Times of John England, First Bishop of Charleston (1786-1842) Peter Guilday,1927 **England's Sea Empire, 1550-1642**
David B. Quinn,A N Ryan,2023-08-11 First published in 1983 England s Sea Empire was originally part of the Early Modern
Europe Today book series It explores the relationships between the increase of English merchant shipping the growth of
naval power and the early experiments in overseas trade and colonisation No other book combines these topics for the period
from the middle of the 16th to the middle of the 17th century In dealing with economic strategic and technical problems the
authors write in language which is intelligible to non specialist readers They illustrate the arguments with generous
quotations from contemporary sources and with maps of the regions under discussion This book will be of value on
undergraduate courses in early British or colonial or maritime history The Architecture of Norman England Eric
Ferne,2002 This important addition to the literature is the first overall study of the architecture of Norman England since Sir
Alfred Clapham s English Romanesque Architecture after the Conquest 1934 Eric Fernie a recognized authority on the
subject begins with an overview of the architecture of the period paying special attention to the importance of the
architectural evidence for an understanding of the Norman Conquest The second part the core of the book is an examination
of the buildings defined by their function as castles halls and chamber blocks cathedrals abbeys and collegiate churches
monastic buildings parish churches and palace chapels The third part is a reference guide to the elements which make up the
buildings such as apses passages vaults galleries and decorative features and the fourth offers an account of the processes by
which they were planned and constructed This book contains powerful new ideas that will affect the way in which we look at
and analyze these buildings The Midwife in England Carolyn Conant Van Blarcom,1913 **A Practical Handbook of**
