Nurses Story:

The Nurse's Story Carol Gino, 2010-10-12 With uncompromising honesty Carol Gino strips the TV image to reveal the gritty truths of a nurse's life

A Nurse's Story Tilda Shalof, 2005-02-22 The team of nurses that Tilda Shalof found herself working with in the intensive care unit ICU of a big city hospital was known as Laura's Line. They were a bit wild, smart, funny, disrespectful of authority but also caring and incredibly committed to their jobs. Laura set the tone with her quick remarks. Frances from Newfoundland was famous for her improvised recipes. Justine, the union rep, wore t-shirts emblazoned with defiant slogans like "Nurses Care But It's Not in the Budget". Shalof was the one who had been to university. The others accused her of being sooo sensitive. They depended upon one another. Working in the ICU was both emotionally grueling and physically exhausting. Many patients quite simply were dying and the staff strove mightily to prolong their lives. With their skill, dedication and the resources of modern science, they sometimes were almost too successful. Doctors and nurses alike wondered if what they did for terminally ill patients was not in some cases too extreme. A number of patients were admitted when it was too late even for heroic measures. A boy struck down by a cerebral aneurysm in the middle of a little league hockey game. A woman rescued too late from a burning house. It all took its toll on the staff. And yet on good days they thrived on what they did. Shalof describes a colleague who is managing a crashing patient. I looked at her. Nicky was flushed with excitement. She was doing five different things at the same time, planning ahead for another five. She was totally focused in her element, in control, completely at home with the chaos. There was a huge smile on her face. Nurses like to fix things. If they can. Shalof, a veteran ICU nurse, reveals what it is really like to work behind the closed hospital curtains. The drama, the sardonic humour, the grinding workload, the cheerful camaraderie, the big issues and the small all are brought vividly to life in this remarkable book.

[The Language of Kindness](#) Christie Watson, 2018-05-08 1 INTERNATIONAL BESTSELLER A moving, lyrical, beautifully written portrait of a nurse and the lives she has touched. Christie Watson spent twenty years as a nurse and in this intimate, poignant and remarkably powerful book she opens the doors of the hospital and shares its secrets. She takes us by her side down hospital corridors to visit the wards and meet her unforgettable patients. In the neonatal unit, premature babies fight for their lives, hovering at the very edge of survival like tiny Emmanuel, wrapped up in a sandwich bag. On the cancer wards, the nurses administer chemotherapy and long after the medicine stops working, something more important which Watson learns to recognize when her own father is dying of cancer. In the pediatric intensive care unit, the nurses wash the hair of a little girl to remove the smell of smoke from the house fire. The emergency room is overcrowded as ever with waves of alcohol and drug addicted patients as well as patients like Betty, a widow suffering chest pain, frail and alone. And the stories of the geriatric ward. Gladys and older patients like her show the plight of the most vulnerable members of our society. Through the smallest of actions, nurses provide vital care and kindness. All of us will experience illness in our lifetime and we will all depend on the support and dignity that nurses offer us, yet the women and men who form the vanguard of our

health care remain unsung In this age of fear hate and division Christie Watson has written a book that reminds us of all that we share and of the urgency of compassion **Realizing the Future of Nursing: VA Nurses Tell Their Story**

important about them as professionals and how they contribute as team members Starting from an ethical standpoint this book explores the nature of nursing and the dilemmas facing today's professionals The author shares her vision of a new kind of professional a vision which will empower readers to discover fresh meaning in their work and in their role **A Cup of Comfort for Nurses** Colleen Sell,2006-02-13 A collection of more than fifty stories celebrating the hard work nurses perform on a daily basis A Cup of Comfort series presents this heartwarming collection of more than fifty real life stories of comfort solace and healing that honor the frequently undervalued contributions of dedicated nurses to the medical profession

The Nurse in History and Opera Judith Barger,2024-04-08 From Scarabea Artusa's old nurse in Francesco Mannelli's La Maga Fuminata 1638 Venice through the Canadian nursing sisters in Stephanie Martin's Llandovery Castle 2018 Toronto over one hundred nurse characters appear in opera roles ranging from silent cast extra to principal singer The Nurse in History and Opera From Servant to Sister explores that role over the span of opera's existence Judith Barger examines the nurse character in opera within the sociohistorical context of her real life counterparts off stage the progression of the nurse from servant to sister both inside and outside the opera house is a commentary on how society has viewed its women The book then discusses textual and musical interactions between opera's nurses and other characters with attention to what the nurse's role contributes to opera in six categories identified as common to opera's nurses Comic Former Knowledgeable Motherly Scheming and Specialized When viewed through the lens of social history opera's nurse characters merit attention for the glimpse that they offer of a unique musical and dramatic journey from servant to sister and for the commentary that they offer on women's perceived place and status not only on the opera stage but in society as well View the author's website here Judith Barger Author Nurse Historian Music Scholar When the Nurse Becomes a Patient Cortney Davis,2015 Paintings and reflections that share a nurse's personal experience of illness In the summer of 2013 Cortney Davis a nurse practitioner and author who often writes about her interactions with patients underwent routine one day surgery A surgical mishap led to a series of life altering and life threatening complications resulting in two prolonged hospital stays and a lengthy recovery During twenty six days in the hospital Davis experienced how suddenly a caregiver can become a care receiver and what it's like to be on the other side of the sickbed As a nurse she was accustomed to suffering and to the empathy such witnessing can evoke but as a patient she learned new and transforming lessons in pain fear loneliness abandonment and dependency in the fragility of health and life in the necessity of family support and ultimately in the importance of gratitude Once at home Davis wanted to respond to her illness creatively through her writing but the details seemed too intense too raw for words As her recovery progressed she found release in painting discovering an immediate connection between heart and hand between memory and canvas In a series of twelve paintings she reenvisioned episodes of her illness moments that remained and replayed in her consciousness ultimately providing an education in health care more resonant and more authentic than what she had found in nursing textbooks Before serving as a nurse in intensive care

oncology and women's health Davis believed that she understood what hospitalized patients might be experiencing and how they might be coping Her own illness taught her how little she truly knew and how important it is that all caregivers professionals and family members alike become aware of the physical and the inner emotional needs of their seriously ill patients After the twelve paintings were completed Davis wrote brief commentaries for each image She used her remembrances to clarify and expand on her artwork thereby making her personal story accessible to others While every patient's journey and every caregiver's challenges are unique these intimate and revealing paintings and reflections offer a glimpse into the universal aspects of illness and recovery
