## **Pasionate Intellect The Poetry Of Charles Tomlinson:**

*Passionate Intellect* Michael Kirkham, 1999-04-01 This critical study looks at the first four decades of Charles Tomlinson's poetic career and is the only published full scale exclusive treatment of his poetry Tomlinson is a major British poet whose work has received more recognition in North America and continental Europe than it has in his own country where still in some quarters its character is misunderstood and therefore misjudged The purpose of Kirkham's study is to increase understanding and appreciation of the exceptional achievement of Tomlinson's poetry emphasising both the startling originality of his vision a unified vision of a natural human world and the subtlety of his poetic art The study is a reading of the poems which aims to show what they yield to close scrutiny and to remove misconceptions Known for its analytical rendering of sense impressions and its avoidance of the personal pronoun the objectivism of Tomlinson's poetry is not an exercise in asceticism but a means of enlarging the circumference of the perceiving self an expansion of self which is not at the same time an inflation of the self regarding ego Its theme is not objects as such but relations the relation of the perceiving self to the other of the human to the non human world Its reputation for cool detachment is based on a misreading it is a poetry of energy and excitement which combines self restraint with passionate conviction **The Poetry of Charles**

**Tomlinson** Judith P. Saunders, 2003 Throughout Charles Tomlinson's fifty year career borders have served him as setting topic theme leitmotif metaphor and formal principle Encompassing discussion of more than two hundred individual poems this study offers a coherent framework for understanding the body of work created by a major late twentieth century poet The borders he explores are spatial temporal perceptual and ideological thus they comprehend a wide range of concerns from the ecological to the sociopolitical the philosophical the ethical and the aesthetic The poems focus on places literal and figurative where disparate realms converge e g sites of political and cultural displacement of theological or economic confrontation Defining what lies on either side of a given boundary Tomlinson's work invites a back and forth process of comparison and contrast hence it fosters a dynamic and multifaceted awareness A commitment to principles of juxtaposition and counterpoint influences the prosodical workings of the poetry as well manifesting itself in structural patterns in figurative usage in deployment of rhyme in line in syntax and in diction Charles Tomlinson Timothy Clark, 1999 Ever since his early collections of the late 1950s and early 1960s repudiated the parochialism of some of the Movement poets Charles Tomlinson has formed a unique voice in contemporary British Poetry Cosmopolitan intellectual and polyglot he has achieved an original blend of the high modernist tradition English Romantic aesthetics and contemporary phenomenology His work forms in his own words a phenomenology of perception one adapted to what could be termed an environmentalist ethic and aesthetic a defence of the irreducible idioms of place This book the first on this major English writer from a British publisher forms a comprehensive defence of Tomlinson's project including his work as a graphic artist as a translator and as a participator in experiments in multiple authorship and multi lingual poetry The Cambridge Companion to British Poetry,

1945-2010 Edward Larrissy, 2016 This Companion brings together sixteen essays that explore the full diversity of British poetry since the Second World War Focusing on famous and neglected names alike from Dylan Thomas to John Agard leading scholars provide readers with insight into the ongoing importance and profundity of post war poetry    Teaching Environmental Writing Isabel Galleymore, 2020-05-14 Environmental writing is an increasingly popular literary genre and a multifaceted genre at that Recently dominated by works of new nature writing environmental writing includes works of poetry and fiction about the world around us In the last two decades universities have begun to offer environmental writing modules and courses with the intention of teaching students skills in the field of writing inspired by the natural world This book asks how students are being guided into writing about environments Informed by independently conducted interviews with educators and a review of existing pedagogical guides it explores recurring instructions given to students for writing about the environment and compares these pedagogical approaches to the current theory and practice of ecocriticism by scholars such as Ursula Heise and Timothy Morton Proposing a set of original pedagogical exercises influenced by ecocriticism the book draws on a number of self reflexive environmentally conscious poets including Juliana Spahr Jorie Graham and Les Murray as creative and stimulating models for teachers and students    *Monstrous Adversary* Alan H. Nelson, 2003-08-01 The Elizabethan Court poet Edward de Vere has since 1920 lived a notorious second wholly illegitimate life as the putative author of the poems and plays of William Shakespeare The work reconstructs Oxford s life assesses his poetic works and demonstrates the absurdity of attributing Shakespeare s works to him The first documentary biography of Oxford for over seventy years *Monstrous Adversary* seeks to measure the real Oxford against the myth Impeccably researched and presenting many documents written by Oxford himself Nelson s book provides a unique insight into Elizabethan society and manners through the eyes of a man whose life was privately scandalous and richly documented

**Translating Life** Shirley Chew, Alistair Stead, 1999-05-01 This volume brings together eighteen substantial essays by distinguished scholars critics and translators and two interviews with eminent figures of British theatre to explore the idea and practice of translation The individual but conceptually related contributions examine topics from the Renaissance to the present in the context of apt exploration of the translation process invoking both restricted and extended senses of translation The endeavour is to study in detail the theory workings and implications of what might be called the art of creative transposition effective at the level of interlingual transcoding dynamic rewriting theatrical and cinematic adaptation intersemiotic or intermedial translation and cultural exchange Many of the essays focus on aspects of intertextuality the dialogue with text past and present as they bear on the issue of translation attending to the historical political or cultural dimensions of the practice whether it illuminates a gendered reading of a text or a staging of cultural difference The historic and generic range of the discussions is wide encompassing the Elizabethan epyllion Sensibility fiction Victorian poetry and prose modern and postmodern novels but the book is dominated by dramatic or performance related applications with major

representation of fresh investigations into Shakespeare from *A Midsummer Night's Dream* to *The Tempest* and foregrounding of acts of self translation on stage in the dramatic monologue and in fiction Contributions from theatre practitioners such as Sir Peter Hall John Barton and Peter Lichtenfels underscore the immense practical importance of the translator on the stage and the business of both acting and directing as a species of translation

**The Thing about Roy Fisher** John Kerrigan, Professor of English 2000 John Kerrigan, Sol, Peter Robinson, 2000-01-01 The Thing about Roy Fisher is the first critical book to be dedicated to the work of this outstanding poet who has won many admirers for his explorations of the modern city his experiments with perception and sensory experience his jazz inspired prose and his political and cultural comedies The collection brings together a distinguished group of contributors poets and critics from several generations active on both sides of the Atlantic In a dozen newly commissioned essays they discuss the entire range of Roy Fisher's work from its fraught beginnings in the 1950s through such major texts of the 1960s and 1970s as *City The Ship's Orchestra* and *Wonders of Obligation* to *A Furnace* his 1980s masterpiece and beyond The essays are closely engaged with the fabric of Fisher's verse but they also bring into view a fascinating array of connections between contemporary poetry and philosophy psychology the visual arts and jazz The Thing about Roy Fisher ends with a full and up to date bibliography an essential starting point for further study of this versatile and complex writer whose centrality and importance within modern English and European poetry is now more than ever apparent Kerrigan and Robinson's collection provides a helpful introduction to Roy Fisher's work and will be necessary reading for anyone with a live interest in modern poetry If you haven't been introduced before meet Roy Fisher a major figure of twentieth century literature inventive exciting and unpredictable

James Thomson Richard Terry, 2000-01-01 James Thomson Essays for the Tercentenary is the first collection of essays devoted exclusively to the works of the eighteenth century Scottish poet James Thomson The volume is divided into two sections the first addressing Thomson's writings themselves and the second the reception of his works after his death and their influence on later writers The first section contains essays analyzing the politics and aesthetics of Thomson's major poems and also a reevaluation of Thomson as a heroic dramatist The second section capitalizes on the certainty felt by many in Thomson's own century that the poet especially through his most successful poem *The Seasons* had won for himself an indelible fame This volume provides a definitive reappraisal of his achievement for our own times

Revisionary Gleam Daniel Sanjiv Roberts, 2000-01-01 This study includes much new information on Thomas De Quincey and his critical engagement with Coleridge Wordsworth Burke Kant and others The author subtly and convincingly brings overlooked dimensions of De Quincey's politics to the fore and examines essays often ignored The impressive reading of the Liverpool circle and the 1803 Diary should lead to reassessments of this period in De Quincey's development
