relaciones entre europeos descendientes de europeos y población nativa en cuatro continentes un relato que ilumina y explica gran parte del mundo que hemos heredado y en el que ahora vivimos
