Nyanyan Gohnmanan History Migration:

Nyanyan Gohn-Manan Syrulwa Somah, 2003-03-10 I write to you through Bassa of the Niger Congo family western Sudanic subgroup and the Kwa branch of Africa The Bassa are an African people The central theme of this book is that the Bassa have a form of government which shows Bassa people can govern themselves and that they have done so from time immemorial until the interjection of alien leadership philosophy Non Africans should be dissuaded from their concept of African inability to govern themselves Bassa history and leadership shows one aspect of African leadership as well as contributions to human leadership Presenting the Bassa leadership to the world is a clarion call for all Africans to look to their traditional route to design a form of government that fits their culture **Djogbachichuwa: the Liberian**

Anthology Syrulwa Somah, 2012-08-24 Djogbachichuwa is an attempt by the Liberian Literature Project 2012 set forth by the Liberian History Education Development Inc LIHEDE to close this literary gap It is also an attempt to have the rest of the world to read more of Liberian literature through the eyes of Liberians other than themselves It is believed that people who do not know their own history culture or language have nothing of worth and beauty to pass on to successive generations and is thus doomed and condemned to perpetual warfare and poverty The Liberian Literature Anthology Project 2012 is an endeavor to depart from this self defeating historical trend to produce an Anthology of Liberian literature that draws on the tradition of each ethnic subgroup in Liberia The Annual Messages of the Presidents of Liberia 1848-2010 D.Elwood

Dunn, 2011-05-04 Every year since 1848 Liberian presidents have delivered a state of the nation address to the Liberian National Legislature reflecting the various facets of the political social economic and ethno cultural situation of the country Liberia the first and for more than a century the only independent state in Sub Saharan Africa was founded in 1822 by an assortment of American non governmental organizations as an asylum for black Americans Similar to a comprehensive longitudinal study this collection of speeches describes the social and economic development of an African country over a time span of more than a century and a half from 1848 until 2010 As such it represents the first major research contribution to the history of the political system of one of the first countries of the continent to attain independence The speeches illuminate the area of conflict between the autochthonous and the black emigrant populations and also documents the relations with the U S as founding nation and constitutional role model especially in the 19th century The presidents speeches are a rich source of information for gaining a better understanding of Liberia s past and the country s current challenges and future prospects With The Annual Messages of the Presidents of Liberia 1848 2010 the speeches scattered in various Liberian and American archives and libraries have now for the first time been collected and reconstructed in one single edition Biographies of the presidents and a scholarly introduction by the editor supplement the 146 speeches The edition is a valuable source of information on the history and political situation of Africa during the past 163 years The editor and publisher D Elwood Dunn teaches political science at Sewanee The University of the South From 1974 until 1980 he
