Party Politics in the Age of Roosevelt Michael P. Riccards, Cheryl A. Flagg, 2022-04-29 Riccards and Flagg examine in detail the development of Franklin Delano Roosevelt from a young politician in Albany to assistant secretary of the Navy to governor of the state of New York The volume shows how Roosevelt developed his rhetorical skills his art of manipulation and coalition building and his incredible bond to the American people through the Depression and World War II As commander in chief he mastered the leadership skills that made him a great military leader and a political leader who established himself as a paramount figure using control of the Democratic party In the process he solidified the party as a long lasting coalition that set the United States as a world empire *From the Gracchi to Nero* H. H. Scullard, 2013-05-13 Scullard s clear and comprehensive narrative covers the period from 133 BC to 69 AD exploring the decline and fall of the Republic and the establishment of the Pax Romana under the early Principate More than forty years after its first publication this masterful survey remains the standard textbook on the central period of Roman history **The Historical and Institutional Context of Roman Law** George Mousourakis, 2017-03-02 Roman law forms an important part

of the intellectual background of many legal systems currently in force in continental Europe Latin America and other parts of the world This book traces the historical development of Roman law from the earliest period of Roman history up to and including Justinian s codification in the sixth century AD It examines the nature of the sources of law forms of legal procedure the mechanisms by which legal judgments were put into effect the development of legal science and the role of the jurists in shaping the law The final chapter of the book outlines the history of Roman law during the Middle Ages and discusses the way in which Roman law furnished the basis of the civil law systems of continental Europe The book combines the perspectives of legal history with those of social political and economic history Special attention is given to the political development of the Roman society and to the historical events and socio economic factors that influenced the growth and progress of the law Designed to provide a general introduction to the history of Roman law this book will appeal to law students whose course of studies includes Roman law legal history and comparative law It will also prove of value to students and scholars interested in ancient history and classics

Roman Elections in the Age of Cicero Rachel Feig

Vishnia,2012-03-12 Great debate exists amongst classical historians on the nature of Roman republican government Some contend that the Roman Republic was governed by a small group of aristocratic families that entrenched their rule by means of long standing alliances and an intricate network of loyal clients from the lower echelons of society Others contest the definition of the republican government as oligarchic maintaining that the Roman elite did not operate in a political vacuum and that Polybius judgment which concedes a democratic element in the Roman constitution as embodied in the powers of the popular assemblies cannot be simply swept aside This debate has found its way into various scholarly works but until now no single volume has been dedicated specifically to elections and electioneering a sphere where the people according to these interpretations played a central if not a crucial role Roman Elections in the Age of Cicero provides new and intriguing insights into the nature of Roman republican government and the people s actual powers but also addresses questions relevant to elections in our own societies today

Oratory and Political Career in the Late Roman Republic Henriette van

der Blom,2016-08-15 Oratory and Political Career in the Late Roman Republic is a pioneering investigation into the role of oratory in Roman Republican politics

Politics in the Roman Republic: Perspectives from Niebuhr to Gelzer Cary

Michael Barber,2022-09-19 B G Niebuhr the founder of modern history exerts an enduring influence even in death Goethe once claimed Niebuhr still walks around and works Today Niebuhr is a humbler phantom rarely invoked and largely forgotten Similar fates await the shades of Theodor Mommsen Friedrich M nzer and Matthias Gelzer Yet each demands reconsideration and revitalization Their texts remain foundational constituting the conceptual and methodological core of Republican political studies Politics in the Roman Republic re presents the first critical comprehensive Anglophone survey of these scholars influence Its innovative reassessments dispel deep seated misconceptions and emphasize relevance The work s unique re interpretations render it essential reading for any student of Rome specialist and non specialist alike

The

Politics and Poetics of Cicero's Brutus Christopher S. van den Berg, 2023-07-20 Cicero's dialogue on oratory responded to the political crisis of Julius Caesar but ultimately invented modern literary history

Public Opinion and Politics in the Late Roman Republic Cristina Rosillo-López, 2017-06-01 This book investigates the working mechanisms of public opinion in Late Republican Rome as a part of informal politics. It explores the political interaction and sometimes opposition between the elite and the people through various means such as rumours, gossip, political literature, popular verses and graffiti. It also proposes the existence of a public sphere in Late Republican Rome and analyses public opinion in that time as a system of control. By applying the spatial turn to politics, it becomes possible to study sociability and informal meetings where public opinion circulated. What emerges is a wider concept of the political participation of the people, not just restricted to voting or participating in the assemblies.

Empire of the Romans John Matthews, 2021-02-01 A wide-ranging survey of the history of the Roman Empire from its establishment to decline and beyond. *Empire of the Romans* from Julius Caesar to Justinian provides a sweeping historical survey of the Roman empire. Uncommonly expansive in its chronological scope, this unique two-volume text explores the time period encompassing Julius Caesar's death in 44 BCE to the end of Justinian's reign, six centuries later. Internationally recognized author and scholar of Roman history, John Matthews balances broad historical narrative with discussions of important occurrences in their thematic contexts. This integrative approach helps readers learn the timeline of events, understand their significance, and consider their historical sources. Defining the time period in a clear yet not overly restrictive manner, the text reflects contemporary trends in the study of social, cultural, and literary themes. Chapters examine key points in the development of the Roman Empire, including the establishment of empire under Augustus, Pax Romana, and the Antonine Age; the reforms of Diocletian and Constantine; and the fall of the Western Roman Empire. Discussions of the Justinianic Age, the emergence of Byzantium, and the post-Roman West help readers understand the later Roman world and its impact on the subsequent history of Europe. Written to be used as a standalone resource or in conjunction with its companion, Volume II: Selective Anthology, this innovative textbook combines accessible narrative exposition with thorough examination of historical source material. Provides well-rounded coverage of Roman economy, society, law, and literary and philosophical culture. Offers content taken from the author's respected Roman Empire survey courses at Yale and Oxford University. Includes illustrations, maps, and plans, and chapter-by-chapter bibliographical essays. *Empire of the Romans* from Julius Caesar to Justinian is a valuable text for survey courses in Roman history as well as general readers interested in the 600-year time frame of the empire.

[The Landmark Julius Caesar](#) Kurt A. Raaflaub, 2019-02-05 *The Landmark Julius Caesar* is the definitive edition of the five works that chronicle the military campaigns of Julius Caesar. Together, these five narratives present a comprehensive picture of military and political developments leading to the collapse of the Roman republic and the advent of the Roman Empire. *The Gallic War* is Caesar's own account of his two invasions of Britain and of conquering most of what is today France, Belgium, and Switzerland. *The Civil War* describes the conflict in the following year.

which after the death of his chief rival Pompey and the defeat of Pompey's heirs and supporters resulted in Caesar's emergence as the sole power in Rome. Accompanying Caesar's own commentaries are three short but essential additional works known to us as the Alexandrian War, the African War, and the Spanish War. These were written by three unknown authors who were clearly eyewitnesses and probably Roman officers. Caesar's clear and direct prose provides a riveting depiction of ancient warfare and not incidentally a persuasive portrait for the Roman people and for us of Caesar himself as a brilliant, moderate and effective leader, an image that was key to his final success. Kurt A. Raaflaub's masterful translation skillfully brings out the clarity and elegance of Caesar's style, and this together with such landmark features as maps, detailed annotations, appendices and illustrations will provide every reader, from lay person to scholar, with a rewarding and enjoyable experience. With 2 color text maps and illustrations throughout, web essays available at <http://www.thelandmarkcaesar.com>

Why Cicero Matters Vittorio Bufacchi, 2023-10-19. Why Cicero Matters shows us how the Roman philosopher and statesman Marcus Tullius, better known as Cicero, can help realize a new political world. His impact on humanitarianism, the Enlightenment, and the Founding Fathers of America is immense. Yet we give Julius Caesar all our attention. Why? What does this say about modern politics and political culture? This book gives us Cicero as an antidote to the myth of the strong man of history. Reading Cicero's *On Duties* alongside two more introspective philosophical texts, *On Friendship* and *On Old Age*, we see how Cicero turned politics into a higher intellectual form of art, believing in education, in culture, and above all, in the power of philosophy to instill morality. Cicero has reassuring words on the indispensable work philosophers make and why the common good needs philosophy. In an age when anti-intellectualism runs rampant, Why Cicero Matters introduces us to an ancient thinker who argues culture is or ought to be the foundation of any modern democracy and books its building blocks.

Pompey, Cato, and the Governance of the Roman Empire Kit Morrell, 2017-03-16. Provincial governance under the Roman republic has long been notorious for its corrupt officials and greedy tax farmers, though this is far from being the whole story. This book challenges the traditional picture, contending that leading late republican citizens were more concerned about the problems of their empire than is generally recognized and took effective steps to address them. Attempts to improve provincial governance over the period 70-50 BC are examined in depth, with a particular focus on the contributions of Gnaeus Pompeius Magnus, Pompey, and the younger Marcus Porcius Cato. These efforts ranged well beyond the sanctions of the extortion law, encompassing show trials and model governors, and drawing on principles of moral philosophy. In 52-50 BC they culminated in a coordinated reform programme which combined far-sighted administrative change with a concerted attempt to transform the ethos of provincial governance, the union of what Cicero called Cato's policy of ethical governance with Pompey's *lex de provinciis*, a law which transformed the very nature of provincial command. Though more familiar as political opponents, Pompey and Cato were united in their interest in good governance and were capable of working alongside each other to effect positive change. This book demonstrates that it was

their eventual collaboration in the late 50s BC that produced the republic's most significant programme of provincial reform. In the process it offers a new perspective on these two key figures as well as an enriched understanding of provincial governance in the late Roman republic.

Afterlives of Augustus, AD 14-2014 Penelope J. Goodman, 2018-04-26 The bimillennium of Augustus' death on 19 August 2014 commemorated not only the end of his life but also the beginning of a two thousand year reception history. This volume addresses the range and breadth of that history. Beginning with the Emperor's death and continuing through Late Antiquity, Early Christianity, the Middle Ages, the Renaissance and early modernity to the present day, chapters address political positioning, religious mythologisation, philosophy, rhetoric, narratives, memory and material embodiment. As they collectively reveal, Augustus has meant radically different things from one time and place to another, and even to some individual commentators as the circumstances around them changed. The weight of established narratives has often also shaped those of subsequent generations, with or without their conscious awareness. The book outlines and analyses the major themes in Augustus' reception history, clarifying the cultural and historiographical issues at stake and providing a platform for further scholarship.

The Athenian Democracy in the Age of Demosthenes Mogens Herman Hansen, 1999 The Athenian democracy of the fifth and fourth centuries B.C. is the most famous and perhaps most nearly perfect example of direct democracy. Covering the period 403-322 B.C., Mogens Herman Hansen focuses on the crucial last thirty years which coincided with the political career of Demosthenes. Hansen distinguishes between the city's seven political institutions: the Assembly, the nomothetai, the People's Court, the boards of magistrates, the Council of Five Hundred, the Areopagos and the boulomenos. He discusses how Athenians conceived liberty both as the ability to participate in the decision-making process and as the right to live without oppression from the state or other citizens. Equality was conceived of as an equality not of nature but of opportunity.

Mark Antony Eleanor Goltz Huzar, 1978

Ancient Rome Christopher S. Mackay, 2004 Sample Text

The Life of the Parties James Reichley, 2000 Election year 2000 is an appropriate season to reprise the first major history of American political parties in nearly forty years. In this classic work, James Reichley traces the decline of political parties, resulting in divided government and an ineffectual political process, but he also shows us what it will take to restore the party system and how it could work to revitalize our democracy. For the first time in paperback, *The Life of the Parties* includes updates on third party movements, political cycles and realignments, campaign finance reform and other recent electoral trends. Citizens disillusioned by years of political disarray will find much to reflect upon in Reichley's monumental analysis of the lessons of party history and our contemporary political predicament.

If you ally habit such a referred **Party Politics In The Age Of Caesar** books that will have enough money you worth, acquire the categorically best seller from us currently from several preferred authors.
