## **Party Politics In The Continental Congress:**

**Party Politics in the Continental Congress** Herbert James Henderson, 1974 *A Leap in the Dark* John Ferling, 2003-06-12 It was an age of fascinating leaders and difficult choices of grand ideas eloquently expressed and of epic conflicts bitterly fought Now comes a brilliant portrait of the American Revolution one that is compelling in its prose fascinating in its details and provocative in its fresh interpretations In *A Leap in the Dark* John Ferling offers a magisterial new history that surges from the first rumblings of colonial protest to the volcanic election of 1800 Ferling's swift moving narrative teems with fascinating details We see Benjamin Franklin trying to decide if his loyalty was to Great Britain or to America and we meet George Washington when he was a shrewd planter businessman who discovered personal economic advantages to American independence We encounter those who supported the war against Great Britain in 1776 but opposed independence because it was a leap in the dark Following the war we hear talk in the North of secession from the United States The author offers a gripping account of the most dramatic events of our history showing just how closely fought were the struggle for independence the adoption of the Constitution and the later battle between Federalists and Democratic Republicans Yet without slowing the flow of events he has also produced a landmark study of leadership and ideas Here is all the erratic brilliance of Hamilton and Jefferson battling to shape the new nation and here too is the passion and political shrewdness of revolutionaries such as Samuel Adams and Patrick Henry and their Loyalist counterparts Joseph Galloway and Thomas Hutchinson Here as well are activists who are not so well known today men like Abraham Yates who battled for democratic change and Theodore Sedgwick who fought to preserve the political and social system of the colonial past Ferling shows that throughout this period the epic political battles often resembled today's politics and the politicians the founders played a political hardball attendant with enmities selfish motivations and bitterness The political stakes this book demonstrates were extraordinary first to secure independence then to determine the meaning of the American Revolution John Ferling has shown himself to be an insightful historian of our Revolution and an unusually skillful writer *A Leap in the Dark* is his masterpiece work that provokes enlightens and entertains in full measure

**Encyclopedia of U.S. Political History** Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieooui Unparalleled coverage of U S political development through a unique chronological framework *Encyclopedia of U S Political History* explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the *Encyclopedia of U S Political History* identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the *Encyclopedia* brings exceptional breadth and depth to the topic with more than

**VOLUME 2 The Early Republic 1784-1840** Volume Editor Michael A Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system

### **Encyclopedia of the Age of Political Revolutions and New Ideologies, 1760-1815** Gregory

Fremont-Barnes, 2007-09-30 By giving rise to new ideologies that in time transformed the political structure of much of the world the American and French Revolutions stand as two of the most important political events in global history The American establishment of a Republican government and the gradual expansion of democracy that ensued altered traditional political and social thought thus shaping the later French Revolution and creating the core ethic of later American political values The Enlightenment ideals of the French Revolution as later spread by the armies of Napoleon dissolved most traditional European notions of political authority This encyclopedia offers current detailed information on the people events movements and ideas that defined the revolutions in France and America as well as in other parts of the world during the late eighteenth century Age of Revolutions Besides numerous entries on various countries of Europe whose histories were affected by the French Revolution such as Austria Belgium Germany Poland and Russia the many entries covering the people events groups and ideologies of Revolutionary and Napoleonic France include the following Civil Constitution of the Clergy Georges Jacques Danton The Directory Guillotine Josephine Empress of France Law of Suspects The Mountain Prairial Insurrection Tennis Court Oath White Terror Besides various entries covering American colonies states such as Maryland New Jersey North Carolina and Virginia the numerous entries covering the figures events and ideologies of the American Revolution and Early Federal Period of the United States include the following Abigail Adams Boston Massacre Constitutional Convention William Franklin Lexington and Concord Actions at Loyalists Massachusetts Government Act Edmund Randolph Signers of the Declaration of Independence Finally the encyclopedia offers various entries covering important revolutionary

figures and movements that were active in other parts of the world during the period 1760-1815 including the following: Simon Bolivar, Dutch Revolutions, Haitian Revolution, Hispaniola, Latin American Revolutions, Mexican Revolution, Pugachev Rebellion, Toussaint l'Ouverture. Besides over 450 clearly written and highly informative entries, the encyclopedia also includes primary documents, a chronology, an extensive introductory essay, a bibliography, a guide to related topics, and a series of useful maps.

*Encyclopedia of U.S. Political History*, Andrew Robertson, Michael A. Morrison, William G. Shade, Robert Johnston, Robert Zieger, Thomas Langston, Richard Valelly, 2010-04-01. Unparalleled coverage of U.S. political development through a unique chronological framework. *Encyclopedia of U.S. Political History* explores the events, policies, activities, institutions, groups, people, and movements that have created and shaped political life in the United States. With contributions from scholars in the fields of history and political science, this seven-volume set provides students, researchers, and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day. With greater coverage than any other resource, the *Encyclopedia of U.S. Political History* identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions, culture, behavior, and change. Focusing on both government and history, the *Encyclopedia* brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered. With each volume covering one of seven time periods that correspond to key eras in American history, the essays and articles in this authoritative encyclopedia focus on the following themes of political history: The three branches of government; Elections and political parties; Legal and constitutional histories; Political movements and philosophies; and key political figures; Economics; Military politics; International relations, treaties, and alliances; Regional histories. Key Features: Organized chronologically by political eras; Reader's guide for easy topic searching across volumes; Maps, photographs, and tables enhance the text. Signed entries by a stellar group of contributors.

**VOLUME 1: Colonial Beginnings through Revolution, 1500-1783**. Volume Editor: Andrew Robertson, Herbert H. Lehman College. The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic. This volume discusses the diversity of the colonial political experience, a diversity that modern scholars have found defies easy synthesis, as well as the long-term conflicts, policies, and events that led to revolution and the ideas underlying independence.

**VOLUME 2: The Early Republic, 1784-1840**. Volume Editor: Michael A. Morrison, Purdue University. No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic. This volume discusses the era of Confederation, the shaping of the U.S. Constitution, and the development of the party system.

**VOLUME 3: Expansion, Division, and Reconstruction, 1841-1877**. Volume Editor: William G. Shade, Lehigh University, emeritus. This volume examines three decades in the middle of the nineteenth century which witnessed the emergence of the debate over slavery in the territories which eventually led to the Civil War, the military conflict itself from 1861 until 1865, and the process of Reconstruction which ended with the readmission of all of the former Confederate States to the Union and the withdrawal of

the last occupying federal troops from those states in 1877 VOLUME 4 From the Gilded Age through the Age of Reform 1878 1920 Volume Editor Robert Johnston University of Illinois at Chicago With the withdrawal of federal soldiers from Southern states the previous year 1878 marked a new focus in American politics and it became recognizably modern within the next 40 years This volume focuses on race and politics economics labor and capitalism agrarian politics and populism national politics progressivism foreign affairs World War I and the end of the progressive era VOLUME 5 Prosperity Depression and War 1921 1945 Volume Editor Robert Zieger University of Florida Between 1921 and 1945 the U S political system exhibited significant patterns of both continuity and change in a turbulent time marked by racist conflicts the Great Depression and World War II The main topics covered in this volume are declining party identification the Roosevelt Coalition evolving party organization congressional inertia in the 1920s the New Deal Congress during World War II the growth of the federal government Franklin D Roosevelt s presidency the Supreme Court s conservative traditions and a new judicial outlook VOLUME 6 Postwar Consensus to Social Unrest 1946 1975 Volume Editor Thomas Langston Tulane University This volume examines the postwar era with the consolidation of the New Deal the onset of the Cold War and the Korean War It then moves into the 1950s and early 1960s and discusses the Vietnam war the era of John F Kennedy the Cuban Missile Crisis the Civil Rights Act Martin Luther King and the Voting Rights Act antiwar movements The War Powers Act environmental policy the Equal Rights Amendment Roe v Wade Watergate and the end of the Vietnam War VOLUME 7 The Clash of Conservatism and Liberalism 1976 to present Volume Editor Richard Valelly Swarthmore College The troubled Carter Administration 1977 1980 proved to be the political gateway for the resurgence of a more ideologically conservative Republican party led by a popular president Ronald Reagan The last volume of the Encyclopedia covers politics and national institutions in a polarized era of nationally competitive party politics and programmatic debates about taxes social policy and the size of national government It also considers the mixed blessing of the change in superpower international competition associated with the end of the Cold War Stateless terrorism symbolized by the 9 11 attacks the continuing American tradition of civil liberties and the broad change in social diversity wrought by immigration and the impact in this period of the rights revolutions are also covered

**The American Revolution 1775-1783** Richard L. Blanco, 2020-12-06 This definitive encyclopedia originally published in 1983 and now available as an ebook for the first time covers the American Revolution comes in two volumes and contains 865 entries on the war for American independence Included are essays ranging from 250 to 25 000 words on major and minor battles and biographies of military men partisan leaders loyalist figures and war heroes as well as strong coverage of political and diplomatic themes The contributors present their summaries within the context of late 20th Century historiography about the American Revolution Every entry has been written by a subject specialist and is accompanied by a bibliography to aid further research Extensively illustrated with maps the volumes also contain a chronology of events glossary and substantial index

*Colonial America: An Encyclopedia of Social, Political, Cultural, and*

*Economic History* James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre-contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America's colonial heritage vibrantly to life for today's readers It includes thematic essays on major issues and topics detailed A-Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes *History of American Politics (non-partisan)* Houghton, 1882

**Reader's Guide to American History** Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

[The Sacred Fire of Liberty](#) Lance Banning, 1995 Banning's history of Kentucky argues that Madison was not an intellectual pragmatist who reacted variably to the changing circumstances of the Revolution and the Confederation Rather Madison held to consistent principles and was at once a more committed democrat and a less eager nationalist

**Light-Horse Harry Lee and the Legacy of the American Revolution** Charles Royster, 1994-07-01 In *Light Horse Harry Lee and the Legacy of the American Revolution* Charles Royster takes an ingenious creative approach in his consideration of the life of one of the American Revolution's heroes Having fought valiantly to bring about a victory for the colonies Henry Light Horse Harry Lee 1756-1818 envisioned the new country as a virtuous and prosperous classical republic and eventually aligned himself with the Federalist party He served as governor of Virginia and as a congressman but he grew increasingly isolated disillusioned and bitter as the nation moved in a direction more in line

with the Jeffersonian democratic principles After going bankrupt and then suffering an attack by an angry mob Lee exiled himself to the West Indies to escape his debts and save his family's honor including that of his son the future General Robert E Lee and returned to the United States only several weeks before his death Royster argues that Lee's tragic life was different only in degree from those of many other patriots of the Revolution who viewed the peacetime fruits of their efforts with disappointment How Lee and others like him shaped the American Revolution and were shaped by it is the theme of this provocative character study

Rethinking America John M. Murrin, 2018-04-02 For five decades John M Murrin has been the consummate historian's historian This volume brings together his seminal essays on the American Revolution the United States Constitution and the early American Republic Collectively they rethink fundamental questions regarding American identity the decision to declare independence in 1776 and the impact the American Revolution had on the nation it produced By digging deeply into questions that have shaped the field for several generations Rethinking America argues that high politics and the study of constitutional and ideological questions broadly the history of elites must be considered in close conjunction with issues of economic inequality class conflict and racial division Bringing together different schools of history and a variety of perspectives on both Britain and the North American colonies it explains why what began as a constitutional argument that virtually all expected would remain contained within the British Empire exploded into a truly subversive and radical revolution that destroyed monarchy and aristocracy and replaced them with a rapidly transforming and chaotic republic This volume examines the period of the early American Republic and discusses why the Founders' assumptions about what their Revolution would produce were profoundly different than the society that emerged from the American Revolution In many ways Rethinking America suggests that the outcome of the American Revolution put the new United States on a path to a violent and bloody civil war With an introduction by Andrew Shankman this long-awaited work by one of the most important scholars of the Revolutionary era offers a coherent interpretation of the complex period that saw the breakdown of colonial British North America and the founding of the United States

**History of American Politics (non-partisan)**  
Walter Raleigh Houghton, 1882

**William Franklin** Sheila L. Skemp, 1990 A biography of Benjamin Franklin's son William who remained a loyalist

**Empire and Nation** Eliga H. Gould, Peter S Onuf, 2015-08-31 A look at America's revolution in the context of the larger British empire Many interesting essays a valuable scholarly contribution Journal of Colonialism and Colonial History How did events and ideas from elsewhere in the British empire influence development in the thirteen American colonies And what was the effect of the American Revolution on the wider Atlantic world In Empire and Nation leading historians reconsider the American Revolution as a transnational event with many sources and momentous implications for Ireland Africa the West Indies Canada and Britain itself The opening section of the book situates the origins of the American Revolution in the commercial ethnic and political ferment that characterized Britain's Atlantic empire at the close of the Seven Years War The empire experienced extraordinary changes ranging from the first stirrings of nationalism in

Ireland to the dramatic expansion of British rule in Canada Africa and India The second part focuses on the rebellion of the thirteen colonies touching on slavery and ethnicity the changing nature of religious faith and ideas about civil society and political organization Finally contributors examine the changes wrought by the American Revolution both within Britain s remaining imperial possessions and among the other states in the emerging concert of Europe These essays challenge assumptions about the exceptional character of the republic s founding moment even as they invite readers to think anew about the complex ways in which the Revolution reshaped both American society and the Atlantic world *The Beginnings of National Politics* Jack N. Rakove, 2019-12-01 Originally published in 1982 Despite a necessary preoccupation with the Revolutionary struggle America s Continental Congress succeeded in establishing itself as a governing body with national and international authority How the Congress acquired and maintained this power and how the delegates sought to resolve the complex theoretical problems that arose in forming a federal government are the issues confronted in Jack N Rakove s searching reappraisal of Revolution era politics Avoiding the tendency to interpret the decisions of the Congress in terms of competing factions or conflicting ideologies Rakove opts for a more pragmatic view He reconstructs the political climate of the Revolutionary period mapping out both the immediate problems confronting the Congress and the available alternatives as perceived by the delegates He recreates a landscape littered with unfamiliar issues intractable problems unattractive choices and partial solutions all of which influenced congressional decisions on matters as prosaic as military logistics or as abstract as the definition of federalism *Papers of Robert Morris, 1781-1784, Volume 4* Robert Morris, 1978-06-30 Although Robert Morris 1734 1806 the Financier of the American Revolution was a signer of the Declaration of Independence the Articles of Confederation and the Constitution a powerful committee chairman in the Continental Congress an important figure in Pennsylvania politics and perhaps the most prominent businessman of his day he is today least known of the great national leaders of the Revolutionary era This oversight is being rectified by this definitive publication project that transcribes and carefully annotates the Office of Finance diary correspondence and other official papers written by Morris during his administration as superintendent of finance from 1781 to 1784 *Citizens in Arms* Lawrence Delbert Cress, 2017-10-10 This first study to discuss the important ideological role of the military in the early political life of the nation examines the relationship between revolutionary doctrine and the practical considerations of military planning before and after the American Revolution Americans wanted an effective army but they realized that by its very nature the military could destroy freedom as well as preserve it The security of the new nation was not in dispute but the nature of republicanism itself Originally published 1982 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Recreating the American Republic** Charles A. Kromkowski, 2002-09-16 Rules of

apportionment are elements of social and political order In social gatherings families and governments they assume a variety of written and unwritten forms and in every order they determine not only how collective decisions are made but also how and why a particular constitutional order develops over time Recreating the American Republic provides a far reaching analysis of when how and why these rules change and with what consequences Recreating the American Republic reveals the import of these rules of apportionment by engaging the three most widely recognized and studied eras and events of American political history the Colonial era and the American Revolution the early national years and the 1787 Constitutional Convention and the nineteenth century and the American Civil War Recreating the American Republic systematically compares each seemingly familiar era and event revealing new insights and a new metanarrative of American political development between 1700 and 1870 The Union at Risk Richard E. Ellis, 1989-12-28 The Nullification Crisis of 1832 33 is undeniably the most important major event of Andrew Jackson s two presidential terms Attempting to declare null and void the high tariffs enacted by Congress in the late 1820s the state of South Carolina declared that it had the right to ignore those national laws that did not suit it Responding swiftly and decisively Jackson issued a Proclamation reaffirming the primacy of the national government and backed this up with a Force Act allowing him to enforce the law with troops Although the conflict was eventually allayed by a compromise fashioned by Henry Clay the Nullification Crisis raises paramount issues in American political history The Union at Risk studies the doctrine of states rights and illustrates how it directly affected national policy at a crucial point in 19th century politics Ellis also relates the Nullification Crisis to other major areas of Jackson s administration his conflict with the National Bank his Indian policy and his relationship with the Supreme Court providing keen insight into the most serious sectional conflict before the Civil War
