Linda Reeder

Numbers And Nationhood Writing Statistics In Nineteenth Century Italy:

Numbers and Nationhood Silvana Patriarca,1996-10-03 Numbers and Nationhood explores the rise of statistics as a mode of representation in Italian society during the nineteenth century Silvana Patriarca examines the ideologies that informed numerical productions and the role that statistics played in generating a national image of Italy that nevertheless accentuated its internal territorial divisions This innovative study provides a fresh reading of the historiography of Risorgimento Italy bringing issues of science ideology and representation to the fore A Companion to Nineteenth-Century Europe, 1789 - 1914 Stefan Berger,2008-04-15 This Companion provides an overview of European history during the long nineteenth century from 1789 to 1914 Consists of 32 chapters written by leading international scholars Balances coverage of political diplomatic and international history with discussion of economic social and cultural concerns Covers both Eastern and Western European states including Britain Pays considerable attention to smaller countries as well as to the great powers Compares particular phenomena and developments across Europe Italy's Margins David Forgacs,2014-03-27 Five case studies show how different people and places were marginalized and socially excluded as the Italian nation state was formed **Italy's 'Southern Question'** Jane Schneider,2020-05-31 The Southern Question has been a major topic in Italian political economic and cultural life for a century and more During the Cold War it was the justification for heavy government intervention In contemporary Italy a major part of the appeal of the Lombard League has been its promise to dissociate the South from the North even to the point of secession The South also remains a resonant theme in Italian literature This interdisciplinary book endeavours to answer the following When did people begin to think of the South as a problem Who intellectuals statisticians criminologists political exiles novelists among them some important southerners contributed to the discourse about the South and why Did their view of the South correspond to any sort of reality What was glossed over or ignored in the generalized vision of the South as problematic What consequences has the Question had in controlling the imaginations and actions of intellectuals and those with political and other forms of power What alternative formulations might people create and live by if they were able to escape from the control of the Question and to imagine the political economic and cultural differences within Italy in some other way This timely book reveals how Southern Italians have been affected by distorted versions of a complex reality similar to the discourse of Orientalism In situating the devaluation of Southern Italian culture in relation to the recent emergence of anti mafia ideology in the South and the threat posed to national unity by the Lombard League it also illuminates the world s stiff inter regional competition for investment capital

Empire of Nations Francine Hirsch,2014-11-15 When the Bolsheviks seized power in 1917 they set themselves the task of building socialism in the vast landscape of the former Russian Empire a territory populated by hundreds of different peoples belonging to a multitude of linguistic religious and ethnic groups Before 1917 the Bolsheviks had called for the national self determination of all peoples and had condemned all forms of colonization as exploitative After attaining power

however they began to express concern that it would not be possible for Soviet Russia to survive without the cotton of Turkestan and the oil of the Caucasus In an effort to reconcile their anti imperialist position with their desire to hold on to as much territory as possible the Bolsheviks integrated the national idea into the administrative territorial structure of the new Soviet state In *Empire of Nations* Francine Hirsch examines the ways in which former imperial ethnographers and local elites provided the Bolsheviks with ethnographic knowledge that shaped the very formation of the new Soviet Union The ethnographers who drew inspiration from the Western European colonial context produced all union censuses assisted government commissions charged with delimiting the USSR s internal borders led expeditions to study the human being as a productive force and created ethnographic exhibits about the Peoples of the USSR In the 1930s they would lead the Soviet campaign against Nazi race theories Hirsch illuminates the pervasive tension between the colonial economic and ethnographic definitions of Soviet territory this tension informed Soviet social economic and administrative structures A major contribution to the history of Russia and the Soviet Union *Empire of Nations* also offers new insights into the connection between ethnography and empire

La Mamma Penelope Morris,Perry Willson,2018-06-07 The idea of the *mamma italiana* is one of the most widespread and recognizable stereotypes in perceptions of Italian national character both within and beyond Italy This figure makes frequent appearances in jokes and other forms of popular culture but it has also been seen as shaping the lived experience of modern day Italians of both sexes as well as influencing perceptions of Italy in the wider world This interdisciplinary collection examines the invented tradition of *mammismo* but also contextualizes it by discussing other often contrasting ways in which the role of mothers and the mother son relationship have been understood and represented in culture and society over the last century and a half both in Italy and in its diaspora

The Cost of Living in America, 1800-1980 John A. Garraty,1981 Prices constantly move up and down in response to changes in the supply of and demand for goods But they are also affected by the amount of money and credit that consumers can command

The Invention of Sustainability Paul Warde,2018-07-12 The issue of sustainability and the idea that economic growth and development might destroy its own foundations is one of the defining political problems of our era This groundbreaking study traces the emergence of this idea and demonstrates how sustainability was closely linked to hopes for growth and the destiny of expanding European states from the sixteenth century Weaving together aspirations for power for economic development and agricultural improvement and ideas about forestry climate the sciences of the soil and of life itself this book sets out how new knowledge and metrics led people to imagine both new horizons for progress but also the possibility of collapse In the nineteenth century anxieties about sustainability often driven by science proliferated in debates about contemporary and historical empires and the American frontier The fear of progress undoing itself confronted society with finding ways to live with and manage nature

Living the Revolution Jennifer Guglielmo,2010-05-03 Italians were the largest group of immigrants to the United States at the turn of the twentieth century and hundreds of thousands led and

participated in some of the period's most volatile labor strikes Jennifer Guglielmo brings to life the Italian working class women of New York and New Jersey who helped shape the vibrant radical political culture that expanded into the emerging industrial union movement Tracing two generations of women who worked in the needle and textile trades she explores the ways immigrant women and their American born daughters drew on Italian traditions of protest to form new urban female networks of everyday resistance and political activism She also shows how their commitment to revolutionary and transnational social movements diminished as they became white working class Americans

State-Making in an Age of Revolution, 1830-1880 Christos Aliprantis, Anna Ross, 2025-07-02 How did states expand in the mid nineteenth century While scholars now associate the period after the 1848 revolutions with a striking increase in state activity few have demonstrated how new state building measures were put into practice From France to Hungary and Scandinavia to Spain State Making in An Age of Revolution shows how officials went about implementing reform With original contributions grounded in extensive archival research this volume casts light on the scale at which officials relied on elites professionals and technical experts both inside and outside of government and even from outside their own states to carry out their expanding work Together these findings help us to re think the reach and nature of growing states during these pivotal decades of change

The Cultural Production of Social Movements Robert F. Carley, 2023-06-12 The Cultural Production of Social Movements offers a theory of cultural practices protest tactics strategic planning and deliberation and movement organizational structures ideological contention It is a theory of ideology from below The Cultural Production of Social Movements shows how conflicts both with external political forces and disagreements dissensus and the decision making process internal to social movements produce knowledge and meanings that in turn impact upon and change the practices that contribute to how social movements are structured and organized The Cultural Production of Social Movements theorizes the relationship between consciously held superordinate ideas the changing composition of progressive and oppositional social struggles and the social worlds they hope to inhabit Analyzing the Black Panther Party specifically Kathleen Cleaver's break with the Student Non violent Coordinating Committee and her contributions to the Party Operaismo or Workerism in Italy and the relationship between shifting organizational strategies inventive tactics and novel and expansive ways to theorize class struggles and the communal composition of Worker Recovered Enterprise Movements in contemporary Argentina this book shows how movement ideologies change and how meanings structure organizations mobilizations and futures In The Cultural Production of Social Movements ideology is neither a static set of principles nor is an unconscious orientation towards power and governance Rather it is the contentious democratizing and deliberative processes which become realized as tactics in protests struggles defeats and victories that makes the relationship between movements and what they mean conscious to its participants

Gender, Mediation, and Popular Education in Venice, 1760-1830 Susan Dalton, 2023-10-11 Gender Mediation and Popular Education in Venice 1760 1830 examines how women with enough cultural capital could turn their

identity as representatives of the public those on the receiving end of education to their advantage producing knowledge under the guise of relaying it Author Susan Dalton demonstrates how elite women turned their reputation for ignorance into an opportunity to establish themselves as published authors at the dawn of the nineteenth century in Venice Many literary figures saw women as a group in need of education By deploying essentialist understandings of femininity whereby women possessed superior moral virtue but deficient rationality these women entered the world of print as cultural mediators identified by contemporaries as key players in the social projects of public education and moral edification central to the European Enlightenment Focussing on Isabella Teotochi Albrizzi and Giustina Renier Michiel both renowned Venetian authors Dalton introduces two well known Italian women of letters to English speaking scholars re evaluates the impact of their writing in Italy and raises questions about female authorship across Europe broadens our conceptions of gender norms and enriches our knowledge of a little known period of women s writing in Italy This volume is an essential resource for students and scholars alike interested in women s and gender history early modern history and social and cultural history

Mussolini's National Project in Argentina David Aliano,2012-08-31 During the 1920s and 1930s Mussolini s fascist regime attempted to promote fascist Italy s national project in Argentina bombarding the republic with its propaganda Although politically a failure this propaganda provoked a debate over the idea of a national identity outside the nation state and the potential roles that citizens living abroad could play in their country of origin In propagating an Italian national identity within another sovereign state Mussolini s initiative also inspired heated debate among native Argentines over their own national project as a nation of immigrants Using the experiences of Mussolini s efforts in Argentina as its case study this book demonstrates how national projects take on different meanings once they enter a contested public space It details how both members of the Italian community as well as native Argentines reshaped Italy s national discourse from abroad by entangling it with Argentina s own national project In exploring the way in which nations are imagined constructed and recast both from above as well as from below Mussolini s National Project in Argentina offers new perspectives on the politics of identity formation while providing a transatlantic example of the dynamic interplay between the Italian state and its emigrant communities It is in short a transnational perspective on what it means to belong to a nation *Handbook on*

Sport and Culture Vassil Girginov,Katerina Girginova,2025-10-07 This Handbook adopts an intercultural perspective to present the first systematic analysis of the relationship between culture and sport The Handbook is structured around an innovative analytical framework comprising the seven key dimensions of the culture sport nexus integrating the meanings and structures of sport with the interpretation of culture *Race in Post-Fascist Italy* Silvana Patriarca,2022-02-03 Explores the untold stories of biracial children born to Italian women and Black Allied soldiers in the aftermath of World War Two

National Wealth, Income and the History of Economic Growth Heikki Mikkonen,2025-06-06 Despite its current dominant status economic growth emerged as a field of study and as a political objective only after the Second World War This book

provides an alternative perspective to the Anglo centric historical analysis of growth by turning the focus on Finland and other Nordic countries from the late 19th century until the Second World War Moreover it provides a conceptual history perspective to how economic growth can be examined before the emergence of economic growth as a concept This book places Finland in the context of emerging nation states of the early 20th century Europe and constructs five competing growth conceptions classical liberal agrarian conservative social liberal social democratic and communist With a methodology derived from conceptual history this book presents a framework to study economic growth in the context of nationalism It showcases how ideas related to growth have not been synonymous with capitalism but rather they have been connected to state building and to comparison of economic systems The findings of the book highlight the interwar period as a key turning point in historical analysis of growth This book provides a fresh and a thought provoking account that will be of interest to students and scholars of economic history history of ideas development studies and degrowth and history of capitalism

Politics of Debt and Europe's Relations with the 'South' Stefan Nygard, 2020-07-31 An annual collection of the best research on European and global themes the Annual of European and Global Studies publishes issues with a specific focus each addressing critical developments and controversies in the field Combines a discussion of the multi layered European and global North South divide with an effort to retrieve alternatives to the dominant divisive use of debt as staking out claims against another party Explores the consequences of the erasure of historical temporality in the recent period of e globalizatiione and e individualizatiione as well as new registers for political uses of the past under current conditions Draws on socio political moral philosophical and literary artistic analyses tracing the genealogy of debt through European history Focusing on Europe in a global context to offer critical historical and philosophical perspectives on debt and guilt Debt enables individuals and collectives to function and to expand their space of manoeuvre but it also creates hierarchies and possibilities for domination By drawing on analyses in political philosophy political science sociology history social theory and media studies the essays in this collection discover new and forgotten ways of thinking about debt and North South relations They combine a discussion of the European and global North South divide with an effort to retrieve alternatives to the dominant divisive uses of debt in staking out claims against someone else and as a means of social control

Italy in the Modern World Linda Reeder, 2019-12-12 Providing a comprehensive history of Italy from around 1800 to the present Italy in the Modern World traces the social and cultural transformations that defined the lives of Italians during the 19th and 20th century The book focuses on how social relations class gender and race science and the arts shaped the political processes of unification state building fascism and the postwar world Split up into four parts covering the making of Italy the liberal state war and fascism and the republic the text draws on secondary literature and primary sources in order to synthesize current historiographical debates and provide primary documents for classroom use There are individual chapters on key topics such as unification Italians in the world Italy in the world science and the arts fascism the World Wars the Cold War and Italy in

the 21st century as well as a wealth of useful features for students including Comprehensive bibliographic essays covering each of the four parts 23 images and 12 maps Italy in the Modern World also firmly places both the nation and its people in a wider global context through a distinctly transnational approach It is essential reading for all students of modern Italian history

Health and Healthcare Policy in Italy since 1861 Francesco Taroni, 2022-01-01 Providing a historical overview of healthcare in Italy from its unification in 1861 to the present COVID 19 pandemic this book analyses the political social and cultural impact of Italian healthcare policy and medicine The author examines the development of public health hospitals and primary care and the building of healthcare systems across three political regimes in Italy the liberal period 1861 1914 Fascism 1922 43 and the Italian Republic 1948 to the present day By emphasising the embeddedness of health related legislation in Italy's political and social background this book offers a comparative account of Italian health policy and contrasts this with developments in neighbouring European countries Canada and the United States The book focuses on the Italian government's reaction to the social and political impact of several diseases pellagra cholera malaria and tuberculosis and explores the present day response to the current COVID 19 pandemic A timely and comprehensive read this book will appeal to those teaching and researching Italian history and the history of medicine and healthcare more widely

Taking Stock Michal Kravel-Tovi, Deborah Dash Moore, 2016-06-27 Taking Stock is a collection of lively original essays that explore the cultures of enumeration that permeate contemporary and modern Jewish life Speaking to the profound cultural investment in quantified forms of knowledge and representation whether discussing the Holocaust or counting the numbers of Israeli and American Jews these essays reveal a social life of Jewish numbers As they trace the uses of numerical frameworks they portray how Jews define negotiate and enact matters of Jewish collectivity The contributors offer productive perspectives into ubiquitous yet often overlooked aspects of the modern Jewish experience

The book delves into Numbers And Nationhood Writing Statistics In Nineteenth Century Italy. Numbers And Nationhood Writing Statistics In Nineteenth Century Italy is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Numbers And Nationhood Writing Statistics In Nineteenth Century Italy, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Numbers And Nationhood Writing Statistics In Nineteenth Century Italy
 - Chapter 2: Essential Elements of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy
 - Chapter 3: Numbers And Nationhood Writing Statistics In Nineteenth Century Italy in Everyday Life
 - Chapter 4: Numbers And Nationhood Writing Statistics In Nineteenth Century Italy in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, this book will provide an overview of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy. This chapter will explore what Numbers And Nationhood Writing Statistics In Nineteenth Century Italy is, why Numbers And Nationhood Writing Statistics In Nineteenth Century Italy is vital, and how to effectively learn about Numbers And Nationhood Writing Statistics In Nineteenth Century Italy.
3. In chapter 2, the author will delve into the foundational concepts of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy. This chapter will elucidate the essential principles that need to be understood to grasp Numbers And Nationhood Writing Statistics In Nineteenth Century Italy in its entirety.
4. In chapter 3, this book will examine the practical applications of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy in daily life. This chapter will showcase real-world examples of how Numbers And Nationhood Writing Statistics In Nineteenth Century Italy can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy in specific contexts. The fourth chapter will explore how Numbers And Nationhood Writing Statistics In Nineteenth Century Italy is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, the author will draw a conclusion about Numbers And Nationhood Writing Statistics In Nineteenth Century Italy. The final chapter will summarize the key points that have been discussed throughout the book. The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Numbers And Nationhood Writing Statistics In Nineteenth Century Italy.
