

# A Passage to Africa

**George Alagiah writes about his experiences as a television reporter during the war in Somalia, Africa in the 1990s. He won a special award for his report on the incidents described in this passage.**

I saw a thousand hungry, lean, scared and betrayed faces as I criss-crossed Somalia between the end of 1991 and December 1992, but there is one I will never forget.

I was in a little hamlet just outside Gufgaduud, a village in the back of beyond, a place the aid agencies had yet to reach. In my notebook I had jotted down instructions on how to get there. 'Take the Badale Road for a few kilometers till the end of the tarmac, turn right on to a dirt track, stay on it for about forty-five minutes — Gufgaduud. Go another fifteen minutes approx. — like a ghost village.'

In the ghoulissh manner of journalists on the hunt for the most striking pictures, my cameraman ... and I tramped from one hut to another. What might have appalled us when we'd started our trip just a few days before no longer impressed us much. The search for the shocking is like the craving for a drug: you require heavier and more frequent doses the longer you're at it. Pictures that stun the editors one day are written off as the same old stuff the next. This sounds callous, but it is just a fact of life. It's how we collect and compile the images that so move people in the comfort of their sitting rooms back home.

There was Amina Abdirahman, who had gone out that morning in search of wild, edible roots, leaving her two young girls lying on the dirt floor of their hut. They had been sick for days, and were reaching the final, enervating stages of terminal hunger. Habiba was ten years old and her sister, Ayaan, was nine. By the time Amina returned, she had only one daughter. Habiba had died. No rage, no whimpering, just a passing away — that simple, frictionless, motionless deliverance from a state of half-life to death itself. It was, as I said at the time in my dispatch, a vision of 'famine away from the headlines, a famine of quiet suffering and lonely death'.

There was the old woman who lay in her hut, abandoned by relations who were too weak to carry her on their journey to find food. It was the smell that drew me to her doorway: the smell of decaying flesh. Where her shinbone should have been there was a festering wound the size of my hand. She'd been shot in the leg as the retreating army of the deposed dictator ... took revenge on whoever it found in its way. The shattered leg had fused into the gentle V-shape of a boomerang. It was rotting; she was rotting. You could see it in her sick, yellow eyes and smell it in the putrid air she recycled with every struggling breath she took.

And then there was the face I will never forget.

*A Passage To Africa* George Alagiah, 2008-09-04 One of Britain's most respected television journalists with a reputation built up over many years of covering world events Guardian Tributes will rightly be paid to a fantastic journalist and brilliant broadcaster but George was the most decent principled kindest most honourable man I have ever worked with Jon Sopel As a five year old George Alagiah emigrated with his family to Ghana the first African country to attain independence from the British Empire *A Passage to Africa* is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope insight and outrage In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life A sense of possibility lingers even though the book is full of uncomfortable truths It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter The shock of recognition is always there but it is the personal element that gives *A PASSAGE TO AFRICA* its originality Africa becomes not only a group of nations or a vast continent but an epic of individual pride and suffering

**Passage to Africa** George Alagiah, 2002-08-15      [Back to Africa](#) Nick Aaron, 2023-06-15 While visiting her son Jonathan in prison Daisy heard a strange story He'd befriended an old man who was serving a life sentence for a crime he hadn't committed Of course every inmate says that but Johnny John believed this man's protestations of innocence and begged his mother to look into it The facts of the case had taken place in Zambia long ago when it was a British colony so Daisy started her investigation among ex colonials who'd returned to England However it soon became clear that the people holding the key to the mystery were still living in Africa so Daisy took a flight to Lusaka to seek out these witnesses The truth turned out to be as strange as life in the African bush can be It slowly emerged from a missionary daughter's rambling memoir about the long lost world she grew up in Daisy had to follow a winding trail but in the end she was mysteriously led to unexpected revelations      *Accounts and Papers* Great Britain. Parliament. House of Lords, 1849      *John Muir's Last Journey* John Muir, 2013-04-10 I am now writing up some notes but when they will be ready for publication I do not know It will be a long time before anything is arranged in book form These words of John Muir written in June 1912 to a friend proved prophetic The journals and notes to which the great naturalist and environmental figure was referring have languished unpublished and virtually untouched for nearly a century Until now Here edited and published for the first time John Muir's travel journals from 1911-12 along with his associated correspondence finally allow us to read in his own words the remarkable story of John Muir's last great journey Leaving from Brooklyn New York in August 1911 John Muir at the age of seventy three and traveling alone embarked on an eight month 40 000 mile voyage to South America and Africa The 1911-12 journals and correspondence reproduced in this volume allow us to travel with him up the great Amazon into the jungles of southern Brazil to snowline in the Andes through southern and central Africa to the headwaters of the Nile and across six oceans and

seas in order to reach the rare forests he had so long wished to study Although this epic journey has received almost no attention from the many commentators on Muir s work Muir himself considered it among the most important of his life and the fulfillment of a decades long dream John Muir s Last Journey provides a rare glimpse of a Muir whose interests as a naturalist traveler and conservationist extended well beyond the mountains of California It also helps us to see John Muir as a different kind of hero one whose endurance and intellectual curiosity carried him into far fields of adventure even as he aged and as a private person and family man with genuine affections ambitions and fears not just an iconic representative of American wilderness With an introduction that sets Muir s trip in the context of his life and work along with chapter introductions and a wealth of explanatory notes the book adds important dimensions to our appreciation of one of America s greatest environmentalists John Muir s Last Journey is a must reading for students and scholars of environmental history American literature natural history and related fields as well as for naturalists and armchair travelers everywhere

protracted war with Napoleon Taking as its starting point a cache of fifty letters from the three women the book counters the prevailing narrative that early missionary endeavour was a uniquely European and male affair and reveals the presence of a surprising number of women among them several with very forceful personalities Those who are interested in women s life history black history the history of the slave trade and British evangelism will find this book immensely enjoyable The History of the Universities' Mission to Central Africa, 1859-1898 A.
